## **Ethics After Christendom Toward An Ecclesial Christian Ethic:**

*Ethics after Christendom* Vigen Guroian, 2004-08-24 *Ethics after Christendom* proposes that the special moral challenge facing churches in post Christian societies is to center Christian ethics ecclesially while also keeping it both evangelical and catholic. Siding with the diagnosis that North American Christendom has drawn to an end, Vigen Guroian provides an analysis of the present cultural context in which Christian ethics must now be done. It discusses the role of churches after Christendom and shows through the application of ecclesial ethics to family medicine and ecology how liturgy enriches and deepens the Christian ethical vision. The Unformed Conscience of Evangelicalism J. Daryl Charles, 2002-01-01 J. Daryl Charles urges

the evangelical church to better equip in character and moral vision its pastors, leaders and members to constructively and effectively engage the ethical debates of the twenty first century. T&T Clark Handbook of Christian Ethics Tobias Winright, 2020-12-10 The T & T Clark Handbook of Christian Ethics provides an ecumenical introduction to Christian ethics, its sources, methods and applications. With contributions by theological ethicists known for their excellence in scholarship and teaching, the essays in this volume offer fresh perspective on and an agenda for the discipline of Christian ethics in the 21st century. The essays are organized in three sections following an introduction that presents the four font approach and elucidates why it is critically employed. Through these subsequent sections, the first section explores the sources of Christian ethics, including each of the four fonts: scripture, tradition, experience and reason. The second section examines fundamental or basic elements of Christian ethics and covers different methods, approaches and voices in doing Christian ethics, such as natural law, virtue ethics, conscience, responsibility, narrative, worship and engagement with other religions. The third section addresses current moral issues in politics, medicine, economics, ecology, criminal justice and other related spheres from the perspective of Christian ethics, including war, genetics, neuroethics, end of life decisions, marriage, family, work, sexuality, nonhuman animals, migration, aging, policing, incarceration, capital punishment and more. **Post-Christendom Studies:**

**Volume 3** Steven M. Studebaker, Lee Beach, Gordon L. Heath, 2019-08-29 *Post Christendom Studies* publishes research on the nature of Christian identity and mission in the contexts of post Christendom. Post Christendom refers to places both now and in the past where Christianity was once a significant cultural presence, though not necessarily the dominant religion. Sometimes Christendom refers to the official link between church and state. The term post Christendom is often associated with the rise of secularization, religious pluralism and multiculturalism in western countries over the past sixty years. Our use of the term is broader than that; however, Egypt for example can be considered a post Christendom context. It was once a leading center of Christianity. Christendom moreover does not necessarily mean official public and dominant religion. For example, under Saddam Hussein, Christianity was probably a minority religion, but for the most part, Christians were left alone. After America deposed Saddam, Christians began to flee because they became a persecuted minority. In that sense, post Saddam Iraq is an experience of post Christendom; it is a shift from a cultural context in which Christians have more or less

freedom to exercise their faith to one where they are persecuted and or marginalized for doing so Missional Church Daniel L. Guder, 1998-02-09 What would a theology of the Church look like that took seriously the fact that North America is now itself a mission field This question lies at the foundation of this volume written by an ecumenical team of six noted missiologists Lois Barrett Inagrace T Dietterich Darrell L Guder George R Hunsberger Alan J Roxburgh and Craig Van Gelder The result of a three year research project undertaken by The Gospel and Our Culture Network this book issues a firm challenge for the church to recover its missional call right here in North America while also offering the tools to help it do so The authors examine North America s secular culture and the church s loss of dominance in today s society They then present a biblically based theology that takes seriously the church s missional vocation and draw out the consequences of this theology for the structure and institutions of the church A Chorus of Faith Carrie Frederick Frost, 2025-03-10 In honor of his career his teaching and his scholarship and his wide influence among both scholars and nonacademic audiences comes this Festschrift for Orthodox Christian theologian and ethicist Vigen Guroian Guroian s depth and breadth are unique he has made singular contributions to the fields of ethics and theology as well as composed popular works on gardening He has compared Christian West and East in an irenic and illuminating fashion He has engaged with political theology as well as with the greats of children s literature To aptly honor Guroian this Festschrift includes both personal remembrances and topical reflections within the various fields he has influenced **God, Sex, and Gender** Adrian Thatcher, 2011-03-29 Engagingly and clearly written by a highly respected theologian God Sex and Gender is the first comprehensive introduction to a theology of both sexuality and gender available in a single volume Makes a theological contribution to understanding the unprecedented changes in sexual and gender relationships of the last fifty years Discusses many topics including sexual difference sexual equality gender and power the nature of desire the future of marriage in Christian sexual ethics homosexuality and same sex unions the problems of sexual minorities contraception in a time of HIV AIDS the separation of sexual experience from marriage and offers new arguments for marriage and for chastity Offers a consistent and engaging introduction at the cutting edge of theological inquiry which is contemporary undogmatic questioning and relevant to readers experience interests and needs Written lucidly and engagingly by an established and respected academic who has published widely in this area Marriage After Modernity Adrian Thatcher, 1999-01-01 This book offers nothing less than a new vision for Christian marriage at a time of unprecedented social and theological change It breaks new ground in drawing on earlier traditions of betrothal and informal marriage in welcoming some forms of pre marital cohabitation and provides a new defence of the link between marriage and procreation by sketching a theology of liberation for children Christian principles for the use of contraception by married and not yet married couples are restated and a comprehensive theology of marriage is worked out based on re worked biblical models Marriage as a Christian sacrament mutually administered in a lifelong partnership of equals is affirmed A chapter on divorce brings new light to bear on legitimate theological grounds for the

