Ethnicity Nationalism And Conflict In And After The Soviet Union:

Ethnicity, Nationalism and Conflict in and After the Soviet Union Valery Tishkov, 1997 Valery Tishkov is a well known Russian historian and anthropologist and former Minister of Nationalities in Yeltsin's government This book draws on his inside knowledge of major events and extensive primary research Tishkov argues that ethnicity has a multifaceted role it is the most accessible basis for political mobilization a means of controlling power and resources in a transforming society and therapy for the great trauma suffered by individuals and groups under previous regimes This complexity helps explain the contradictory nature and outcomes of public ethnic policies based on a doctrine of ethno nationalism *Ethnicity, Nationalism and Conflict in and after the Soviet Union* Valery Tishkov, 1996-11-28 Valery Tishkov is a well known Russian historian and anthropologist and former Minister of Nationalities in Yeltsin's government This book draws on his inside knowledge of major events and extensive primary research Tishkov argues that ethnicity has a multifaceted role it is the most accessible basis for political mobilization a means of controlling power and resources in a transforming society and therapy for the great trauma suffered by individuals and groups under previous regimes This complexity helps explain the contradictory nature and outcomes of public ethnic policies based on a doctrine of ethno nationalism **Nation Building And Ethnic Integration In Post-soviet Societies** Jorn Holm-hansen, 2019-04-16 Of all the states of the former Soviet Union it is in Latvia and in Kazakhstan that the titular nation represents the lowest share of the total population as of 1997 approximately 57 per cent in Latvia and 50 per cent in Kazakhstan In such a situation it is difficult to see how the titular Latvian Kazak culture can serve as a consolidating element *Regimes of Ethnicity and Nationhood in Germany, Russia, and Turkey* Şener Aktürk, 2012-11-19 This is a book about what it meant to be German Soviet Russian and Turkish in the twentieth century and how that definition changed at the turn of the twenty first century It tells the story of how ethnic groups discriminated against by the state in Germany the Soviet Union present day Russia and Turkey channeled their demands for reform into politics and how and why they finally succeeded in changing state policies on ethnic diversity at the turn of the twenty first century **Ethnic Bargaining** Erin K. Jenne, 2014-05-30 Ethnic Bargaining introduces a theory of minority politics that blends comparative analysis and field research in the postcommunist countries of East Central Europe with insights from rational choice Erin K Jenne finds that claims by ethnic minorities have become more frequent since 1945 even though nation states have been on the whole more responsive to groups than in earlier periods Minorities that perceive an increase in their bargaining power will tend to radicalize their demands she argues from affirmative action to regional autonomy to secession in an effort to attract ever greater concessions from the central government The language of self determination and minority rights originally adopted by the Great Powers to redraw boundaries after World War I was later used to facilitate the process of decolonization Jenne believes that in the 1960s various ethnic minorities began to use the same discourse to pressure national governments into transfer payments and power sharing arrangements Violence against

minorities was actually in some cases fueled by this politicization of ethnic difference Jenne uses a rationalist theory of bargaining to examine the dynamics of ethnic cleavage in the cases of the Sudeten Germans in interwar Czechoslovakia Slovaks and Moravians in postcommunist Czechoslovakia the Hungarians in Romania Slovakia and Vojvodina and the Albanians in Kosovo Throughout she challenges the conventional wisdom that partisan intervention is an effective mechanism for protecting minorities and preventing or resolving internal conflict
