Ethnic Entrepreneurship Structure And Process:

Ethnic Entrepreneurship Curt H. Stiles, Craig S. Galbraith, 2003-12-04 Fourth in the series International Research in the Business Disciplines the papers in this volume provide a survey of the nature and scope of entrepreneurship within ethnic groups The contributors address the role of ethnic entrepreneurship in shaping the structure of modern economies

Entrepreneurship, Innovation and Business Clusters Panos G. Piperopoulos, 2016-04-29 In Entrepreneurship Innovation and Business Clusters Panos Piperopoulos provides a comprehensive introduction to what entrepreneurship is all about how and why entrepreneurs innovate and how innovation systems operate Small and medium enterprises SMEs constitute the backbone of most economies so the author examines their characteristics and the crucial role played by the owners and entrepreneurs who innovate to ensure the survival and continued growth of their firms He also includes the particular phenomena that arise where the entrepreneurs are either female or from ethnic groups or where the context is that of a developing region or country The importance of co operative strategic alliances and networks between firms is discussed along with how these strengthen SMEs competitiveness The concept of open innovation has been proposed as a new paradigm for the management of innovation and the author presents a hypothetical model for enhancing the competitiveness and performance of SMEs by properly utilizing employees creative potential emotional intelligence tacit knowledge and innovative ideas The contemporary model of business clusters involving partnerships with competitors agents universities research centres and local regional and national governments is discussed The ways means and methods through which SMEs competitiveness and innovation can be enhanced within business clusters is illustrated by cases that identify four types of SMEs that behave differently and play different roles in the networks and clusters of which they form a part but all of whose performance and competitiveness is a function of their position and role in the wider scheme of things **Immigrant**

Entrepreneurship, Religion, and Ethnicity Clara Margaça, Andreas Walmsley, Helena Knörr, 2025-06-20 International migration is a growing phenomenon in the 21st century and is increasingly seen as a high priority public policy issue by many governments politicians and the broader public throughout the world Its importance to economic prosperity human development and safety and security ensures that it will remain a top priority for the foreseeable future This book highlights the importance of ensuring that we remain focused on the successes of migration as well as the challenges At the end of the 20th century more importance was given to immigrant and ethnic minority entrepreneurship due to its positive impact on local economic growth and overall economic development in the hosting nations In the 21st century the imperative of the United Nations 2030 agenda involves a deeper understanding of the complex challenges for the achievement of sustainable goals One of these challenges is to understand how migrant entrepreneurs may or may not identify with their ethnic community therefore dissociating themselves from their ethnic group In this sense religion and ethnicity are differentiating factors between social groups and the relationships allow preserving their culture and establishing relationships and

integration in the community at all levels This edited volume brings together impactful contributions that will interest multidisciplinary academic areas and aims to contribute to the enhancement of scientific knowledge on the intersection of entrepreneurship migration ethnicity and religion a gap in the existing literature that has the potential to provide a deeper understanding of factors that influence migrant populations contribution to socio economic development in their communities This book will be an invaluable resource to researchers and scholars in the fields of immigration immigrant entrepreneurship entrepreneurial culture and economic development

Handbook of Research on Entrepreneurial Success and its Impact on Regional Development Carvalho, Luísa, 2015-11-24 Entrepreneurship and Religion Léo-Paul

Dana, 2010-01-01 I wish this book had been around when I tried to teach about entrepreneurship in its social context life would have been much easier with these informed sources Alistair R Anderson Aberdeen Business School UK This rich and detailed book makes a very timely contribution to extending our understanding of entrepreneurship in its social context Using selected examples the respected contributors show how the values developed in religious beliefs and practices shape entrepreneurship For too long the entrepreneur has been characterized as an isolated economically driven individual thus ignoring how enterprise and entrepreneurs are products of their society their culture and their religion This innovative book discusses both entrepreneurship and religion as well as indicating how the synthesis of beliefs and practices combine in entrepreneurial endeavours It provides a conceptually useful way of framing the individualistic entrepreneur in his or her social and cultural context demonstrating how entrepreneurial agency operates within and through a variety of religious contexts Illustrated with original photographs this captivating book will be warmly welcomed by students and researchers with interests in entrepreneurship sociology religion and cultural studies Government policy makers in immigration will also find this book an invaluable read

Navigating Multiculturalism Dawn Zinga, 2021-04-16 This provocative volume explores multiculturalism from different disciplinary perspectives as well as examining the associated issues from the perspectives of various countries It considers how multiculturalism has been defined and the various meanings that the term holds while also focusing on the realities faced in different societal contexts The authors address difficult and at times divisive questions about race ethnicity and identity This collection challenges readers to examine their own perceptions of multiculturalism and to consider how the perspectives in this volume can inform their thinking By examining the issues from different perspectives the authors have encouraged individuals to consider how to navigate multiculturalism and negotiate change

The Routledge Companion to Business in Africa Sonny Nwankwo, Kevin Ibeh, 2014-07-25 Although the world's poorest inhabited continent Africa has recently shown signs of being a source of economic growth in the coming decades with increased foreign investment notably from China and huge growth in GDP from a number of African states In contrast to the heaving weight of books focusing on business opportunities in Asia Eastern Europe and Latin America Africa has been poorly served by academic publishing This compendium of scholarship offers cutting edge knowledge relating to business in

Africa The objectives of this collection include To shed new light on the socio cultural and historical underpinnings of business practice in Africa and their implications for promoting entrepreneurship and business behaviour in the region To consider the important constraints on business activities in Africa and the emerging best practice for redressing their real and potential impacts To facilitate a better understanding of contemporary business practice in Africa through the application of relevant theories and models including emergent ones The Routledge Companion to Business in Africa is a comprehensive reference resource that provides the perfect platform for embarking on research and study into Africa from the business perspective