parting of the ways The question of whether marriage is a heterosexual institution is addressed and particular attention is paid throughout the book to overcoming the distorting effect of the overwhelming androcentric bias of much Christian thought on marriage to the experience of wives and to all those women and men for whom marriage is not their vocation

Water Is Thicker Than Blood Jana Marguerite Bennett, 2008-03-04 This book considers how homes households and domestic life are related to the Church Early theologies glorified the monastic lifestyle as a way to transcend earthly attachments in favor of supernatural goods Contemporary thinkers have seen that functioning marriages and families themselves can lead us toward a more righteous society Jana Bennett insists that both marriage and singleness must be placed in the context of the Christian story of redemption for the questions and problems at stake to be fully understood She finds that Augustine of Hippo maligned by modern theologians is the source of very fruitful reflection on these topics Most scholars today would agree that Augustine s works have exerted great influence on Western views of marriage family and sex But many would argue that this influence has been detrimental to a healthy understanding of these topics However using Augustine s writing Bennett shows that marriage and singleness cannot be considered separately that gender issues are important to considering these states correctly and most important that the marriage between Christ and the Church is the first consideration in understanding and living these states of life The water of baptism Christians first birth and initiation into the life of Christ is the primary standard for relationships rather than familial ties **The Death Penalty** James J.

Matsoukas, 2009-04-07 Orthodox Christianity at the Crossroad A Great Council of the Church When and Why The purpose of publishing the papers presented at the Twentieth Annual Meeting of Orthodox Christian Laity is to improve lay and clergy literacy on the conference topic of The Need for a Great and Holy Council The papers are presented with the hope that the information will motivate the faithful to participate in the conciliar decision making process that moves the Church forward on the issue of developing the council or another appropriate meeting The forces factors and history that inhibit calling a council are presented in these papers The hope of

what can be accomplished when brothers work in synergy with each other and the Holy Spirit is also evident The renewal of Orthodox Christianity and the renewal of its witness in the contemporary world of global religious pluralism depend on such a meeting The calling of a council free of worldly political power turf ego and ethnic considerations will renew the Living Tradition of Orthodoxy which is its Apostolic calling The world is looking for this Living Tradition which cannot be well expressed by a fragmented Orthodox Church A council is a step toward renewing the Church and making it whole in order to teach this Living Tradition It is interesting to note as this collection of papers points out that the children of Orthodox Christians living in America have come together as Americans in order to remain Orthodox through campus ministry programs that they are developing The young adults are leading the way to Orthodox unity Is it not time for the Church elders the hierarchs the clergy and the faithful to look at the example of unity that the youth are providing and move ahead to do what is necessary to renew the Church through this conciliar council

**Oliver O'Donovan's Moral Theology** Samuel Tranter, 2020-10-01 This book offers the first sustained full length treatment of the wide ranging work of major Anglican theologian Oliver O'Donovan Analyzing such key texts as *Resurrection and Moral Order* *The Desire of the Nations* and *Ethics as Theology* Samuel Tranter shows that the relationship between eschatology and ethics is an area of significant tension in O'Donovan's evolving vision of moral theology Tranter traces this tension as it relates to O'Donovan's writing and contemporary discussion around natural law divine command and human flourishing as well as to particular topics such as poverty marriage and singleness and biotechnology He also connects it with the broader doctrinal features of O'Donovan's project such as his accounts of creation sin and redemption and his understanding of the relationships between the cross and the resurrection on one hand and Christology and pneumatology on the other Throughout Tranter indicates the implications of these themes for our understanding of the Christian life This volume establishes and evaluates O'Donovan's influence on contemporary Christian ethicists and political theologians such as Luke Bretherton Gilbert Meilaender Jean

Porter and Brent Waters and engages with critical readings of O Donovan such as those by Stanley Hauerwas and Gerald McKenny In conversation with these and other voices from a range of perspectives Tranter shows how O Donovan s proposals may be appropriated and amended as a resource for theology and ethics going forward
