The Nature of Things, a Didascallic Poem, Translated [into English Verse] from the Latin of T. Lucretius Carus ... Accompanied with Commentaries ... and the Life of Epicurus ... By T. Busby. L.P. Titus Lucretius Carus,1813

The Works of John Kookham Frere in Verse and Prose Now First Collected with a Prefatory Memoir by His Nephews W. E. and Sir Bartle Frere John Kookham Frere,1872 *First Principles of Islamic Economics* Sayyid Abul A'la

Mawdudi,2013-05-23 Abul A la Mawdudi laid down the foundations of modern Islamic economics Drawing upon Islamic sources Mawdudi spelled out a new paradigm for economic analysis and policy wherein economic pursuits take place in the context of moral values and are directed towards the achievement of personal and social objectives Integral to this approach is the concept of an interest free economy that attempts to make efficiency and equity inseparable and interdependent The creation and distribution of wealth thus become instrumental in promoting individual and social wellbeing opening up pathways to development social justice and human welfare This comprehensive anthology collects all of his major writings and provides a historic as well as an essential introduction to Islamic economics Abul A la Mawdudi 1903 1979 was a leading Muslim intellectual and a chief architect of the Islamic revival in the twentieth century In 1941 he founded Jama at i Islami a political party in Pakistan which he led until 1972 He authored more than a hundred works on Islam both popular and scholarly and his writings have been translated into some forty languages Poetic Style and Innovation in Old English, Old Norse, and Old Saxon Megan E. Hartman,2020-10-26 This book traces the development of hypermetric verse in Old English and compares it to the cognate traditions of Old Norse and Old Saxon The study illustrates the inherent flexibility of the hypermetric line and shows how poets were able to manipulate this flexibility in different contexts for different practical and rhetorical purposes This mode of analysis is therefore able to show what degree of control the poets had over the traditional alliterative line what effects they were able to produce with various stylistic choices and how attention to poetic style can aid in literary analysis A Marxist Interpretation of Church Leadership Jon-Arild Johannessen,2023-02-15 A Marxist

Interpretation of Church Leadership Romans 13 1 7 is a study of Romans 13 1 7 from a Marxist perspective Romans13 1 7 introduce the concept of obedience to civil authorities As a result obedience has become an integral part of Western culture and may be the cultural foundation of how capitalism can manage control and direct people Romans13 1 7 have persuaded many Christians including priests bishops and other representatives of the Church to obey Hitler Mussolini Franco and other tyrants and despots Today Romans 13 1 7 are used as an argument in support of the death penalty In this way Jesus s message of love has become by means of seven simple verses in Paul s epistles an argument that is used to support killing people The purpose of this book is to get to grips with the Pauline impulse from a Marxist perspective This is an historic impulse that has oppressed and excluded people and created an intolerant version of Christianity It has also established obedience as a fundamental principle in Western culture and thereby enhanced capitalism First Principles of Verse

Abravanel,1982-09-01 Moses Maimonides was the first medieval Jewish thinker to posit a set of dogmas for Judaism his Thirteen Principles of Faith His statement initiated an extensive discussion among other medieval Jewish thinkers on the subject of dogma which had an important impact on subsequent Jewish thought The reaction to Maimonides innovation was complex some scholars accepted his position without reservation others accepted the idea that Jewish beliefs could be reduced to a creed but disagreed with Maimonides formulation still others rejected the project of creed formulation in Judaism altogether The locus classicus of this last position is the Rosh Amanah of Isaac Abranavel 1437 1508 Abravanel s ostensible aim in writing Rosh Amanah was to defend Maimonides creed from the attacks of its critics notably Hasdai Crescas and Joseph Albo and it contains the most exhaustive and systematic analysis of the Thirteen Principles ever written After twenty two chapters of sustained and zealous defence of Maimonides however Abravanel seems to contradict himself arguing at the end of his book that in fact Judaism has no dogmas whatsoever and that all its beliefs are equally valid fundamental and precious This is the first complete English translation of Abravanel s classic work and includes a comprehensive introduction and notes *Writing and Workshopping Poetry: A Constructive Introduction* Stephen Guppy,2016-12-07 Most texts on creative writing emphasize either sources of inspiration or strategies for editing The process of getting from initial inspiration to final draft isn t often dealt with in any practical way Writing and Workshopping Poetry focuses on all three phases of the process of composition finding the material building and developing the poem from rough draft to complete work editing and refining The text offers everything students and instructors need extensive notes written in an accessible conversational style seventy five writing exercises and about a hundred poems chosen from a wide range of sources from sixteenth century sonnets to experimental constrained forms with an emphasis on exciting poems by contemporary American and Canadian poets Each chapter concludes with a brief point form summary of major learning objectives as well as a review list of useful terms **Reading Japanese Haikai Poetry** Herbert H. Jonsson,2015-12-22 In Reading Japanese Haikai Poetry Herbert Jonsson makes an inquiry into the multitude ways in which Japanese linked haikai poetry has been read and understood A number of poems composed by the eighteenth century master Yosa Buson are analyzed in great detail Although closely related to the popular haiku haikai is often regarded as difficult for non specialists but this study offers the reader a wealth of explanations displaying the varied perspectives available The first part of the book consists of a thorough investigation of how these poems have been interpreted in the Japanese commentary tradition

