Ethics For Adversaries

Bardo Fassbender, Knut Traisbach

Ethics For Adversaries:

Ethics for Adversaries Arthur Isak Applbaum, 2000-07-10 The adversary professions law business and government among others typically claim a moral permission to violate persons in ways that if not for the professional role would be morally wrong Lawyers advance bad ends and deceive business managers exploit and despoil public officials enforce unjust laws and doctors keep confidences that if disclosed would prevent harm Ethics for Adversaries is a philosophical inquiry into arguments that are offered to defend seemingly wrongful actions performed by those who occupy what Montaigne called necessary offices Applbaum begins by examining the career of Charles Henri Sanson who is appointed executioner of Paris by Louis XVI and serves the punitive needs of the ancien régime for decades Come the French Revolution the King's Executioner becomes the king's executioner and he ministers with professional detachment to each defeated political faction throughout the Terror and its aftermath By exploring one extraordinary role and the arguments that can be offered in its defense Applbaum raises unsettling doubts about arguments in defense of less sanguinary professions and their practices To justify harmful acts adversaries appeal to arguments about the rules of the game fair play consent the social construction of actions and actors good outcomes in equilibrium and the legitimate authority of institutions Applbaum concludes that these arguments are weaker than supposed and do not morally justify much of the violation that professionals and public officials inflict Institutions and the roles they create ordinarily cannot mint moral permissions to do what otherwise would be morally prohibited

A Modern Legal Ethics Daniel Markovits, 2011-01-17 Daniel Markovits proposes here a wholesale renovation of legal ethics one that contributes to ethical thought generally His book rejects the casuistry that dominates contemporary applied ethics in favour of an interpretive method that may be mimicked in other areas

The Limits of Human Rights Bardo Fassbender, Knut Traisbach, 2019 The continuous expansion of human rights can often appear to be positive yet it provokes criticism This volume argues against the internationalisation of human rights proving the world is moving from bilateralism to community interests stating contentious supervision evaluation and substitution are far more common than genuine cooperation

The Politics of Dissensus Anna Björk, Elena García Guitián, Taru Haapala, Pasi Ihalainen, Hanna-Mari Kivistö, Anna Kronlund, Jussi Kurunmäki, Raija-Leena Loisa, Rosario López, Anthoula Malkopoulou, Kyösti Pekonen, Onni Pekonen, Antonio Rivera García, Suvi Soininen, Manuel Toscano, Tuula Vaarakallio, Claudia Wiesner, 2014-07-04 The Politics of Dissensus inverts the traditional perspective on the study of parliamentary politics by focusing on its less obvious and less well known aspects Dissensus instead of consensus becomes the condition for the intelligibility of parliamentary politics Such politics is indebted to the rhetorical culture of addressing issues from opposite perspectives and debating the alternatives pro et contra no motion is approved without a thorough examination of and confrontation among imaginable alternatives Establishing the openness of political debating parliamentarism has become a distinctive historical contribution to the rise of parliamentary democracy Parliament in Debate refers to the paradigmatic institution for political

deliberation the debates surrounding its legislative activity as well as the supervision of government and administration Parliament has become a fascinating object of scrutiny as a political institution adopted and developed by different political traditions In a nutshell the book retrieves the study of parliamentary politics to present political theory and action in the parliamentary mode It is a book on the relevance of parliamentarism to the study of politics and a book on the comparative conceptual and institutional history of parliamentary politics The Politics of Dissensus Parliament in Debate is the outcome of an international team of contributors coordinated by two ongoing research projects relying on a long lasting international cooperation namely the Academy of Finland project The Politics of Dissensus and the Spanish National Research Fund projects The Rhetorics of Democracy and The Civic Constellation

Encyclopedia of Sustainable Management Samuel Idowu, René Schmidpeter, Nicholas Capaldi, Liangrong Zu, Mara Del Baldo, Rute Abreu, 2023-11-21 This encyclopedia is the most comprehensive and up to date source of reference for sustainability in business and management It covers both traditional and emerging concepts and terms and is fully international in its scope More than 700 contributions of internationally renowned experts provide a definitive access to the knowledge in the area of sustainable and responsible management All actors in the field will find reliable and up to date definitions and explanations of the key terms and concepts of management in this reference work The Encyclopedia of Sustainable Management represents all aspects of management and business conduct It takes sustainability as a management concept that gives due credit to the complexity and diverging constraints in which businesses and corporations act today and it emphasizes and focuses approaches that help ensure that today's management decisions and actions will be the basis for tomorrow's prosperity

Lutheran Theology and Secular Law Marie A. Failinger, Ronald W. Duty, 2018-04-17 This collection brings together lawyers and theologians in the U S and Europe to reflect on Lutheran understandings of the political use of the law by secular governments The book furthers the intellectual conversation about how Lutheran insights can be used to develop jurisprudence and specific solutions to legal issues in which there is strong conflict It presents the basic theological and interpretive assumptions of the Lutheran tradition as they may inform the creation of legislation and judicial interpretation at local national and international levels The authors explore Luther's conception of the foundations of modern secular law and understanding of vocation The work discusses the application of Lutheran theological principles to contemporary issues such as the war on terror native land rights property law family law church and state medical experimentation and the criminal law of rape providing ethical insights for lawyers and lawmakers

