Finger Pointing to the Moon

Osho, 2024-05-03 One who is not ready to stake his very life will never be able to know the hidden mysteries of life. Those secrets are not available cheaply. Knowledge is available very cheaply; knowledge is available from books, from scriptures, in education, with the teachers. Knowledge is available almost for free; you do not have to pay anything for it. In religion you have to pay heavily. It is not right even to say heavily because only when someone stakes everything do the doors to that life open. The doors to that life open only for those who put this life at stake. To put this life at stake is the only key to the door of that life. But knowledge is very cheap so the mind chooses the easier and the cheaper way. We learn things, words, doctrines and think that we know. Such knowledge only enhances ignorance.
