

Eu Russian Relations

Anna-Sophie Maass

Eu Russian Relations:

Perspectives on EU-Russian Relations Debra Johnson, Paul F. Robinson, Paul Robinson, 2005 This book explains how the internal dynamics of transition have influenced the relationship between Russia and the EU Taking an holistic approach the authors present a balanced analysis exploring EU Russian and US perspectives on the Russian EU relationship and examine a range of political economic business and security issues including the Northern dimension of Russian EU relations the Chechen situation Russian domestic economic policy trade the business environment energy and EU technical assistance They also address such questions as Will bilateral relations be achieved with a Western or Russian model Who is the main driver of Russian EU relations Is Russia converging with the EU in terms of business culture legal environment and systems Does the Russian EU link provide a new model for EU external relations

Modernisation in EU-Russian Relations: Past, Present and Future Maxine David, Tatiana Romanova, 2017-10-02 Written as EU Russia relations began their swift decline as a result of the Ukrainian crisis this book examines the nature of these two actors relationship in respect of their Partnership for Modernisation The contributing authors look at modernisation through different lenses applying varying methodologies delivering historical analysis economic analysis levels of analysis debate which brings along transnational transgovernmental and intergovernmental relations and interrelations between the EU and its member states discourse analysis new institutionalism as well as policy analysis The authors each identify the importance of modernisation for Russia demonstrating why despite the current state of relations between Moscow and Brussels modernisation remains relevant for EU Russian relations At the same time the plurality of the chapters shows the complexity of the relationship that will have to be taken into account in order to overcome the current crisis and construct sustainable and mutually beneficial relations

Russia and the European Union Oksana Antonenko, Kathryn Pinnick, 2005-10-09 The focus of this book is the implications of EU enlargement in May 2004 for EU Russian relations How should the EU and Russia develop their priorities as neighbours What role could Russia's border regions play in shaping this policy The book looks at the array of political security economic and social concerns raised by the enlargement process It incorporates different perspectives from existing and new EU member states Russian scholars and politicians from Moscow and the northwestern regions of Russia

EU-Russian Relations and the Ukraine Crisis Nicholas Ross Smith, 2016-12-30 This book assesses the competitive and contentious EU Russia relationship in relation to Ukraine from 2010 to 2013 focusing on the important areas of trade energy and security The key issue explored is whether this relationship played any meaningful role in the deterioration of the situation in Ukraine since late 2013

EU-Russian Relations in Crisis Tom Casier, Joan DeBardeleben, 2017-10-16 Relations between the EU and Russia have been traditionally and predominantly studied from a one sided power perspective in which interests and capabilities are taken for granted This book presents a new approach to EU Russia relations by focusing on the role of images and perceptions which can be major obstacles to the enhancement of relations between both

actors By looking at how these images feature on both sides EU and Russia on different levels bilateral regional multilateral and in different policy fields energy minorities regional integration multilateral institutions the book seeks to reintroduce a degree of sophistication into EU Russia studies and provide a more complete overview of different dimensions of EU Russia relations than any book has done to date Taking social constructivist and transnational approaches interests and power are not seen as objectively given but as socially mediated and imbued by identities This text will be of key interest to scholars students and practitioners of European Foreign Policy Eastern Partnership Russian Foreign Policy and more broadly to European and EU Politics Studies Russian studies and International Relations

The European Union and Russia

Tuomas Forsberg,Hiski Haukkala,2016-07-29 This important text provides readers with a systematic and comprehensive overview of the historic and ever evolving relationship between Russia and the European Union and on that basis discusses what the future of relations could look like The EU s policy towards Russia can be regarded as one of the toughest tests of the credibility of its external relations and in examining the dynamics of the relationship this book poses essential questions about the EU s ability to sustain itself as a meaningful entity in world politics Written by two experts in the field it analyses the political and institutional development of EU Russia relations from three perspectives European studies Russian studies and International Relations including Foreign Policy Analysis The relationship between the European Union and Russia is of considerable importance to both partners but whilst there have been many moments of co operation between the two tensions have never been far from the surface and the conflict over Ukraine brought it to a historical nadir Both have taken steps to strengthen their relationship but diplomatic stagnation and the challenge of furthering common economic political social and environmental objectives have proved increasingly testing to relations over time This important text provides readers with a systematic and comprehensive overview of the historic and ever evolving relationship between Russia and the European Union suitable for students at undergraduate and postgraduate levels in European Studies Russian Studies and International Relations theory

EU-Russia Relations

Thomas Gomart,2008-07-07 This report aims to shed light on the current disagreements in order to find a way out of the current phase of depression thereby furthering the interests of both parties It is based on the key idea that EU Russia interdependence cannot be avoided and will only get stronger in the future

