Etienne Pasquier Et Ses Recherches De La France Cahiers VI Saulnier:

Politics and 'Politiques' in Sixteenth-Century France Emma Claussen, 2021-06-17 Explores conceptions of politics in early modern France and the controversies the word politique attracted during the Wars of Religion

Villainy in France (1463-1610) Jonathan Patterson, 2021-04-15 Obscene poetry servants slanders against their masters the diabolical acts of those who committed massacre and regicide This is a book about the harmful outward manifestation of inner malice villainy in French culture 1463 1610 In pre modern France villainous offences were countered if never fully contained by intersecting legal and literary responses Combining the methods of legal anthropology with literary and historical analysis this study examines villainy across juridical documents criminal records and literary texts Whilst few people obtained justice through the law many pursued out of court settlements of one kind or another Literary texts commemorated villainies both fictitious and historical literature sometimes instantiated the process of redress and enabled the transmission of conflicts from one context to another Villainy in France follows this overflowing current of pre modern French culture examining its impact within France and across the English Channel Scholars and cultural critics of the Anglophone world have long been fascinated by villainy and villains This book reveals the subject's significant Frenchness and establishes a transcultural approach to it in law and literature In this study villainy's particular significance emerges through its representation in authors remembered for their less than respectable even criminal activities Francois Villon Clement Marot Francois Rabelais Pierre de L'Estoile Christopher Marlowe Ben Jonson John Marston and George Chapman Villainy in France affords legal literary comparison of these authors alongside many of their lesser known contemporaries in so doing it reinterprets French conflicts within a wider European context from the mid fifteenth century to the early seventeenth century

Historical Communities Hilary J. Bernstein, 2021-01-25 Historical Communities reveals the importance of urban history writing in early modern France from the 1560s to the 1660s both for individual towns and the French kingdom Grounded in published and manuscript works archival sources correspondence and research notes the book demonstrates how historical traditions mattered to city inhabitants and how local elites combined historical narratives with social and political objectives Numerous conflicts emerged including debates regarding city origins the early French Church noble genealogies and the memory of the French Wars of Religion Simultaneously provincial scholars maintained active contacts within the Republic of Letters grounding local research and writing in developing erudite methodologies and making them integral to the ongoing process of forging a French historical identity

Livres anciens, lectures vivantes Michel Zink, 2010 Lire un texte vieillesse est ce que fait tout lecteur des lors qu'il lit autre chose que le journal du jour ou un roman de l'année Dans tous les cas la distance ainsi créée suffit à elle seule à en faire quelque chose de la littérature Cette distance est la première cause qui fait de la littérature une expérience du temps et un arrachement à soi-même Pour mieux se retrouver Plus le texte est ancien plus le lecteur s'étonne et se rejouit d'être touché par lui d'être en harmonie avec lui de se reconnaître en lui Il n'existe pas au monde de civilisation dont la littérature ne s'enracine dans des poèmes des légendes des récits des mythes supposés issus du passé le plus reculé Partout la littérature se fonde sur des classiques et un canon qui ne retient par définition que des textes déjà vieux Autrement dit ce qui la définit c'est la distance créée par le vieillissement du texte
