Firsthand America Combined:

Understanding the American Promise + America Firsthand 8th Ed Vol 1 + James L. Roark, Michael P. Johnson, Patricia Cline Cohen, Sarah Stage, Alan Lawson, University Susan M Hartmann, University Robert D Marcus, University David Burner, University Anthony Marcus, 2011-05-18 **Firsthand America** David Burner, Virginia Bernhard, Stanley I. Kutler, 2005 *America Firsthand* Robert D. Marcus, 1989 **America Firsthand: From settlement to Reconstruction**, 1989 **America Firsthand: From Reconstruction to the present**, 1992 **America Firsthand, Volume 1** Anthony Marcus, John M. Giggie, David Burner, 2015-12-28 This distinctive class tested primary source reader tells America's story through the words and other creative expressions of the ordinary and extraordinary Americans who shaped it Points of View sections provide varied vantage points on important topics and select images draw students into interpreting the visual record This carefully crafted ready to go collection saves instructors time and effort in finding consistently engaging and informative sources **America Firsthand: Readings from Reconstruction to the present**, 2004 **Firsthand America** Virginia Bernhard, 1992 *The Bauhaus and America* Margret Kentgens-Craig, 2001 After the Bauhaus's closing in 1933 many of its protagonists moved to the United States where their acceptance had to be cultivated In this book Margret Kentgens-Craig shows that the fame of the Bauhaus in America was the result not only of the inherent qualities of its concepts and products but also of a unique congruence of cultural supply and demand of a consistent flow of information and of fine tuned marketing Thus the history of the American reception of the Bauhaus in the 1920s and 1930s foreshadows the patterns of fame making that became typical of the post World War II art world **BOOK JACKET** Perspectives, 1997

New Faces in a Changing America Loretta I. Winters, Herman L. DeBose, 2003 *New Faces in a Changing America* is a comprehensive penetrating authoritative and provocative examination of what it means to be multiracial in this country With contributions by the leading thinkers activists and researchers on the subject it admirably links theory and the powerful lived experiences of mixed race people This book will be the most important reference source on the subject for many years James P Allen California State University Northridge Not since the work of Root has there been as important of an anthology as *New Faces in a Changing America* This book explores the reality of multiracial people from a variety of theoretical and conceptual perspectives It is a must read for anybody who want to understand the multiracial movement and the multiracial people who lead that movement Any teacher who wants to introduce the concept of multiraciality to his/her class must also have this book Winters and DeBose are to be commended for putting together this first rate academic examination of an important social phenomenon George Yancey University of North Texas How multiracial people identify themselves can have major consequences on their positions in their families communities and society Even the U S Census has recognized the rapidly increasing numbers of those who consider themselves multiracial adding a new racial category to the 2000 Census form two or more races *New Faces in a Changing America* *Multiracial Identity in the 21st Century* examines the multiracial

experience its history and the political issues and consequences surrounding biracial and multiracial identity bringing together top names in the field to give readers cutting edge views and insights gained from contemporary research This important new text follows the trail blazed by Maria Root who contributes its opening chapter An introduction places the issues of multiracial identity into context via a discussion of U S Census data and debates providing an overview of the varied readings to come covering such topics as Race as a social rather than biological construction The Multiracial Movement Racial Ethnic Groups in America and Beyond Race Gender human service professionals including psychologists counselors social workers and school personnel and importantly multiracial individuals themselves America Firsthand, Volume 2 Robert D. Marcus, David Burner, 1992

Before You Live Together David Gudgel, 2003-08-08 Will Living Together Bring You Closer or Drive You Apart You are about to make a decision that will take your life in a totally new direction one that will have a lasting impact on you and someone you love If you are wrestling with that decision now is the time to stop and set your emotions gently aside and take time to sort through your own feelings as well as other people's opinions about what is best for you The basic message of Before You Live Together is candid caring and thoughtful using true stories to illustrate different living together situations and their outcomes It also addresses the basic questions and issues you may have asked yourself including Is this the best way to find out if we are compatible Why do we need a piece of paper to tell us we are committed to each other Is it so much cheaper than paying two rents While this book presents biblical values in a compelling and loving way it never lectures but instead seeks to help you decide what is best for both of you Read it for yourself Read it with the one you love Read it to make the right decision at the time when it matters most **Henry George** Henry George, Kenneth C. Wenzer, 2019-07-23 More than a century after his death in 1897 Henry George remains one of the most original and influential economic thinkers in American history His revolutionary theory on land taxation gained a tremendous following reshaped the nation's political and economic debate and continues today to be a widely discussed and controversial subject throughout the world George's seminal work was Progress and Poverty 1879 but as a reformer economist journalist and political candidate he wrote scores of articles on a vast array of topics including political thought election reform immigration labor Lincoln presidential campaigns private property socialism industrialization Ireland Australia the Chinese in California and his race for mayor of New York City His writing shaped a generation of statesmen and intellectuals including Winston Churchill Robert La Follette Clarence Darrow George Bernard Shaw and Milton Friedman Despite his profound influence on economic thought and American reform he remains understudied in part because many of his writings appeared in obscure journals long defunct daily newspapers and long out of print collections This four volume set rectifies this problem by gathering all of George's hard to find articles and essays in one comprehensive edition It also includes the first biographical sketch of him written in 1884 and never before republished as well as numerous articles he wrote during his tour of Australia in 1890 Edited by noted George scholar Kenneth C Wenzer each article is reprinted in its original form with