Cooperation and Conflict between Europe and Russia

Magdalena Dembińska,Frederic Mérand,2021-08-26 When thinking about relations between Europe and Russia International Relations scholars focus on why conflict has replaced cooperation The geostrategic debate excludes the possible coexistence of cooperation and conflict Tracking the evolution of conflict and cooperation patterns in three zones of contact Estonia Kaliningrad and Moldova between 1991 and 2016 this edited volume argues that although the standard narrative remains compelling local patterns of cooperation and conflict are partly autonomous from the geostrategic level To account for the coexistence of cooperation and conflict the first chapter elaborates a theoretical proposition distinguishing fluid rigid and disputed symbolic boundaries which have different impacts

on the ground The subsequent chapters address distinct dimensions of Euro Russian relations paying attention to local reality in Estonia Moldova Ukraine or Kaliningrad different sectors from energy to peoples movement and across institutional contexts such as the EU and NATO They confirm that the standard narrative holds in most cases but also that Euro Russian relations vary in crucial ways according to the interests and representations of actors immersed in specific geopolitical fields Despite a deterioration of geostrategic relations between Europe and Russia since the end of the Soviet Union Cooperation and Conflict between Europe and Russia explores the intriguing coexistence of conflict and cooperation at the local level and across sectors and institutions The chapters in this book were originally published as a special issue of the journal East European Politics

Russia and the European Union Cynthia A. Roberts, 2007 Russia and the West have avoided renewed confrontation despite many post Cold War crises but illiberal trends in Russia rule out any prospect of developing a mutual agenda for closer integration Russian engagement with the leading Euro Atlantic institutions on a special but still subordinate nonmember basis remains a clever yet suboptimal substitute Such relationships as this monograph about Russia and the European Union explains tend to produce shallow collaboration symbolic summitry and costly standoffs Closer cooperation is blocked by an ongoing dispute over terms which is rooted in asymmetries in power ambivalent preferences uncertainty about the distributional costs and benefits of deeper engagement and Russia's continued unwillingness or inability to lock in the liberal domestic structures necessary to make credible commitments Moscow's renewed self confidence and geopolitical ambitions bolstered by sustained economic growth and high energy prices complicate the bargaining and further strain these special relationships which persist for lack of a realistic superior alternative

Strategic Communication in EU-Russia Relations Evgeny Pashentsev, 2019-11-15 This book is a timely reminder of the ties that join Russia and the European Union and the opportunities that still exist to improve a troubled relationship The book does not shy away from the difficulties that the relationship currently faces but seeks to find opportunities in these obstacles that could lead to improvements With the voice of Russian scholars fully audible in this excellent collection of essays this book provides an excellent opportunities for English speaking audiences to learn more about this complex relationship Victor Bulmer Thomas Chatham House UK The thinking of Evgeny Pashentsev in this volume presents an enlightening analysis and synthesis of the integration of the political social cultural and technological advances around the globe with respect to their impact on EU Russia relations His chapters are a must read for both scholars and strategic consultants who seek to understand the future of the paradigm shift taking place in these countries Bruce I Newman DePaul University USA and Founding Editor in Chief Journal of Political Marketing In this book the international team of EU Russian and US researchers focus on the dangerous challenges of the current unstable international equilibrium and opportunities of the breakthrough for a better future Eight chapters engage with a variety of issues ranging from general tendencies and controversies in EU Russia strategic communication and its political and economic aspects to reputation management of

Russian companies in the EU and the psychological aspect of US sanctions in EU Russia relations Analyzing the security dimension the authors focus on the geopolitical threats opportunities and risks of advanced technologies such as artificial intelligence robotics cyborgization and human genetics The Routledge Handbook of EU-Russia Relations Tatiana Romanova,Maxine David,2021-07-25 The Routledge Handbook of EU Russia Relations offers a comprehensive overview of the changing dynamics in relations between the EU and Russia provided by leading experts in the field Coherently organised into seven parts the book provides a structure through which EU Russia relations can be studied in a comprehensive yet manageable fashion It provides readers with the tools to deliver critical analysis of this sometimes volatile and polarising relationship so new events and facts can be conceptualised in an objective and critical manner Informed by high quality academic research and key bilateral data statistics it further brings scope balance and depth with chapters contributed by a range of experts from the EU Russia and beyond Chapters deal with a wide range of policy areas and issues that are highly topical and fundamental to understanding the continuing development of EU Russia relations such as political and security relations economic relations social relations and regional and global governance The Routledge Handbook of EU Russia Relations aims to promote dialogue between the different research agendas in EU Russia relations as well as between Russian and Western scholars and hopefully also between civil societies As such it will be an essential reference for scholars students researchers policymakers and journalists interested and working in the fields of Russian politics studies EU studies politics European politics studies post Communist post Soviet politics and international relations The Routledge Handbook of EU Russia Relations is part of a mini series Europe in the World Handbooks examining EU regional relations established by Professor Wei Shen **Modernisation in EU-Russian Relations: Past, Present and Future** Maxine David,Tatiana Romanova,2017-10-02 Written as EU Russia relations began their swift decline as a result of the Ukrainian crisis this book examines the nature of these two actors relationship in respect of their Partnership for Modernisation The contributing authors look at modernisation through different lenses applying varying methodologies delivering historical analysis economic analysis levels of analysis debate which brings along transnational transgovernmental and intergovernmental relations and interrelations between the EU and its member states discourse analysis new institutionalism as well as policy analysis The authors each identify the importance of modernisation for Russia demonstrating why despite the current state of relations between Moscow and Brussels modernisation remains relevant for EU Russian relations At the same time the plurality of the chapters shows the complexity of the relationship that will have to be taken into account in order to overcome the current crisis and construct sustainable and mutually beneficial relations **EU-Russia Relations, 1999-2015** Anna-Sophie Maass,2016-07-15 This book traces the development of EU Russia relations in recent years It argues that a major factor influencing the relationship is the changing internal dynamics of both parties in Russia s case an increasingly authoritarian state in the case of the EU an increasing coherence in its foreign policy as applied to former Soviet countries

