

A close-up photograph of several hands, likely belonging to children, covered in a variety of bright, colorful powders. The colors include yellow, orange, red, green, blue, and purple. The hands are positioned in a way that suggests they are playing or creating something together. The background is a soft, out-of-focus green.

Ethnicity And Language

Joshua A. Fishman

Ethnicity And Language:

Language and Ethnicity Carmen Fought, 2006-08-31 What is ethnicity Is there a white way of speaking Why do people sometimes borrow features of another ethnic group s language Why do we sometimes hear an accent that isn t there This lively overview first published in 2006 reveals the fascinating relationship between language and ethnic identity exploring the crucial role it plays in both revealing a speaker s ethnicity and helping to construct it Drawing on research from a range of ethnic groups around the world it shows how language contributes to the social and psychological processes involved in the formation of ethnic identity exploring both the linguistic features of ethnic language varieties and also the ways in which language is used by different ethnic groups Complete with discussion questions and a glossary *Language and Ethnicity* will be welcomed by students and researchers in sociolinguistics as well as anybody interested in ethnic issues language and education inter ethnic communication and the relationship between language and identity

Language, Ethnicity and Intergroup Relations Howard Giles, 1977 **Handbook of Language and Ethnic Identity** Joshua A. Fishman, 1999-04 Since the ethnic revival of the last twenty years there has been a substantial and interdisciplinary change in our understanding of the link between these fundamental aspects of our identity

Language and Minority Rights Stephen May, 2001 This series highlights the importance of language to an understanding of issues of social and professional concern It helps readers understand how the ways we communicate influence and are influenced by contemporary social institutions

Raciolinguistics H. Samy Alim, John R. Rickford, Arnetha F. Ball, 2016-09-30 Raciolinguistics reveals the central role that language plays in shaping our ideas about race This team of leading scholars working both within and beyond the United States shares powerful much needed research to help us understand the increasingly vexed relationships between race ethnicity and language in our rapidly changing world

The Language, Ethnicity and Race Reader Roxy Harris, Ben Rampton, 2003 This Reader collects in one volume the key readings on language ethnicity and race Using linguistic and cultural analysis it explores changing ideas of race and the ways in which these ideas shape human communication

Language in Ethnicity Harald Haarmann, 1986 CONTRIBUTIONS TO THE SOCIOLOGY OF LANGUAGE brings to students researchers and practitioners in all of the social and language related sciences carefully selected book length publications dealing with sociolinguistic theory methods findings and applications It approaches the study of language in society in its broadest sense as a truly international and interdisciplinary field in which various approaches theoretical and empirical supplement and complement each other The series invites the attention of linguists language teachers of all interests sociologists political scientists anthropologists historians etc to the development of the sociology of language

Language, Ethnic Identity and the State William Safran, J.A. Laponce, 2014-02-04 This new study powerfully asserts the pivotal importance of the interplay between language and ethnicity which is often underestimated as a component for political stability These leading scholars present five key case studies of South Africa Algeria Canada Latvia and Senegal All

five countries are multilingual nations where language has been a central political issue that has challenged their unity and stability. These studies are underpinned by two general comparative and theoretical discussions which analyse how scholars consider social class and economic factors to be the primary sources for political cohesion or of malcontent with the system and the new avenues opened by a focus on issues of language. This book will be of great interest to all students and scholars of linguistics, language politics and sociology. This is a special issue of the leading journal *Nationalism and Ethnic Politics*.

Handbook of Language and Ethnic Identity Emeritus at Yeshiva University Joshua A. Fishman Distinguished University Research Professor of Social Sciences, 1999-03-08 This volume presents a comprehensive introduction to the connection between language and ethnicity. Since the ethnic revival of the last twenty years there has been a substantial and interdisciplinary change in our understanding of the connection between these fundamental aspects of our identity. The distinguished sociolinguist Joshua Fishman has commissioned over 25 previously unpublished papers on every facet of the subject. The volume is divided into two sections: the first examining disciplinary perspectives on the subject; the second uses the prism of geography looking at the subject in the context of Africa, Scandinavia, Germany and the rest of Western Europe, North America and elsewhere. The volume is truly interdisciplinary and the contributors are all distinguished figures in their fields. Each chapter is followed by thought-provoking questions and essential bibliography and Fishman pulls together the various views that have been expressed and shows how they differ and how they are alike. The volume is useful as a scholarly reference, a resource for the lay reader and can also be used as a text in ethnicity courses.

Race, Ethnicity and Dialects: Language Policy and Ethnic Minorities in the United States Luisanna Fodde Melis, 2002

Language and Ethnicity James R. Dow, 1991-01-01 An impressive collection of theoretical perspectives and empirical data which includes papers on Catalan, Galician, Tagalog and the minority languages of Kenya. Most of the contributions deal with ethnic minorities in North America, language maintenance and shift and cultural aspects of various language minorities as well as Judeo English and Yiddish spoken by children of Jewish immigrants.

