Explicit and Authentic Acts David E. Kyvig, 1996 This book could not be more timely Kyvig provides a rich and comprehensive history of the politics and operation of the amending process It deserves the attention of not only historians political scientists and legal scholars but also those concerned with public affairs david M O Brien author of Storm Center The Supreme Court in American Politics A lively challenge to traditional views William Leuchtenburg author of The Supreme Court Reborn The Quartet Joseph J. Ellis, 2016-05-03 NATIONAL BESTSELLER The Pulitzer Prize winning author of Founding Brothers tells the unexpected story of America s second great founding and of the men most responsible Alexander Hamilton George Washington John Jay and James Madison Ellis explains of why the thirteen colonies having just fought off the imposition of a distant centralized governing power would decide to subordinate themselves anew These men with the help of Robert Morris and Gouverneur Morris shaped the contours of American history by diagnosing the systemic dysfunctions created by the Articles of Confederation manipulating the political process to force the calling of the Constitutional Convention conspiring to set the agenda in Philadelphia orchestrating the debate in the state ratifying conventions and finally drafting the Bill of Rights to assure state compliance with the constitutional settlement created the new republic Ellis gives us a dramatic portrait of one of the most crucial and misconstrued periods in American history the years between the end of the Revolution and the formation of the federal government The Quartet unmasks a myth and in its place presents an even more compelling truth one that lies at the heart of understanding the creation of the United States of America Plain, Honest Men Richard Beeman, 2010-02-09 In May 1787 in an atmosphere of crisis delegates met in Philadelphia to design a radically new form of government Distinguished historian Richard Beeman captures as never before the dynamic of the debate and the characters of the men who labored that historic summer Virtually all of the issues in dispute the extent of presidential power the nature of federalism and most explosive of all the role of slavery have continued to provoke conflict throughout our nation s history This unprecedented book takes readers behind the scenes to show how the world s most enduring constitution was forged through conflict compromise and fragile consensus As Gouverneur Morris delegate of Pennsylvania noted While some have boasted it as a work from Heaven others have given it a less righteous origin I have many reasons to believe that it is the work of plain honest men The Age of Federalism Stanley M. Elkins, Eric McKittrick, 1995-02-23 A history of the Federalist period combines biographical insights with analysis and reflection to capture the sweeping issues remarkable personalities and intricate controversies of the time in a swiftly moving narrative

Kaminski,Gaspere J. Saladino,1976 This landmark work in historical and legal scholarship draws upon thousands of sources to trace the Constitution s progress through each of the thirteen states conventions Provided by publisher Liberty's Blueprint Michael Meyerson,2009-06-30 Aside from the Constitution itself there is no more important document in American politics and law than The Federalist the series of essays written by Alexander Hamilton and James Madison to explain the proposed Constitution to the American people and persuade them to ratify it Today amid angry debate over what the Constitution means and what the framers original intent was The Federalist is more important than ever offering the best insight into how the framers thought about the most troubling issues of American government and how the various clauses of the Constitution were meant to be understood Michael Meyerson s Liberty s Blueprint provides a fascinating window into the fleeting and ultimately doomed friendship between Hamilton and Madison as well as a much needed introduction to understanding how the lessons of The Federalist are relevant for resolving contemporary constitutional issues from medical marijuana to the war on terrorism This book shows that when properly read The Federalist is not a conservative manifesto but a document that rightfully belongs to all Americans across the political spectrum New York Historical Society Quarterly New-York Historical Society,1967 *Maryland Historical Magazine* William Hand Browne,Louis Henry Dielman,1967 Includes the proceedings of the Society **The Democratic Republicans of New York** Alfred F.