The second concluding part offers an innovative study of the poetics of scent nioizuke essential for understanding the creative force of this poetry An Exposition of the Epistle of Paul the Apostle to the Hebrews. By the Rev. Robert Duncan. [With the Text.] ,1844 **Metaphysics and Hermeneutics in the Medieval Platonic Tradition** Stephen

Gersh,2020-11-09 Metaphysics and Hermeneutics in the Medieval Platonic Tradition consists of twelve essays originally published between 2006 and 2015 dealing with main trends and specific figures within the medieval Platonic tradition Three essays provide general surveys of the transmission of late ancient thought to the Middle Ages with emphasis on the ancient authors the themes and their medieval readers respectively The remaining essays deal especially with certain major figures in the Platonic tradition including pseudo Dionysius the Areopagite Iohannes Scottus Eriugena and Nicholas of Cusa The principal conceptual aim of the collection is to establish the primacy of hermeneutics within the philosophical program developed by these authors in other words to argue that their philosophical activity substantially albeit not exclusively consists of the reading and evaluation of authoritative texts The essays also argue that the role of hermeneutics varies in the course of the tradition between being a means towards the development of metaphysical theory and being an integral component of metaphysics itself In addition such changes in the status and application of hermeneutics to metaphysics are shown to be accompanied by a shift from emphasizing the connection between logic and philosophy to emphasizing that between rhetoric and philosophy The collection of essays fills in a lacuna in the history of philosophy in general between the fifth and the fifteenth centuries It also initiates a dialogue between the metaphysical hermeneutics of medieval Platonism and certain modern theories of hermeneutics structuralism and deconstruction The book will be of special interest to students of the classical tradition in western thought and more generally to students of medieval philosophy theology history and literature CS1094 Applied New Testament Bible Commentary Tom Hale,Steve Thorson,2012-12-10 The wisdom found in

Barnes,2024-10-07 The gospel is being preached however the Bible makes it clear that it is the truth of the gospel that has to be proclaimed to the world before it ends and warns of those preaching a different gospel This true gospel was being followed when Christ s followers were first called Christians after He left earth and only those adhering to this same gospel will be translated when He returns In a thoughtful word by word commentary on the most famous and most quoted verse in the Bible Randy Barnes with no

denominational predisposition shows how a correct understanding of John 3 16 clearly illuminates this identical gospel when the paradigms of customs and traditions are eliminated from its interpretations Using biblical hermeneutics and contextual juxtaposition as tools Barnes shows how the Bible gives its own interpretation of not only of John 3 16 but all other verses as well Using only scriptural references Barnes demonstrates how God has used both the Jewish and Christian faiths to spread the story of the true gospel to the world by examining over two dozen doctrinal issues from the earth s creation to its recreation from the books of Genesis to Revelation The book is formatted with both a comprehensive table of contents and an exhaustive index to enable its use as reference for Bible study Supplemental information such as diagrams and illustrations are also included to assist in your reading enjoyment Christians will find excellent support for foundational principles as well as be challenged in much traditional thinking *The Dial* Francis Fisher Browne, Waldo Ralph Browne, Scofield Thayer, 1910
