**Ethics and Theological Disclosures** Guy Mansini, James G. Hart, 2003 Honours distinguished philosopher and professor Robert Sokolowski for his work in phenomenology the essays included in this collection demonstrate the reception and fruitfulness of Sokolowski's analysis of moral action and his idea of a theology of disclosure [The Bible and Catholic Ressourcement: Essays on Scripture and Theology](#) William M. Wright IV, 2019-09-12 The essays in this collection all concern the interpretation of Scripture in relation to the Catholic Ressourcement A theological renewal movement that began in the early twentieth century the Ressourcement movement centered on a return to the sources such as Scripture the Church Fathers and liturgy The point of such a return was to discover in these sources the wisdom truth and spiritual insight which could speak meaningfully to contemporary challenges William M Wright first focuses on three major Ressourcement figures Henri de Lubac Yves Congar and Joseph Ratzinger and considers aspects of their theological thinking about Scripture or how Scripture is employed as a theological resource Next Wright examines Benedict XVI's Jesus of Nazareth books showing how they put into practice for a general readership many of the theological insights characteristic of the Ressourcement movement Last Wright considers how the theological insights of the Ressourcement movement can be used to as a resource for the interpretation of Scripture He uses characteristic Ressourcement concerns such as the relationship between the testaments the theology of history and liturgy to help illumine the biblical text Wright not only provides substantive examination of the place of the Bible in this important theological movement but also shows how the insights of the Ressourcement can be helpful for the interpretation of Scripture today **The Reception of Husserlian Phenomenology in North America** Michela Beatrice Ferri, 2019-06-05 This book presents a historiographical and theoretical analysis of how Husserlian Phenomenology arrived and developed in North America The chapters analyze the different phases of the reception of Edmund Husserl's thought in the USA and Canada The volume discusses the authors and universities that played a fundamental role in promoting Husserlian Phenomenology and clarifies their connection with American Philosophy Pragmatism and with Analytic Philosophy Starting from the analysis of how the first American Scholars of Edmund Husserl's thought opened the door to the reception of his texts the book explores the first encounters between Pragmatism and Husserlian Phenomenology in American Universities The study focuses then on those Scholars who fled from Europe to America from 1933 onwards to escape Nazism Felix Kaufmann Alfred Schutz Aron Gurwitsch Herbert Spiegelberg Fritz Kaufmann among the most notable and illustrates how their teaching provided the very basis for the spreading of Husserlian Phenomenology in North America The volume examines then the action of the 20th Century North American Husserl Scholars together with those places societies centers and journals specifically created to represent the development of the studies devoted to Husserlian Phenomenology in the U S with a focus of the Regional Phenomenological Schools

**Dictionary of Modern American Philosophers** John R. Shook, 2005-01-01 The Dictionary of Modern American

Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected. It includes those intellectuals involved in the development of psychology, pedagogy, sociology, anthropology, education, theology, political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century. Each entry contains a short biography of the writer, an exposition and analysis of his or her doctrines and ideas, a bibliography of writings and suggestions for further reading. While all the major post Civil War philosophers are present, the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers. In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers. This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought.

**Christian Faith & Human Understanding** Robert Sokolowski, 2006-04 In this collection of essays renowned philosopher Robert Sokolowski illustrates how Christian faith is not an alternative to reason but rather an enhancement of it. *Aquinas the Augustinian* Michael Dauphinais, Barry David, Matthew Levering, 2007-09 The influence of St Augustine's thought upon that of St Thomas Aquinas is well known. With the exception of particular philosophical controversies, however, relatively little research has been done in this area. In summaries of medieval theology Aquinas is often seen as a follower of Aristotle over the traditional Augustinians of his day. Against this emphasis on Aristotle, the influence upon Aquinas of such thinkers as Pseudo Dionysius has been highlighted in recent research. While happily granting the influence of such figures as Aristotle and Pseudo Dionysius, this book explores the impact of Augustine's thought on Aquinas's theology, philosophy and biblical exegesis. The result is an enrichment of our understanding of Aquinas's contributions and a renewed awareness of his extraordinary indebtedness to his fifth century teacher. The book is composed of eleven essays by an international group of renowned scholars from the United States, England, Switzerland, Holland and Italy. The contributors are Gilles Emery, O. P., Harm Goris, Wayne Hankey, Mark Johnson, Matthew Lamb, Matthew Levering, Guy Mansini, O. S. B., Bruce D. Marshall, John O. Callaghan, John Rist and Michael Sherwin, O. P.