The Counsel of Rogues? Dr Tim Dare, 2013-02-28 There is a widespread perception that even when lawyers are acting squarely within their roles being good lawyers they display the vices of dishonesty and deviousness At the heart of the perception is the so called standard conception of the lawyer's role according to which lawyers owe special duties to their clients which render permissible or even mandatory acts that would otherwise count as morally impermissible Many have concluded that the standard conception should be set aside This book suggests that the

moral implications of the standard conception are often mischaracterised Critics suggest that the conception requires lawyers to secure any advantage the law can be made to give But Dare offers a moral argument for the conception according to which it justifies a more limited and moderate sphere of professional conduct than is normally supposed allowing lawyers to preserve their integrity while giving proper weight to the role differentiated permissions and obligations of their roles

The Morality of Spin Nathaniel J. Klemp, 2012 The Morality of Spin explores the ethics of political rhetoric crafted to persuade and possibly manipulate potential voters Based on extensive insider interviews with leaders of Focus on the Family one of the most powerful Christian right organizations in America Nathaniel Klemp asks whether the tactic of tailoring a message to a particular audience is politically legitimate or amounts to democratic malpractice Klemp's nuanced assessment highlighting both democratic vices and virtues of the political process

History and Morality Donald Bloxham, 2020-07-02 Against majority opinion within his profession Donald Bloxham argues that it is legitimate often unavoidable and frequently important for historians to make value judgements about the past History and Morality draws on a wide range of historical examples and its author's insights as a practicing historian Examining concepts like impartiality neutrality contextualisation and the use and abuse of the idea of the past as a foreign country Bloxham's book investigates how far tacit moral judgements infuse works of history and how strange those histories would look if the judgements were removed The author argues that rather than trying to eradicate all judgemental elements from their work historians need to think more consistently about how and with what justification they make the judgements that they do The importance of all this lies not just in the responsibilities that historians bear towards the past responsibilities to take historical actors on those actors own terms and to portray the impact of those actors deeds but also in the role of history as a source of identity pride and shame in the present The account of moral thought in History and Morality has ramifications far beyond the activities of vocational historians

The Ashgate Research Companion to Military Ethics James Turner Johnson, Eric D. Patterson, 2016-03-23 This Companion provides scholars and graduates serving and retired military professionals members of the diplomatic and policy communities concerned with security affairs and legal professionals who deal with military law and with international law on armed conflicts with a comprehensive and authoritative state of the art review of current research in the area of military ethics Topics in this volume reflect both perennial and pressing contemporary issues in the ethics of the use of military force and are written by established professionals and respected commentators Subjects are organized by three major perspectives on the use of military force the decision whether to use military force in a given context the matter of right conduct in the use of such force and ethical responsibilities beyond the end of an armed conflict Treatment of issues in each of these sections takes account of both present day moral challenges and new approaches to these and the historical tradition of just war Military ethics as it has developed has been a particularly Western concern and this volume reflects that reality However in a globalized world awareness of similarities and differences between Western approaches and those of other major cultures is

essential For this reason the volume concludes with chapters on ethics and war in the Islamic Chinese and Indian traditions with the aim of integrating reflection on these approaches into the broad consideration of military ethics provided by this volume

Professional Ethics in Context Eric Mount,1990-01-01 Identifies the root of moral conflicts and discusses institutional cultures metaphors self image and ethical models

John Gregory's Writings on Medical Ethics and Philosophy of Medicine Laurence B. McCullough,2007-11-23 This volume introduces a new subseries of Philosophy and Medicine Classics of Medical Ethics The purpose of this new subseries is to bring out scholars editions of major works in the history of medical ethics and philosophy of medicine This new subseries will target for publication texts that are long out of print and difficult to access Each volume will contain an introduction to the writings on medical ethics and philosophy of medicine produced by the original author Each volume will also contain a guide to the primary and major secondary literature to facilitate teaching and scholarship in bioethics philosophy of medicine and history of medicine Texts will be presented in their original style and will provide pagination of the original so that citations can be made either to the original text or to the page numbers in these volumes Finally each volume will be well indexed again to facilitate teaching and research

Bioethics and philosophy of medicine the former more so than the latter have an insufficiently developed understanding of themselves as having a history As a consequence these fields lack the maturity that critical dialogue of the past with the present provides for other fields and disciplines of the humanities To the extent that this problem is due to the fact that major primary historical sources are not readily available this subseries will contribute to the further development and maturation of bioethics and philosophy of medicine as fields of the humanities

