Development and Livelihood Mission Arambam Sanatomba Singh, 2021-06-18. Mother Nature has endowed Manipur with enormous ecotourism potentials. We offer immense possibilities for the growth of ecotourism and regional business. Manipur, blended with the majestic Loktak Lake and adorned with a variety of breathtaking locations, dramatic landscapes, pristine forests, rare wildlife and an unmatched cultural diversity, our State has lots to offer to a traveler. Visited Manipur, especially during the marvelous Manipur Sangai Festival, which was started as a National Calendar Event from 2010 onwards and celebrates from 21st to 30th November every year. The present work relates to the promotion of ecotourism in Manipur and it is the outcome of my experiences gained during my participation as a resource person in the Training Programme of Certificate Courses on Nature Conservation Livelihood Ecotourism organized by the ENVIS HUB Manipur, Directorate of Environment and Forests, Government of Manipur, 2018. Based on this training module, the present treatise is written with a view to enlightening the enterprising youths of Manipur to become skilled entrepreneurs and excellent ecotourism service providers through their active participation in promotion of ecotourism in the State of Manipur. An attempt has also been made to explore and discover the huge untapped ecotourism potential areas of Manipur. *Sylvia Porter's Money Book*

Travel and Imagination Garth Lean,Russell Staiff,2016-02-24 The imagination has long been associated with travel and tourism from the seventeenth century when the showman and his peepshow box would take the village crowd to places cities and lands through the power of stories to today when we rely on a different range of boxes to whisk us away on our imaginative travels the television the cinema and the computer Even simply the notion of travel it would seem gives us license to daydream The imagination thus becomes a key concept that blurs the boundaries between our everyday lives and the idea of travel Yet despite what appears to be a close and comfortable link there is an absence of scholarly material looking at travel and the imagination Bringing together geographers sociologists cultural researchers philosophers anthropologists visual researchers archaeologists heritage researchers literary scholars and creative writers this edited collection explores the socio cultural phenomenon of imagination and travel The volume reflects upon imagination in the context of many forms of physical and non physical travel inviting scholars to explore this fascinating yet complex area of inquiry in all of its wonderful colour slipperiness mystery and intrigue The book intends to provide a catalyst for thinking discussion research and writing with the vision of generating a cannon of scholarship on travel and the imagination that is currently absent from the literature