annotations There is a general introduction to each volume A timeline of George s activities and travels is also included

America's Largest Classroom Jessica Leigh Thompson, Ana K. Houseal, 2020 America s largest classroom includes 419 sites covering more than 85 million acres in all 50 states and territories These sites present hundreds of lessons from battlefields to lakeshores and monuments to scenic trails there are unlimited opportunities for immersive reflective learning about conservation and citizenship This book presents an interdisciplinary collection of research and case studies of such initiatives The chapters illustrate how learners of all ages are engaged to understand critical issues from climate change to civil rights The five sections of the book address 1 different types of learning 2 research informing learning and learning informing research 3 learning about ourselves and our health 4 partnering to engage the next generation and 5 strategies to inform park learning practice

Harold, the People's Mayor Dempsey Travis, 2017-12-12 Harold Washington was one of the most spellbinding and irresistible characters I have encountered in my 40 years in journalism and politics Part philosopher part street brawler and always entertaining Harold was as big and ebullient as the town he came to lead David Axelrod former senior advisor to President Barack Obama Harold the People s Mayor is the authorized biography of Chicago s first black mayor written by the late civil rights activist and prolific author Dempsey Travis a man whose personal friendship with Washington spanned more than 50 years Travis drew on recollections notes and several hundred hours worth of interviews with Washington and his close associates in order to craft a portrait of Washington that spans his childhood military years political career and death Travis gained deep insights into Washington during the years he knew him both as a boy and a man and those combined with his encyclopedic knowledge of Chicago politics have resulted in an essential work of political biography and Chicago history Published to commemorate the 30th anniversary of Washington s untimely passing this is a firsthand personal account of the life and career of one of the country s most significant big city mayors and influential African American politicians a man who former President Barack Obama credits as an inspiration Moving comprehensive and well researched Harold the People s Mayor is required reading for anyone interested in 20th century big city politics and in this remarkable figure and how he lived worked and rose to transform the political landscape of Chicago

American Indian Constitutional Reform and the Rebuilding of Native Nations Eric D. Lemont, 2009-08-17 Since 1975 when the U S government adopted a policy of self determination for American Indian nations a large number of the 562 federally recognized nations have seized the opportunity to govern themselves and determine their own economic political and cultural futures As a first and crucial step in this process many nations are revising constitutions originally developed by the U S government to create governmental structures more attuned to native people s unique cultural and political values These new constitutions and the governing institutions they create are fostering greater governmental stability and accountability increasing citizen support of government and providing a firmer foundation for economic and political development This book brings together for the first time the writings of tribal reform leaders academics and legal practitioners to offer a comprehensive overview of

American Indian nations constitutional reform processes and the rebuilding of native nations The book is organized in three sections The first part investigates the historical cultural economic and political motivations behind American Indian nations recent reform efforts The second part examines the most significant areas of reform including criteria for tribal membership citizenship and the reform of governmental institutions The book concludes with a discussion of how American Indian nations are navigating the process of reform including overcoming the politics of reform maximizing citizen participation and developing short term and long term programs of civic education

