Marital and Sexual Lifestyles in the United States Linda P Rouse,2013-12-16 Learn the changing role of sexuality in American life This helpful book offers a solid background in the sociology of family life and personal sexuality Marital and Sexual Lifestyles in the United States Attitudes Behaviors and Relationships in Social Context is designed to give readers a broad view of the diversity of contemporary U S attitudes behaviors and relationships It also covers basic sociological concepts and research methods Most human sexuality texts focus on the individual whereas texts designed for sociology courses on the family downplay individual sexual expression Marital and Sexual Lifestyles in the United States integrates the two approaches The choices of the individual take on additional meaning when seen within a unified historical statistical and conceptual framework Marital and Sexual Lifestyles in the United States gives readers the tools to consider such pressing issues as Does the divorce rate mean that the institution of marriage is in trouble Are children s futures impaired if they come from single parent households Should same sex couples be allowed to marry How does marriage differ from cohabitation What are the real sexual differences between the genders What is sexual morality How much confidence can we place in studies of human sexuality by such social scientists as Alfred Kinsey and Masters and Johnson These questions and others like them are placed in the context of U S social trends beginning with the 1950s and moving toward today Plentifully illustrated with tables charts and figures that show where we are going as well as where we have been Marital and Sexual Lifestyles in the United States gives a clear perspective on relationships in social context *First Comes Marriage* Reva Seth,2008-06-03 Seven time tested secrets to dating the husband of your dreams taken from the centuries old tradition of arranged marriages Want commitment love and romance Forget The Rules and stop waiting for an idealized Prince Charming In *First Comes Marriage* Reva Seth shares the wisdom of more than three hundred women in arranged marriages and shows how this classic tradition can teach twenty first century women important lessons about how to find and keep Mr Right The men you date will become the men you marry The seven secrets in this counterintuitive guide will help you become more selective and increase your chances of finding the right person to share your life with Seth knows her secrets work she married her husband after only meeting him seven times Secret 1 Your man doesn t have to be your best friend That s why you ve had a best girlfriend all along right Secret 4 It doesn t matter if he doesn t dance Common interests are less important than shared values Secret 6 Sexual chemistry isn t always organic Attraction can be created if you know how to unlock your passion A practical surprisingly progressive guide to love and romance *First Comes Marriage* will open your eyes to what makes a guy perfect for you and will help you find him date him and keep falling in love with him forever *The Spartan Lady in Red* Steve Spencer,2025-04-11 This is a story of a modern day Spartan Though not a biography it is biographical in the form of anecdotal tales inspired by a life well lived The life and work of Debby House Spencer positively affected folks and communities throughout Appalachia and the mid southern part of the USA Through dogged determination and her

mantra of we make things happen she completed hundreds of projects by getting folks to work together Her mental and physical toughness were epic yet simple and stoic thus the Spartan analogy In her honor this book is a celebration of her life not about grieving and her death My method of dealing with her loss has been to write about Debby s anecdotal history and cherished memories from our 42 years together The anecdotes about my best friend lover wife and partner are blended with entries from my journal posted as a blog in the year following her death As a critic and unofficial editor she helped with my earlier book writing efforts She knew that specific truth involving my storytelling was semi twisted As Mark Twain stated A writer should never let the truth stand in the way of a good tale With that said do not assume that this is a work of fiction All the tales happened There are no lies and no fabrications However my memory may be somewhat fogged with age and the numerous blows to my head through the years This book is the result of encouragement by a wide range of folks Some had also lost spouses some only desired to read my tales but many were friends who thought I had some talent Though I question the talent thing writing is how I manage the grieving process from her loss And notice the tense in the previous sentence because memories last a lifetime and grief never ends Understanding that grief will never end does not mean I spend considerable time depressed Rather it is a recognition that life goes on albeit with significant changes
