## **Euratom Its Background Issues And Economic Implications:**

*Euratom* Jaroslav G. Polach, 1964      **Euratom at the Crossroads** Anna Södersten, 2018-03-30 This book addresses the contentious debate surrounding the future of the European Atomic Energy Community Treaty Euratom one of the European Union's founding treaties Arguing that it has remained at a crossroads since its adoption in 1957 Anna Södersten explores the issue of whether the treaty should be kept separate from the EU or be brought within its framework      **Bulletin of the Atomic Scientists**, 1965-03 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world      **The European Atomic Energy Community in the European Union Context** Ilina Cenevska, 2016-04-26 Ilina Cenevska's new book *The European Atomic Energy Community in the European Union Context The Outsider Within* explores the unique nature of the Euratom Community as an entity that establishes a supranational regulation in the civil nuclear industry which while formally belonging to the European Union construct is coincidentally somewhat kept outside the mainstream developments in the Union The book surveys Euratom's status as an outsider within the European Union through the correlation between the principles and mechanisms particular to the functioning of the Euratom legal framework and those devised under the Union framework *stricto sensu* focusing on two specific areas nuclear safeguards and health and safety in the nuclear domain      **Handbook on European Nuclear Law** Rasa Engstedt, 2020-11-27 Energy and Environmental Law and Policy Series 39 While the European Economic Community has evolved through the decades into the legal entity of the European Union the substantive law contained in the 1957 Euratom Treaty has never been amended Recurring legal discussions of the treaty's potentially obsolete nature give rise to this much needed handbook which provides systematic analysis and evaluation of the competences conferred under the Euratom Treaty Following the structure of the Euratom Treaty the author analyses and evaluates the scope content exercise and case law of the Euratom Communities competences in the following fields Promotion of research with reference to the Horizon research programmes dissemination of information health and safety including environmental protection investments joint undertakings nuclear supplies safeguards property ownership of fissile materials the nuclear common market and the Community's external relations The book deals with issues of stagnation and potential obsolescence through such lenses as the legislative amendment procedure level of regulatory detail quantitative elements of exercise secondary legal acts and the Court of Justice of the European Union's power to define and delimit the Euratom Community's competences The competences in the fields of military activities and State aid are also examined in detail The role of principles of subsidiarity and proportionality in European nuclear law and the issue of classification of competences under the Euratom Treaty are addressed in this book With its systematic chapter by chapter analysis of competences of the Euratom Community under the Euratom Treaty the book will be welcomed by lawyers and negotiators working in nuclear

field researchers in nuclear law and in the broader competences of the EU and policymakers in the European nuclear sector This book represents an important contribution to the renewed academic discourse on the Euratom Community I would like to recommend it both to those looking for concise information on this neglected Community as well as to those dealing with the topic of competences with respect to the law of the EU It is also vital reading for policymakers and lawyers active in the field of energy and nuclear law Jakub Handrlica Common Market Law Review 2021