The Road to Independence: Virginia 1763-1783 and Geography Service Government Virginia. History,2019-11-26 In *The Road to Independence Virginia 1763 1783* the Geography Service of the Virginia Government intricately chronicles the transformative years leading up to America's quest for independence This meticulously researched work blends historical narrative with analysis showcasing how factors such as political turbulence social unrest and economic shifts influenced Virginia's pivotal role in the American Revolution The authors employ a clear didactic literary style that engages both scholars and casual readers situating Virginia's history within a broader national context while highlighting local significances and communal struggles that fueled the fire of independence The Geography Service of the Virginia Government grounded in the rich tapestry of Virginia's history draws on state archives and diverse primary sources to illuminate the voices and perspectives that shaped this era By synthesizing geographical insights with historical context the authors offer readers a comprehensive view of how geographic features and settlement patterns contributed to revolutionary sentiments Their commitment to educational outreach underscores a profound respect for Virginia's past and its enduring legacy within American history I highly recommend *The Road to Independence* to anyone interested in understanding the intricate dynamics of Virginia's evolution during these crucial years This book serves as both an informative guide for students and a thought provoking resource for historians fostering a deeper appreciation for the local narratives that comprise America's fight for freedom

In Truth Matthew Fraser,2020-03-27 From ancient Rome to the current Internet age this sweeping history of ideas explores how different epochs wrestled with the issue of truth and lies From the ancient Greeks and Romans to the modern era how have people determined what is true How have those with power and influence sought to control the narrative Are we living in a post truth era or is that notion simply the latest attempt to control the narrative The relationship between truth and power is the key theme Moving through major historical periods the author focuses on notable people and events from well known leaders like Julius Caesar and Adolf Hitler to lesser known individuals like Procopius and Savonarola He notes distinct parallels in history to current events Julius Caesar's publication of his *Gallic Wars* and *Civil Wars* was an early exercise in political spin not unlike what we see today During the English Civil War and the Enlightenment pamphleteering coupled with the new power of the printing press challenged the status quo as online and social media does in our time And fake news was already being used by German chancellor Otto von Bismarck in nineteenth century Europe and by the yellow journalism of American newspaper magnates William Randolph

Hearst and Joseph Pulitzer near the turn of the twentieth century The author concludes optimistically noting that we are debating and discussing truth more fiercely today than in any previous era The determination to arrive at the truth despite the manipulations of the powerful bodes well for the future of democracy

America's Most Famous Catholic (According to Himself) Stephanie N. Brehm, 2019-09-03 For nine years Stephen Colbert's persona Colbert a Republican superhero and parody of conservative political pundits informed audiences on current events politics social issues and religion while lampooning conservative political policy biblical literalism and religious hypocrisy To devout vocal and authoritative lay Catholics religion is central to both the actor and his most famous character Yet many viewers wonder Is Colbert a practicing Catholic in real life or is this part of his act America's Most Famous Catholic According to Himself examines the ways in which Colbert challenges perceptions of Catholicism and Catholic mores through his faith and comedy Religion and the foibles of religious institutions have served as rich fodder for scores of comedians over the years What set Colbert apart on his Comedy Central show The Colbert Report was that his critical observations were made more powerful and harder to ignore because he approached religious material not from the predictable stance of the irreverent secular comedian but from his position as one of the faithful He is a Catholic celebrity who can bridge critical outsider and participating insider neither fully reverent nor fully irreverent Providing a digital media ethnography and rhetorical analysis of Stephen Colbert and his character from 2005 to 2014 author Stephanie N Brehm examines the intersection between lived religion and mass media moving from an exploration of how Catholicism shapes Colbert's life and world towards a conversation about how Colbert shapes Catholicism Brehm provides historical context by discovering how Colbert compares to other Catholic figures such as Don Novello George Carlin Louis C K and Jim Gaffigan who have each presented their views of Catholicism to Americans through radio film and television The last chapter provides a current glimpse of Colbert on The Late Show where he continues to be voice for Catholicism on late night now to an even broader audience America's Most Famous Catholic According to Himself also explores how Colbert carved space for Americans who currently define their religious lives through absence ambivalence and alternatives Brehm reflects on the complexity of contemporary American Catholicism as it is lived today in the often ignored form of Catholic multiplicity thinking Catholics cultural Catholics cafeteria Catholics and lukewarm Catholics or what others have called Colbert Catholicism an emphasis on the joy of religion in concert with the suffering By examining the humor in religion Brehm allows us to see clearly the religious elements in the work and life of comedian Stephen Colbert

Eventually, you will very discover a additional experience and capability by spending more cash. nevertheless when? pull off you agree to that you require to acquire those every needs following having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will lead you to understand even more around the globe, experience, some places, taking into account history, amusement, and a lot more?

It is your agreed own become old to be active reviewing habit. among guides you could enjoy now is **Firsthand America Combined** below.
