First Christian Universal Truth In The Teachings Of Jesus:

The First Christian Paul F. M. Zahl, 2003 In this book Paul Zahl seeks a broader understanding of the life and teachings of Jesus What was it within his message that burst his first century Jewish context What was creative fresh and universal about his message What did Jesus maintain within his own setting and period that is still true and applicable today In pursuing these questions Zahl swims against the current of modern scholarship arguing that Jesus was more Christian than Jewish Jesus teaching concerning the kingdom of God is replete with Christian perspectives on human nature and salvation and his insights into original sin and grace are closer to core Christianity than much recent literature acknowledges Drawing from both Jewish and Christian thinkers Zahl shows Jesus to be a saving figure a christological figure even a radically Protestant figure Zahl also brings his fresh perspective into present day focus by showing how Jesus dynamic teachings still have worldwide impact Zahl writes both as a highly trained theologian and as a pastor who recognizes that scholarship stands in the service of discipleship In The First Christian he renders the contemporary quest for the historical Jesus not only accessible but also relevant to the life of faith Students of the Bible and general readers alike will be enriched by his compelling portrait of a Christian universal Jesus

Alternative Christianities Volume I Vince Nicola, 2014-02-17
Alternative Christianities is a series of books articles and lectures This is only Volume I which introduces the many ancient Christian sects that were ostracized and had their Sacred Scriptures what they were taught by one Jesus direct Disciples not only left out of the New Testament but also suppressed banned and destroyed in the early centuries of Christianity by the emerging universal catholic Christian Church Vince Nicolas is a historian not a theologian Vince is a teacher not a preacher Vince extensively researched this subject from the works of the best university religious studies professors in the United States Additionally in compiling his treatise Vince learned how the New Testament besides more Sacred Scriptures were consciously being left out than included many of the texts that were included had been repeatedly changed either accidentally or intentionally to suit the emerging Christian church and their preferred Christian teachings then to accommodate the numerous and compounded Protestant Reformations Consequently today there is not ONE Christian Bible or ONE Christian religion but dozens of versions of the Christian Bible and thousands of iterations of Christian religions denominations sects and cults Christianity is a hodgepodge disaster as viewed by outsiders A 20th century discovery of these discarded ancient texts brought them back to light More amazing are the differences from the traditional Christianity being taught and followed today This made many of todays Biblical scholars theologians and university professors question whether we all have been led down the wrong Christian path for the past 2 000 years In fact these ancient discarded Alternative Christianities even make more sense in todays world and brings Christianity back to being a religion of Good News Maybe these recent discoveries were a Divine intervention to adjust Christianity back onto its right path the real path that was intended by Jesus Christ Maybe people now can have a fresh and refreshing new look at Christianity Volume I is guaranteed

to pique your interest get you hooked and make you want to go more in depth in Volumes II and III This treatise is not only very enlightening and educational for Christians but also for our intertwined Abrahamic descendant Judaism and Islam relatives This is an ecumenical book it is not meant to convert anyone promote any religion or disseminate anyones beliefs This series is a MUST READ for any serious theology or religious studies student to have a complete comprehension of the Bible and Christianity especially if they are going to teach or preach it intelligently and correctly or just for your own education WARNING This series will ruffle many feathers among the ultra conservative and closed minded communities and promises to be very controversial GET YOUR CORRECT FACTS HERE The Internal Foe Jeremy F. Worthen,2008-12-18

The relationship between Christianity and other religions is a vital issue in the world today This book provides a fresh perspective by exploring how Christian theology has been shaped over two millennia by interaction with its original religious other continuing Judaism It begins by describing the origins of the classic framework in Christianity that correlates claims about the gospel with judgments about Judaism as resistance to the new thing God has done in Jesus Christ This framework binds Christianity to the task of interpreting Jewish presence which then renders engaging with Judaism as well as rehearsing judgments about it integral to Christian theology s development The central chapters of the book demonstrate this in relation to three pivotal periods of Western history 1050 1300 CE early modernity and the first half of the twentieth century They reveal the classic framework to have been remarkably resilient despite sometimes radical adaptation before in and after modernity The insights of Franz Rosenzweig about Judaism as Christianity s internal foe resonate deeply with the book s historical analysis Does this mean that non relativistic Christian theology must remain intrinsically anti Jewish The book concludes that it need not if it can renounce its historic stance of hermeneutical comprehension *The Living Church* ,1962 Apocalypticism, Anti-Semitism and the Historical Jesus John S. Kloppenborg,John Marshall,2004-12-01