Minorities in Entrepreneurship Glenice J. Wood, M. J. Davidson, Sandra L. Fielden, 2012-01-01 In their powerful presentation of Minorities in Entrepreneurship the authors go beyond the traditional definitions of entrepreneurship to enhance our understanding of minority groups whether they be younger older women ethnic immigrant LGB disabled or indigenous The book provides a new perspective on the driving forces in becoming a business owner and the push and pull factors within and across groups Enhanced by in depth case studies of members in each group the study is a valuable contribution to the understanding of all venture owners a rich reference source for scholars and a worthwhile book of readings for students in the fields of entrepreneurship and gender and diversity Dorothy Perrin Moore The Citadel in Charleston South Carolina US There are books on minorities and there are books on entrepreneurship but there are no books combining the two and amongst a wide range of minorities in society This truly is a novel and innovative work and should be essential reading for all interested this topic Cary L Cooper CBE Lancaster University Management School UK Although there is an expanding body of literature on the characteristics aspirations motivations challenges and barriers of mainstream entrepreneurs relatively little is known about whether these findings can be applied to the entrepreneurial activities of minority groups This book addresses this short fall and presents an international review of the characteristics motivations and obstacles of eight minority groups younger older women ethnic immigrant lesbian gay and bisexual disabled and indigenous entrepreneurs The expert contributors discover enormous variability between these minority groups such as in the motivators that either pushed or pulled individuals into an entrepreneurial venture as well as diverse attitudes toward success some groups wanted to achieve financial security others wanted to enhance their sense of self worth or to change existing social and economic circumstances However some striking similarities were noted initial disadvantage often created a powerful impetus to starting up a business venture and accessing finance was extremely difficult for many Including comparative cross cultural data and case studies on the various minority groups reviewed both post graduate students and undergraduate students studying entrepreneurship will find this book an

invaluable resource In addition it will also be of interest to policy makers governments and all those who wish to comprehend the nature of small business ownership for a wide range of minority business owners *Public Policy and Ethnicity* Roger Openshaw, 2006-10-10 Has ethnicity become institutionalized as a political category Drawing on international studies including New Zealand the book shows that this process of public policymaking creates artificial divisions that can become permanent and detrimental as well as being at odds with the social fluidity of modern societies Preface by Jonathan Friedman

Handbook of Entrepreneurial Dynamics William B Gartner, 2004-06-21 This important Handbook of Entrepreneurial Dynamics reports on the Panel Study of Entrepreneurial Dynamics PSED the most comprehensive scientifically representative study to date of nascent entrepreneurs The book is unique because the study identified individuals in the process of creating new businesses to understand how at its very source people move from considering the option of starting a new business to its actual founding This has never been done before in the history of entrepreneurship research I cannot recommend this book more strongly to entrepreneurship scholars and those interested in where entrepreneurs come from and how they move from their initial idea to new venture founding Claudia Bird Schoonhoven University of California Irvine This Handbook makes a terrific contribution to understanding entrepreneurship and new business creation Its 38 chapters report major findings from the Panel Study of Entrepreneurial Dynamics PSED an unprecedented research program involving more than a hundred researchers from 10 countries This Handbook is must reading for anyone interested in entrepreneurship research Andrew H Van de Ven Carlson School of Management University of Minnesota Entrepreneurial activity provides profound positive benefits across an important set of measures of social and economic well being much of it concentrated in new economic sectors such as information technology Yet even though entrepreneurship has been shown to provide many benefits it is surprising that there has not been a systematic study of the entrepreneurial process The Handbook of Entrepreneurial Dynamics The Process of Business Creation fills this gap by offering theories ideas and measures that can be used to explore and understand the factors that encompass and influence the creation of new businesses The chapters in the handbook provide the rationale for questionnaires used in the Panel Study of Entrepreneurial Dynamics PSED The PSED is a research program that was initiated to provide systematic reliable and generalizable data on important features of the new business creation process The PSED includes information on the proportion and characteristics of the adult population involved in efforts to start businesses the activities and characteristics that comprise the nature of the business start up process and the proportion and characteristics of those business start up efforts that actually become new businesses The handbook also describes the PSED data collection process provides documentation of the interview schedules codebooks data preparation and weighting scheme as well as offers examples of how analyses of PSED data might be conducted The authors identify specific measures that can be used to operationalize theory as well as provide evidence from the PSED data sets on these measures reliability and validity The Handbook of Entrepreneurial Dynamics is ideal for a

sizeable audience including graduate students academics and librarians in schools of business and management who need a comprehensive reference on business creation In addition researchers and policy makers at the federal state and local level will find this an invaluable reference covering all of the factors involved in new venture formation Key Features Considers categories of data not available prior to the PSED Includes a comprehensive overview of theories about new business formation Provides demographics of nascent entrepreneurs Analyzes the cognitive characteristics of nascent entrepreneurs Explores all of the processes of new business formation

Entrepreneurship in Context Marco van Gelderen,Enno Masurel,2012-03-15 Much research in entrepreneurship presents results as if they are universally and timelessly valid Entrepreneurship in Context takes the opposite tack it studies entrepreneurship as a context bound phenomenon For entrepreneurship the importance of context goes beyond gaining understanding and avoiding mistakes The reciprocal influence exercised by the entrepreneurial venture and its corresponding context is at the very heart of the entrepreneur as an agent of change The book addresses context in a narrow sense i e a person s life situation and local situational characteristics It also deals with wider contexts such as social industry cultural ethnic sustainability related institutional and historical contexts The book studies the interconnectedness of all these various sub contexts It zooms in on the actions that entrepreneurs take to involve engage and influence their context and shows the changing and dynamic nature of context It provides lessons for entrepreneurs about which contextual elements should be prioritized engaged and sought out