Speaking of Diversity Philip Gleason, 2019-12-01 Originally published in 1992. In this collection of essays Philip Gleason explores the different linguistic tools that American scholars have used to write about ethnicity in the United States and analyzes how various vocabularies have played out in the political sphere. In doing this he reveals tensions between terms used by academic groups and those preferred by the people whom the academics discuss. Gleason unpacks words and phrases such as melting pot and plurality used to visualize the multitude of ethnicities in the United States. And he examines debates over concepts such as assimilation, national character, oppressed group and people of color. Gleason advocates for greater clarity of these concepts when discussed in America's national political arena. Gleason's essays are grouped into three parts. Part 1 focuses on linguistic analyses of specific terms. Part 2 examines the effect of World War II on national identity and American thought about diversity and intergroup relations. Part 3 discusses discourse on the diversity of religions. This collection of eleven essays sharpens our historical understanding of the evolution of language used

to define diversity in twentieth century America *Handbook of Language & Ethnic Identity* Joshua A. Fishman, Ofelia García, Oxford University Press, 2010 This volume presents a comprehensive introduction to the connection between language and ethnicity *Handbook of Language & Ethnic Identity* Joshua A. Fishman, 1999 *Kazakhstan - Ethnicity, Language and Power* Bhavna Dave, 2007-09-13 Kazakhstan is emerging as the most dynamic economic and political actor in Central Asia It is the second largest country of the former Soviet Union after the Russian Federation and has rich natural resources particularly oil which is being exploited through massive US investment Kazakhstan has an impressive record of economic growth under the leadership of President Nursultan Nazarbaev and has ambitions to project itself as a modern wealthy civic state with a developed market economy At the same time Kazakhstan is one of the most ethnically diverse countries in the region with very substantial non Kazakh and non Muslim minorities Its political regime has used elements of political clientelism and neo traditional practices to bolster its rule Drawing from extensive ethnographic research interviews and archival materials this book traces the development of national identity and statehood in Kazakhstan focusing in particular on the attempts to build a national state It argues that Russification and Sovietization were not simply top down processes that they provide considerable scope for local initiatives and that Soviet ethnically based affirmative action policies have had a lasting impact on ethnic lite formation and the rise of a distinct brand of national consciousness **Focus on Language and Ethnicity** James R. Dow, 1991-07-05 An impressive collection of theoretical perspectives and empirical data which includes papers on Catalan Galician Tagalog and the minority languages of Kenya Most of the contributions deal with ethnic minorities in North America language maintenance and shift and cultural aspects of various language minorities as well as Judeo English and Yiddish spoken by children of Jewish immigrants *Racialized Identities in Second Language Learning* Uju Anya, 2016-12-01 Winner of the 2019 AAAL First Book Award *Racialized Identities in Second Language Learning* Speaking Blackness in Brazil provides a critical overview and original sociolinguistic analysis of the African American experience in second language learning More broadly this book introduces the idea of second language learning as transformative socialization how learners instructors and their communities shape new communicative selves as they collaboratively construct and negotiate race ethnicity gender sexuality and social class identities Uju Anya s study follows African American college students learning Portuguese in Afro Brazilian communities and their journeys in learning to do and speak blackness in Brazil Video recorded interactions student journals interviews and writing assignments show how multiple intersecting identities are enacted and challenged in second language learning Thematic critical and conversation analyses describe ways black Americans learn to speak their material ideological and symbolic selves in Portuguese and how linguistic action reproduces or resists power and inequity The book addresses key questions on how learners can authentically and effectively participate in classrooms and target language communities to show that black students racialized identities and investments in these communities greatly influence their success in second language learning and how successful others

perceive them to be Language and Nationality Pietro Bortone,2021 Language both reflects and reproduces social inclusions and exclusions the language a person speaks and the way that they speak it signals membership of social groupings But what role does language play in the formation and perpetuation of our ideas about ethnicity and nationality Language and Nationality investigates this question and the pernicious consequences of the notion that ethnicity nationality and language are naturally and exclusively connected Beginning with an examination of how language helps to shape and influence a person s sense of individual and collective identity Pietro Bortone discusses the role that language has or is believed to have in the formation of ethnic and national communities Showing how language as both a channel for a nationalist outlook and a nationalist symbol in itself came to be seen as the key indicator of both ethnicity and nationality this book uncovers the far reaching consequences the mistaken belief that a nation has a single intrinsic language has had and how the politicization of language can unite but also dramatically divide communities Whilst language plays and has always played a major role in expressing and defining people s identities this book demonstrates that the idea that language ethnicity and nationality are intrinsically linked is a misleading result of our intellectual history and one which has had a significant cost

Language Across Difference Assistant Professor of Language and Literacy Django Paris,2014-05-14 A window into ethnic and linguistic difference among Latino a African American and Pacific Islander youth in contemporary US schools

Crossing Ben Rampton,2014-05-01 Volume 5 This is a new and enlarged edition of Ben Rampton s ground breaking study of sociolinguistic processes in urban youth culture It focuses on language crossing the use of Panjabi by adolescents of African Caribbean and Anglo descent the use of Creole by adolescents with Panjabi and Anglo backgrounds and the use of stylized Indian English Its central question is how far and in what ways do these intricate processes of language sharing and exchange help to overcome race stratification and contribute to a new sense of mixed youth class and neighbourhood community Ben Rampton produces detailed ethnographic and interactional analyses of spontaneous speech data and integrates the discussion of particular incidents with theories of discourse code switching social movements resistance and ritual drawn from sociolinguistics sociology anthropology and cultural studies Vivid descriptions of adolescent life in youth clubs and school playgrounds provide an important insight into the ways in which young people manage to live with difference and full consideration is given to crossing s critical implications for education policy
