volunteer units generically termed Osttruppen East Troops These units are also fully covered in the book as far as information is available However in the later German political system in the major part of the Ukraine the oppressive policies of Reichskommissar Erich Koch eventually led to much anti German feeling and the setting up of local partisan forces most prominently in the form of the UPA It is this destructive policy by some but certainly not all German officials which the author argues was a major factor in the eventual German defeat The book concludes with the immediate post war agonies of the Ukrainian nationalist movement in the face of the horrific Stalinist dictatorship A full set of appendices are included covering all known Ukrainian units in the German ground forces rank and appointment terms in the SS Police German Government etc and the usual Shelf Books treatment of foreign placenames All in all this book constitutes a complete history of the Ukrainian involvement in World War II a Story of tragedy Disappointment and on the German side What would appear to be gross stupidity     *Forthcoming Books* Rose Army, 1988-09     *Bibliographie internationale de science politique* , 1988
