**EU Law and Obesity Prevention** Amandine Garde, 2010-01-01 Since the 1980s there has been an alarming increase in the prevalence of obesity in virtually every country in the world As obesity is known to lead to both chronic and severe medical problems it imposes a cost not only on affected individuals and their families but also on society as a whole In Europe the Obesity Prevention White Paper of May 2007 followed by the adoption of an EU School Fruit Scheme the acknowledgement that food advertising to children should be limited and proposed legislation to make nutrition labeling compulsory has firmly placed obesity on the EU agenda by laying down a multi sectoral strategy and a basis for future action In accordance with this growing sense of urgency this is the first book to offer an in depth legal analysis of obesity prevention with particular reference to Europe It describes what the EU has done and could do to support Member States in fighting the obesity epidemic and clearly shows the way to locating advocacy strategies within the framework of EU law The thorough analysis includes a discussion of the following issues the need to address nutrition and physical activity as important health determinants the emphasis traditionally placed at EU level on food safety rather than food quality the need for the development of databases on nutrition and physical activity comparable common indicators and risk assessment mechanisms mainstreaming public health into all EU policies the scope of EU powers in the case law of the Court of Justice the role of information in the EU's obesity prevention strategy the Commission's proposed Mandatory Nutrition Declaration the Food Claims Regulation the regulation of food marketing to children and in particular the role of the Audiovisual Media Services Directive the Unfair Commercial Practices Directive and industry self regulation food reformulation the use of economic instruments in the EU's obesity prevention strategy with an emphasis on the Common Agricultural Policy and the EU's taxation policy and EU action in the fields of sport occupational health and safety and transport policy The author convincingly shows that conflicts of interest inherent in market forces demand a strong EU intervention preferably through legislation than self regulation She also demonstrates the urgent need to reach an agreement on the basis of reliable data about what is effective in practice to improve lifestyles The study acknowledges that the law is not a panacea but nonetheless has an influential role to play in making the healthy choice an easier choice and must move decisively towards ensuring that the societal costs associated with obesity are sustainable and that the ultimate goal of a healthy population is achievable The book is essential reading for everyone involved or interested in the

development of the EU's obesity prevention policy      **Subject Catalog, 1979** Library of Congress, 1979      *Rick Steves Central Europe* Rick Steves, Cameron Hewitt, 2023-12-26 Now more than ever you can count on Rick Steves to tell you what you really need to know when traveling through Central Europe From romantic cities steeped in history to the stunning slopes of the Alps get to know this exciting slice of Europe with Rick Steves on your side Central Europe can be yours Inside Rick Steves Central Europe you'll find Fully updated comprehensive coverage on the Czech Republic Poland Hungary Slovenia Austria and Slovakia plus side trips to Croatia Bosnia Herzegovina Montenegro Bulgaria and Romania Rick's strategic advice on how to get the most out of your time and money with rankings of his must see favorites Top sights and hidden gems from the cobbles of bustling Bratislava to country roads winding through the Julian Alps to the striking chapels and cathedrals of Prague's Castle Quarter How to connect with culture Bask in the energy of Krakow's Main Square Market sample local wines from Hungarian vintners or soak in the steamy thermal baths of Budapest Beat the crowds skip the lines and avoid tourist traps with Rick's candid humorous insight The best places to eat sleep and relax Self guided walking tours of lively neighborhoods and historic museums Detailed neighborhood maps for exploring on the go Useful resources including a packing list phrase books historical overviews and recommended reading Over 1 000 bible thin pages include everything worth seeing without weighing you down Make the most of every day and every dollar with Rick Steves Central Europe      DK Eyewitness Travel Guide Czech and Slovak Republics DK Travel, 2015-07-07 DK Eyewitness Travel Guide Czech and Slovak Republics is your indispensable guide to these two beautiful countries The fully updated guide includes unique cutaways floor plans and reconstructions of the must see sites plus street by street maps of all the fascinating cities and towns The guide is also packed with photographs and illustrations leading you straight to the best attractions on offer The uniquely visual DK Eyewitness Travel Guide Czech and Slovak Republics will help you to discover everything region by region The guide takes you from vibrant nightlife of the Czech Republic to the spectacular Slovak Paradise national park and Bojnice Castle Detailed listings will guide you to the best hotels restaurants bars and shops for all budgets while our practical information will help you to get around whether by train bus or car Plus DK's excellent insider tips and essential local information will help you explore every corner of the Czech and Slovak Republics effortlessly DK Eyewitness Travel Guide Czech and Slovak Republics showing you what others only tell you      **Marguerite Patten's Best British Dishes** Marguerite Patten, 2009-03-23 The cookery queen of England selects her personal favorite recipes Marguerite Patten is one of Britain's best known and best loved cookery writers Here she turns her attention to one of her real true passions the classic cookery of the British Isles From traditional breakfasts to high teas from roasts to hearty soups she has selected a collection of over 400 of her favorite recipes showing the enormous and exciting variety of British produce and cooking She covers soups fish dishes meat poultry and game vegetables salads and savory dishes as well as puddings baking and preserves      The Rough Guide to Central America On a Budget Rough Guides, 2009-02-02 The Rough Guide to Central
