The Truth of Religious Language in the Analytic Philosophy of Ian T. Ramsey and P.M. Van Buren Nwachukwu Simon Ajaegbu Olariche, 1992 The Philosophy of Religious Language Dan Stiver, 1996 This text provides a lively introduction to the developments in philosophy of language in this century and to the way these have impinged upon religious language Included is the relevance of analytical philosophy of language but the text also covers important historical debates about religious language that have had increasing impact upon biblical studies and theology Philosophy as a Humanistic Discipline Bernard Williams, 2006 This is a collection of essays in metaphysics ethics and related branches of philosophy by Bernard Williams one of the greatest philosophers of the 20th century Most essays were previously unpublished or relatively inaccessible All of them are written with his distinctive rigour imagination and depth **Renewing Philosophy** Hilary Putnam, 1995-08-11 Hilary Putnam one of America's most distinguished philosophers surveys an astonishingly wide range of issues and proposes a new clear cut approach to philosophical questions a renewal of philosophy He discusses topics from artificial intelligence to natural selection **Paul Ricoeur between Theology and Philosophy** Boyd Blundell, 2010-05-25 Paul Ricoeur 1913 2005 remains one of philosophy of religion's most distinctive voices Ricoeur was a philosopher first and while his religious reflections are very relevant to theology Boyd Blundell argues that his philosophy is even more relevant Using Ricoeur's own philosophical hermeneutics Blundell shows that there is a way for explicitly Christian theology to maintain both its integrity and overall relevance He demonstrates how the dominant pattern of detour and return found

throughout Ricoeur's work provides a path to understanding the relationship between philosophy and theology. By putting Ricoeur in dialogue with current fundamental and longstanding debates about the role of philosophy in theology, Blundell offers a hermeneutically sensitive engagement with Ricoeur's thought from a theological perspective.