which Russia regarded as interference in its own sphere The book considers the impact of conflicts in Kosovo Chechnya Georgia and Ukraine discusses the changing internal situation in both Russia and the EU including the difficulties in overcoming fragmentation in EU policy making and concludes by assessing how the situation is likely to develop **The EU-Russia Strategic Partnership** Hiski Haukkala, 2010-02-25 This book explores why despite the initial promise and enthusiasm at the beginning of the 1990s the European Union EU and the Russian Federation have encountered severe difficulties in developing their institutionalised relationship **Russia-EU Relations and the Common Neighborhood** Irina Busygina, 2017-07-20 Examining Russia EU relations in terms of the forms and types of power tools they use this book argues that the deteriorating relations between Russia and the EU lie in the deep differences in their preferences for the international status quo These different approaches combined with economic interdependence and geographic proximity means both parties experience significant difficulties in shaping strategy and formulating agendas with regards to each other The Russian leadership is well aware of the EU's authority orientation but fails to reliably predict foreign policy at the EU level whilst the EU realizes Russia's coercive orientation in general but cannot predict when and where coercive tools will be used next Russia is gradually realizing the importance of authority while the EU sees the necessity of coercion tools for coping with certain challenges The learning process is ongoing but the basic distinction remains unchanged and so their approaches cannot be reconciled as long as both actors exist in their current form Using a theoretical framework and case studies including Belarus Georgia and Ukraine Busygina examines the possibilities and constraints that arise when the power of authority and the power of coercion interact with each other and how this interaction affects third parties EU and Russia - a Real Partnership? Georg Schwedt, 2007-09 Seminar paper from the year 2004 in the subject Politics International Politics Region Russia grade 1.0 University of Economics Prague course Contemporary Russia 17 entries in the bibliography language English abstract Russia is the biggest country in Europe as well in population as in area Therefore it is impossible for the other big entity as well in population as in area the EU to ignore Russia Even more because through the enlargement both now have a common border Not only for this reason but also stemming from economic interest in the big market and its resources the EU developed multi faced partnership with Russia How did these partnership develop How is it shaped These are the first two questions this essay deals with The Kaliningrad policy and the Energy Dialogue thereby serve as actual policy examples But are the EU and Russia following common interests as the term partnership indicates What is missing what are their concepts and what are the future prospects These are the questions answered in the second part *The European Union, Russia and the Shared Neighbourhood* Jackie Gower, Graham Timmins, 2013-09-13 The conflict in South Ossetia in the summer of 2008 and the Ukrainian energy crisis in early 2009 served to highlight the tensions that continue to influence EU Russia relations in regard to the region comprising the former republics of the Soviet Union or the shared neighbourhood This book draws together research which examines the objectives of EU and Russian foreign policy and the