Legal Ethics Deborah L. Rhode,David Luban,2004

Legal Ethics

Encounter between Enemies: Captivity and Ransom in the Latin Kingdom of Jerusalem Yvonne Friedman,2021-10-25 This fascinating study examines the customs legal codes and socioeconomic mechanisms that evolved from the initial Christian Muslim encounter on Crusader battlefields It pinpoints changes in European mentality and conduct of war tracing acculturation processes in Frankish society in the Levant These changes emerged from the need to redeem captives making payment of ransom to the infidel conceivable and acceptable The book pays special attention to the story of the vanquished to the situation of women to the behavior of the Military Orders toward captives and to the image of the captive in Crusader literature in the context of making war and peace

Ethics and the Future of Spying Jai Galliot,Warren Reed,2016-01-08 This volume examines the ethical issues generated by recent developments in intelligence collection and offers a comprehensive analysis of the key legal moral and social questions thereby raised Intelligence officers whether gatherers analysts or some combination thereof are operating in a sea of social political scientific and technological change This book examines the new challenges faced by the intelligence community as a result of these changes It looks not only at how governments employ spies as a tool of state and how the ultimate outcomes are judged by their societies but also at the mind set of the spy In so doing this volume casts a rare light on an often ignored dimension of spying the essential role

of truth and how it is defined in an intelligence context This book offers some insights into the workings of the intelligence community and aims to provide the first comprehensive and unifying analysis of the relevant moral legal and social questions with a view toward developing policy that may influence real world decision making The contributors analyse the ethics of spying across a broad canvas historical philosophical moral and cultural with chapters covering interrogation and torture intelligence s relation to war remote killing cyber surveillance responsibility and governance In the wake of the phenomena of WikiLeaks and the Edward Snowden revelations the intelligence community has entered an unprecedented period of broad public scrutiny and scepticism making this volume a timely contribution This book will be of much interest to students of ethics intelligence studies security studies foreign policy and IR in general **Annual review of law and ethics** ,2000

The Applied Ethics of Emerging Military and Security Technologies Braden R. Allenby,2016-12-05 The essays in this volume illustrate the difficult real world ethical questions and issues arising from accelerating technological change in the military and security domains and place those challenges in the context of rapidly shifting geopolitical and strategic frameworks Specific technologies such as autonomous robotic systems unmanned aerial vehicles cybersecurity and cyberconflict and biotechnology are highlighted but the essays are chosen so that the broader implications of fundamental systemic change are identified and addressed Additionally an important consideration with many of these technologies is that even if they are initially designed and intended for military or security applications they inevitably spread to civil society where their application may raise very different ethical questions around such core values as privacy security from criminal behaviour and state police power Accordingly this volume is of interest to students of military or security domains as well as to those interested in technology and society and the philosophy of technology **Ecclesia and Ethics** Edward Allen Jones III,John Frederick,John Anthony Dunne,Eric Lewellen,Janghoon Park,2016-05-19 Ecclesia and Ethics considers the subject of Ecclesial Ethics within its theological theoretical and exegetical contexts Part one presents the biblical theological foundations of an ecclesial ethic examining issues such as creation and Paul s theology of the Cross Part two moves on to examine issues of character formation and community Finally part three presents a range of exegetical applications which examine scripture and ethics in praxis These essays look at hot button issues such as the virtual self in the digital age economics and attitudes to war The collection includes luminaries such as N T Wright Michael J Gorman Stanley Hauerwas and Dennis Hollinger as well as giving space to new theological and exegetical voices As such Ecclesia and Ethics provides a challenging and contemporary examination of modern ethical debates in the light of up to date theology and exegesis

International Journal of Ethics ,1908 Includes section Book reviews **The Handbook of Communication Ethics** George Cheney,Steve May,Debashish Munshi,2011-01-18 The Handbook of Communication Ethics serves as a comprehensive guide to the study of communication and ethics It brings together analyses and applications based on recognized ethical theories as well as those outside the traditional domain of ethics but which engage important questions of power equality and

justice The work herein encourages readers to make important connections between matters of social justice and ethical theory This volume makes an unparalleled contribution to the literature of communication studies through consolidating knowledge about the multiple relationships between communication and ethics by systematically treating areas of application and by introducing explicit and implicit examinations of communication ethics to one another The Handbook takes an international approach analyzing diverse cultural contexts and comparative assessments The chapters in this volume cover a wide range of theoretical perspectives on communication and ethics including feminist postmodern and postcolonial engage with communication contexts such as interpersonal and small group communication journalism new media visual communication public relations and marketing and explore contemporary issues such as democracy religion secularism the environment trade law and economics The chapters also consider the dialectical tensions between theory and practice academic and popular discourses universalism and particularism the global and the local and rationality and emotion An invaluable resource for scholars in communication and related disciplines the Handbook also serves as a main point of reference in graduate and upper division undergraduate courses in communication and ethics It stands as an exceptionally comprehensive resource for the study of communication and ethics

Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Ethics For Adversaries eBooks, including some popular titles.

FAQs About Ethics For Adversaries Books

What is a Ethics For Adversaries PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Ethics For Adversaries PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Ethics For Adversaries PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Ethics For Adversaries PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Ethics For Adversaries PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