Virtually all scholars agree that apocalyptic and millenarianism formed at least part of the matrix of the culture in first century Jewish Palestine but there is a sharp disagreement concerning the extent to which Jesus shared apocalyptic and millenarian beliefs Although there has been a great deal written defending or opposing an apocalyptic Jesus almost nothing has been said on the questions of what from the standpoint of modern historiography of Jesus is at stake in the issue of whether or not he was an apocalypticist or a millenarian prophet and what is at stake in arguing that his alleged apocalypticism is a central and defining characteristic rather than an incidental feature Much has been said on the kind of Jew Jesus was but almost nothing is said on why the category of Judaism has become so central to historical Jesus debates These questions have less to do with the quantity and character of the available ancient evidence than they do with the ways in which the modern critic assembles evidence into a coherent picture and the ideological and theological subtexts of historical Jesus scholarship Scholars of Christian origins have been rather slow to inquire into the ideological location of their own work as scholars but it is this question that is crucial in achieving a critical self awareness of the larger entailments of historical scholarship on Jesus and

the early Jesus movement This volume begins the inquiry into the ideological location of modern historical Jesus scholarship

reception history in church doctrine and liturgy accounts for classical formulations of its translation tradition yet speaks with contemporary literary style In developing a new methodology the book appropriates ancient and modern insights into the relationship of thought and language not previously considered in the context of translation Further the book is premised on the understanding that Scripture is the divinely communicated Word of God made incarnationally present in the words of the Bible As the *viva vox evangelii* biblical texts thus have ongoing effects in the continuum of church history and tradition The book argues that contemporary translators of the Bible should therefore be aware of their own situatedness in and shaping by this continuity of linguistic and cultural transmission As such the book provides a pathway to translating the Scriptures in such a way as to capture recapitulate and incorporate the living sweep of the timeless Word in words that cross time

Signs of Continuity Greg Rhodea,2019-12-11 For more than a century scholars have debated whether Paul the apostle was a faithful follower of Jesus or a corruptor of Jesus s message and the true founder of Christianity *Signs of Continuity* intervenes in this debate by exploring a largely overlooked element of similarity between the two men the place of miracles in their ministries In his close analysis of the miracles performed by Jesus and Paul Greg Rhodea points to signs of continuity between these two historical figures of Christianity He argues that both Jesus and Paul understood their miracles as accompanying and actualizing a message of gracious inclusion of the marginalized resisted proving their ability to work miracles to those who asked for a sign despite the importance of miracle working to their personal authentication and interpreted miracles as proof of the presence of the eschatological kingdom Based on these similarities Rhodea concludes that Paul the apostle knew of Jesus s miracles and that he imitated Jesus in his own ministry of miracle working In highlighting this previously unexplored area of continuity Rhodea makes a significant contribution to the debate over the relationship between Jesus and Paul Biblical scholars and students interested in this debate will find *Signs of Continuity* enlightening and informative

Universal Salvation Leith Cunningham, 2020-06-10 My dear brothers sisters and friends in our Lord and Savior Jesus Christ Christ in me has given me a specific talent for expounding upon His word He continues to use my talent in teaching others the most valued message that will ever be heard on this earth I have done the best that I know to do with what God has given me to work with on the present understanding He has given me This book is intended to teach you the truth of God that is being withheld from you by this world's deceived Christian religion around the world Whether it is by way of their spiritual ignorance or by omission by purposefully failing to teach it in either case I am exposing them all to you as the tools that Satan has been using since Christ was here on earth in teaching us the real and factual truth of God Somehow God has put this book in your hands It is my hope and prayer that you will find it useful and are able to glean from it the message it contains It is not by any accident that you have this book in your hand and are reading these words at this moment in time If these words mean nothing at all

to you it is either because I have not done a credible service in my over half century of study in searching and seeking out the truth of God to impart to others or God simply is not calling you at this present time But that in no way diminishes His unconditional love care and concern for you and your physical life here on earth The truth is if God is not calling you at this time you cannot come to Him On the other hand if you have found something within this book that uplifts encourages motivates and you feel a sensation as if some unseen force is drawing you into a seemingly brighter outlook on life and the time you are spending here on earth God may very well be calling you Then what you do is your own decision to make You do not need me or any man to teach you the Holy Spirit of God will lead you into all truth If you are looking for a way to get started in acquainting yourself with the word the way and the truth of God you are welcome to visit our website www.thetruthstandsout.com It is free of any charge of any kind Leith Lyman Cunningham

The Making of American Liberal Theology Gary J. Dorrien, 2006-01-01 In this first of three volumes Dorrien identifies the indigenous roots of American liberal theology and demonstrates a wider longer running tradition than has been thought The tradition took shape in the nineteenth century motivated by a desire to map a modernist third way between orthodoxy and rationalistic deism atheism It is defined by its openness to modern intellectual inquiry its commitment to the authority of individual reason and experience its conception of Christianity as an ethical way of life and its commitment to make Christianity credible and socially relevant to modern people Dorrien takes a narrative approach and provides a biographical reading of important religious thinkers of the time including William E Channing Ralph Waldo Emerson Horace Bushnell Henry Ward Beecher Elizabeth Cady Stanton and Charles Briggs Dorrien notes that although liberal theology moved into elite academic institutions its conceptual foundations were laid in the pulpit rather than the classroom