complexities of the security challenges in this region Although both actors have a shared interest in cooperating to create conditions of peace and stability we have in recent years observed the development of growing competition between the EU and Russian foreign policy agendas This book was based on a special issue of Europe Asia Studies Russia and the EU Thomas Hoffmann, Andrey Makarychev, 2018-07-27 The annexation of Crimea in 2014 and Russia's support for military insurgency in eastern Ukraine undermined two decades of cooperation between Russia and the EU leaving both sides in a situation of reciprocal economic sanctions and political alienation What is left of previous positive experiences and mutually beneficial interactions between the two parties And what new communication practices and strategies might Russia and Europe use Previously coherent and institutionalized spaces of communication and dialogue between Moscow and Brussels have fragmented into relations that while certainly not cooperative are also not necessarily adversarial Exploring these spaces contributors consider how this indeterminacy makes cooperation problematic though not impossible and examine the shrunken yet still existent expanse of interaction between Russia and the EU Analysing to what extent Russian foreign policy philosophy is compatible with European ideas of democracy and whether Russia might pragmatically profit from the liberal democratic order the volume also focuses on the practical implementation of these discourses and conceptualizations as policy instruments This book is an important resource for researchers in Russian and Soviet Politics Eastern European Politics and the policy politics and expansion of the European Union **Russia and European Security** Roger E. Kanet, Maria Raquel Freire, 2012 Central and East European Studies Series 1 International Studies Library 32 Over the past two decades Russia's relations with Europe and the West in general have deteriorated as Russia rebuilt its international political and economic foundations and its leaders decided to pursue a policy of reestablishing Russia as the major regional actor and as an important global power The chapters that comprise the volume examine the factors that drive Russian foreign policy including those that divide Europe from Russia They then examine the specifics of Russian relations with the European Union and NATO and the impact of U S Russian relations on the Russian European relationship They conclude with an examination of President Medvedev's proposal for a new Eurasian security architecture The overall message of the analysis is that the longer term prospects for Russian relations with the West are limited because of the deep divisions between the two sides Table of Contents INTRODUCTION Russia and European Security Roger E Kanet Maria Raquel Freire PART I DETERMINANTS OF RUSSIAN FOREIGN POLICY Ch 1 The Cold Peace Making Sense of Russia's Relationship with the West Richard Sakwa Ch 2 Subjectivity Matters Reconsidering Russia's Relations with the West Regina Heller Ch 3 Image and Reality Russia's Relations with the West Valentina Feklyunina Ch 4 Europe as Idea Model and Reality The Complex Nature of Europe's Significance for Russia Dina Moulioukova Fernandez PART II RUSSIA THE EUROPEAN UNION AND THE UNITED STATES Ch 5 U S Russia Relations Is there enough Common Ground for a New Phase Gulnur Aybet Joe Hogler Ch 6 Russia the EU and the United States Intertwined Relationships Roger E Kanet Ch 7 EU Russia Relations and Transnational

Terrorism The Case of Police Cooperation Maria Raquel Freire Ch 8 The EU EC Human Rights Russia and the Issue of the Russian speakers in Latvia and Estonia Franz Preissler PART III THE MEDVEDEV PROPOSAL ON EUROPEAN SECURITY Ch 9 Medvedev s European Security Treaty Proposal Building a Euro Atlantic Security Community Nikita Lomagin Ch 10 The European Union and the Medvedev Proposal A Breakthrough or an Empty Shell Sandra Fernandes Ch 11 Russia s Security Policy Agenda in Northern Europe Carolina Vendil Pallin Conclusion Roger E Kanet Maria Raquel Freire About the Editors Roger E Kanet Ph D 1966 in Politics Princeton University is Professor of International Studies at the University of Miami He has published extensively on international politics and Russian foreign policy including *The United States and Europe in a Changing World* RoL 2009 and *A Resurgent Russia and the West The European Union NATO and Beyond* RoL 2009 Maria Raquel Freire Ph D University of Kent at Canterbury is assistant professor in the Department of International Relations at the University of Coimbra and researcher at the Centre for Social Studies CES of the University of Coimbra Her research focuses on foreign policy Russia and the post Soviet space and peace studies She has published widely including *Key Players and Regional Dynamics in Eurasia* Palgrave 2010 *The European Union and Russia* Great Britain. Parliament. House of Lords. European Union Committee, 2008 The relationship between the European Union and Russia has been going through a difficult phase with disputes over energy supplies foreign policy issues and tension between Russia and individual Member States The change of presidency in Russia provides an opportunity to take stock and to consider whether this deterioration can and should be reversed Russian politicians emphasise the importance of the relationship This report discusses how the relationship might be developed in practice The report examines Russia as a European country its recent history and the current economic situation in Russia It then considers the institutional framework for Russia EU relations including the Partnership and Co operation Agreement The Committee believes closer co operation should be fostered in several areas of common interest economic freedom security and justice research and education and culture Energy is an important subject there are concerns about whether Russia can supply sufficient gas and oil to meet its current and foreseeable domestic demand and international commitments The security of energy supply to the EU is vital The Russian view of international security issues is also very different from that of the West and developments in the near neighbourhood of Russia are a very sensitive geopolitical area Russian support for Serbia is contrasted with their co operation on Iran The two sides work together usefully on the Middle East terrorism non proliferation and other issues The EU should continue and strengthen its efforts to reach common ground with the Russians on such international issues but should also speak out if the Russian government falls short of the standards it has formally accepted in a number of international agreements

Reviewing **Eu Russian Relations**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence.