**ABOUT THE EDITORS** Michael Dauphinais and Matthew Levering are associate professors of theology at Ave Maria University. Barry David is associate professor of philosophy at Ave Maria. Dauphinais and Levering are coauthors of *Knowing the Love of Christ: An Introduction to the Theology of St Thomas Aquinas and Holy People*. Holy Land A Theological Introduction to the Bible, both are coeditors of *Reading John with St Thomas Aquinas*. Levering is also author of *Sacrifice and Community: Jewish Offering and Christian Eucharist*. Scripture and Metaphysics as well as *Christ's Fulfillment of Torah and Temple*.

**PRAISE FOR THE BOOK** In this substantive collection, scholars principally with theological leanings provide a rich array of analyses of various aspects of the oft muddled relationship between the bishop of Hippo and the friar from Roccasecca. What is significant is that it brings together the work of both established philosophers and theologians including scholars from western Europe and the United States and of younger scholars. It is a rich and rewarding mixture.

which begins with a substantive introduction providing the reader with a suitable roadmap indicating the direction taken by the contributors. This anthology is highly recommended. Anthony J. Lisska, *Journal of Ecclesiastical History*. The present volume represents a refreshing and healthy exploration of various ways in which Aquinas was indebted to or stood in relation to Augustine. The level of the scholarly contributions is high and they present some very enlightening perspectives on Augustine and Aquinas while respecting their considerable differences. All told, the volume makes a fine contribution to the appreciation of the two thinkers who were the most influential on the formation of Christian and Catholic philosophy and theology in the history of Western Christianity. Roland J. Teske, *S. J. American Catholic Philosophical Quarterly*. This collection of essays clarifies general divergences from and concurrences of St. Thomas with Augustine. The divergences do not follow a simple Aristotelian versus Augustinian divide. This volume dispels this idea and provides guiding insights into Augustinian Thomistic renewal of biblical exegesis and the theologies and philosophies of the Trinity, *imago dei*, love, and other crucial topics. Andrew Jaspers, *S. J. Maritain Notebook*. A stimulating volume. This volume makes good on the editors' stated goal of deepening our knowledge of the nature of Aquinas's reception of Augustine. Indeed, these essays provide a fascinating window into the dynamics of theologic. **What Happened to Civility** Ann Hartle, 2022-04-15. What is civility and why has it disappeared? Ann Hartle analyzes the origins of the modern project and the Essays of Michel de Montaigne to discuss why civility is failing in our own time. In this bold book, Ann Hartle, one of the most important interpreters of sixteenth-century French philosopher Michel de Montaigne, explores the modern notion of civility, the social bond that makes it possible for individuals to live in peace in the political and social structures of the Western world, and asks why it has disappeared. Concerned with the deepening cultural divisions in our postmodern, post-Christian world, she traces their roots back to the Reformation and Montaigne's Essays. Montaigne's philosophical project of drawing on ancient philosophy and Christianity to create a new social bond to reform the mores of his culture is perhaps the first act of self-conscious civility. After tracing Montaigne's thought, Hartle returns to our modern society and argues that this framing of civility is a human philosophical invention and that civility fails precisely because it is a human philosophical invention. She concludes with a defense of the central importance of sacred tradition for civility and the need to protect and maintain that social bond by supporting nonpoliticized, nonideological free institutions, including and especially universities and churches. **What Happened to Civility** is written for readers concerned about the deterioration of civility in our public life and the defense of freedom of religion. The book will also interest philosophers who seek a deeper understanding of modernity and its meaning, political scientists interested in the meaning of liberalism and the causes of its failure, and scholars working on Montaigne's Essays. **The Reception of Vatican II** Matthew L. Lamb, Matthew Levering, 2017-02-09. A sequel to *Vatican II: Renewal within Tradition* (OUP, 2008). *The Reception of Vatican II* shows how the Council has been received and interpreted over the course of the more than fifty years since it concluded. The meaning of the Second Vatican Council has been fiercely contested since before it was

even over and since its completion has seen a battle for the soul of the Church waged through the interpretation of Council documents Each essay in this volume looks at how one of those documents has been interpreted in the post Vatican II era and points the way forward for its future reception

Trinity and Incarnation Steven Nemes, 2023-08-28 This book argues that the doctrine of God taken for granted in the catholic tradition divine transcendence creatio ex nihilo divine simplicity makes it impossible to give an intelligible and coherent interpretation of the verbal formulas of the catholic dogmas of Trinity and incarnation By way of response to this apparent incoherence at the heart of the catholic theological tradition it proposes an alternative post catholic take on these central doctrines in the light of a qualified monistic conception of God and a Spirit Christological interpretation of Jesus's relation to God the Father as presented in the New Testament

*Reading Job with St. Thomas Aquinas* Matthew Levering, Piotr Roszak, Jorgen Vijgen, 2020-04-24 Reading Job with St Thomas Aquinas is a scholarly contribution to Thomistic studies specifically to the study of Aquinas's biblical exegesis in relation to his philosophy and theology Each of the thirteen chapters has a different focus within the shared concentration of the book on Aquinas's Literal Exposition on Job The essays are arranged in three Parts Job and Sacra Doctrina Providence and Suffering and Job and the Moral Life Boyle's opening essay argues that Aquinas's commentary seeks to show what is required in the Magister namely Job and God for the effective communication of wisdom Mansini's essay argues that by speaking God reveals the virtue of Job and its value in God's providence without the personal revelation or speech of God Job could not have known the value of his suffering Vijgen's essay explores the commentary's use of Aristotle for reflecting upon divine providence sorrow and anger resurrection and the new heavens and new earth Levering's essay explores the commentary's citations of the Gospel of John and argues that these pertain especially to divine speech and to light darkness Bonino's essay explains why divine incomprehensibility does not mean that Job is wrong to seek to understand God's ways Te Velde's essay explores how Aquinas's commentary draws upon the reasoning of his Summa contra gentiles with regard to the good order of the universe Goris's essay reflects upon how according to Aquinas's commentary sin is and is not related to suffering Knasas's essay argues that Aquinas does not hold that the resurrection of the body is a necessary philosophical corollary of the human desire for happiness Wawrykow's essay explores merit in relation to the connection between sin and punishment affliction as well as to the connection between good actions and flourishing Spezzano's essay shows that Job's hope and filial fear transform his suffering making him an exemplar of the consolation they provide to the just Mullady's essay reflects upon the moral problems and opportunities posed by the passions along with the ordering of the virtues to the reward of human happiness Flood's essay shows how Aquinas defends Job's possession of the qualities needed for true friendship including friendship with God such as patience delight in the presence of the friend and compassion Lastly Kromholtz's essay argues that although Aquinas's Literal Exposition on Job never extensively engages eschatology Aquinas depends throughout upon the reasonableness of hoping for the resurrection of the body and the final judgment

**Dialectical Anatomy of the Eucharist**

Donald Wallenfang, 2017-05-16 For centuries Christian theology has understood the Eucharist in terms of metaphysics or in protest against it Today an opening has been made to imagine the sacrament through the method of phenomenology bringing about new theological life and meaning In *Dialectical Anatomy of the Eucharist* Donald Wallenfang conducts a sustained analysis of the Eucharist through the aperture of phenomenology yet concludes the study with poetic and metaphysical twists Engaging the work of Jean Luc Marion Paul Ricoeur and Emmanuel Levinas Wallenfang proposes pioneering ideas for contemporary sacramental theology that have vast implications for interfaith and interreligious dialogue By tapping into the various currents within the Judeo Christian tradition Jewish Catholic Orthodox and Protestant a radical argument is developed that leverages the tension among them all Several new frontiers are explored dialectical theology a fourth phenomenological reduction the phenomenology of human personhood the poetics of the Eucharist and a reinterpretation of the concept of gift as conversation On the whole Wallenfang advances recent debates surrounding the relationship between phenomenology and theology by claiming an uncanny way out of emerging dead ends in philosophical theology return to the fray

**Phenomenology in a New Key: Between Analysis and History** Jeffrey Bloechl, Nicolas de Warren, 2015-01-19 In this collection of essays the sophistication and vibrancy of contemporary phenomenological research is documented including both its engagement with key figures in the history of philosophy and with critical problems defining future directions of philosophical investigations It honors the writings of Richard Cobb Stevens whose work in phenomenological philosophy analytic philosophy and the history of philosophy has served as model for generations of philosophers working between these three fields of research The essays collected in this volume provide a unique window on the contemporary state of the art in phenomenological philosophy by leading scholars of international reputation from North America and Europe Historical figures such as Aristotle and Hobbes are innovatively brought into dialogue with phenomenological thinking

Phenomenological thinking is brought to bear on a wide variety of problems from the nature of artworks and photography to questions concerning consciousness and knowledge Among the topics discussed in these specially commissioned essays phenomenology and Aristotle the nature of the primal ego Hobbes and Husserl intentionality and reference Neo Aristotelian ethics Husserl and Wittgenstein photography the nature of artworks

**Person, Being, and History** Michael Baur, Robert E. Wood, 2011-03 During a distinguished career as thinker and educator at universities across North America philosopher Kenneth L Schmitz has striven to recover metaphysical realism in a world that has after Kant turned to the subject Schmitz has done so through precisely the window of the subjectivity particularity and concern for history which marks philosophy after Kant Although primarily associated with his native University of Toronto where he was known as the Educator Schmitz also taught at Loyola Marymount Marquette the Catholic University of America and the John Paul II Institute for Studies on Marriage and Family His teaching focused upon the singularity of the human person founded upon the notion of being that generates the history of philosophy He was eminently generous in his appreciation of the philosophers about whom he

lectured He taught philosophy richly grounded in the history of philosophy as a gold mine rather than as a minefield  
 Anchored in his spirit the various essays in this volume by colleagues and former students of Schmitz examine his thought  
 and the subjects of his teaching In addition to an overall exposition of his own thought the collection treats themes such as  
 gift faith and reason culture and dialogue modernity and post modernity and themes in the work of various thinkers including  
 Aristotle Anselm Aquinas Martin Heidegger Gabriel Marcel Max Scheler and Jean Paul Sartre Special attention is given to G  
 W F Hegel whose philosophy Schmitz was particularly adept at teaching He turned many a budding scholar into a life long  
 student of Hegel s work Several of the essays begin with a special tribute to the honoree The volume concludes with a  
 bibliography of Schmitz s many works Michael Baur is associate professor of philosophy and adjunct professor of law at  
 Fordham University He is the editor of numerous works including The Emergence of German Idealism Robert E Wood is  
 professor and former chair of philosophy at the University of Dallas He is the longtime editor of the American Catholic  
 Philosophical Quarterly and author of three books and numerous articles Contributors Thomas Anderson Jennifer Bates  
 Michael Baur John Burbidge Thomas Busch James Crooks Daniel O Dahlstrom John Deely Martin Donougho Jude P Dougherty  
 Louis Dupr James Kow Jay Lampert John C McCarthy Ralph McInerny John Russon Daniel E Shannon and Robert E Wood  
 PRAISE FOR THE BOOK The editors of this book have done a great service in drawing attention to the notable excellences of  
 Schmitz s work excellences both systematic and historical Perhaps this will provide some impetus to make available more of  
 his essays surely worthy to be communicated to as wide an audience as possible The Thomist In his work Kenneth Schmitz  
 seeks to unify the disparate and argumentatively to seek the common ground on a diverse gathering of opinions Not that he  
 is blind to difference or so tolerant that criticism is suspended Rather his principal convictions enable him to favor the  
 principle of charity in interpretation and respect in critical assessment That these qualities have been communicated to his  
 former students and colleagues is apparent in these essays This collection brings the facets of Schmitz s philosophical  
 thought into a fruitful exchange and introduces the lifework of an incredibly gifted and original thinker Thomas R Flynn  
 Samuel Candler Dobbs Professor of Philosophy Emory University     [A Cultural History of Education in the Modern Age](#)

 Lamb, Matthew Levering, 2008-04-30 In Vatican II Renewal Within Tradition an international team of theologians challenges

the standard view of the Council as causing a rupture with earlier Catholic teaching Examining each document issued they argue that The Council was indeed putting forth a vision for the future of the Church but that vision was grounded in two millennia of tradition Taken together these essays demonstrate that Vatican II s documents are a development from an established antecedent in the Roman Catholic Church Each chapter contextualizes Vatican II teachings within that rich tradition
