Ethnicity In Manipur Experiences Ibues And Perspectives:

Ethnicity in Manipur Lucy Zehol, 1998 **Marriage, Family, and Kinship Among the Paite Tribe of Manipur** Grace Don Nemching, 2008 Articles with reference to Paite Asian people of Manipur India **Subaltern Sports** James H. Mills, 2005-05-15 This unique volume explores sports stories that contain elements of colonialism and show the rise of nationalism and the emergence of communalism other examples show how the establishment of nationhood in a post colonial world the challenge of the regions to the political centre and the impacts of globalization and economic liberalization have all left their mark on the development of sport in South Asia Quite simply South Asian history and society have transformed sports in the region while at the same time such games and activities have often shaped the development of South Asia

Politics of Soft Power Diplomacy And Its Responses Dr. Samson S Chiru, Politics of Soft Power Diplomacy and its Responses is the outcome of Seminar Series at Mt Everest College Senapati Manipur for the past more than half dozen decade of continual effort sustained by loving promotion and encouragement received from reputed ICSSR and UGC in granting Seminar grant to me as convener of this series The book covers wide ranges of inclusion and exclusion in accessing mainstream projects and government programmes which are dealt and discussed here by different contributors of papers from various academic disciplines It is felt that Soft Power Diplomacy is very instrumental in shaping the image of a country abroad Joseph Nye coined the term and domestic policies are as important as foreign policies Classical Realists too have informed consent on the similar understanding of domestic domain having ramification on foreign policies for a country The author editor of this book feels that the work will contribute in its bit to researches and analyses and expected that the gap in formulating the issues pertaining to the marginalized and suppressed groups in policy formulation and implementation can be further carried in future I always said that soft corner given to minorities and dominated section in any given group society is pre requisite to development of the country If in a given country only the the majority rules then that country would never be called a pluralistic and cosmopolitan approach in its shape of designing the structure of its government and governance Besides the author editor also has no doubt that such studies as this will be of special interest to academicians policy makers policy implementers legal practitioners politicians activists students and public at large As issues discussed here are all Soft Power Diplomacy domain that pertain to flexible and diversified components that are most required to address the grievances of the discriminated and dominated lots in the society The Resilience of Indigenous Religion Samson Kamei, 2022-12-22 This book is a sociological study of the resilience of Tingkao Ragwang Chapriak one of the indigenous religions of the Rongmei people of Manipur It examines the underlying factors contributing towards the ability of the adherents of Tingkao Ragwang Chapriak to continue with their religion despite stigmatisation conversion and persecution by sections of Christians This book reflects the contemporary relevance of the legacies of the religious movements under Jadonang Malangmei and Rani Gaidinliu Thus the book also examines the continuity between the past and

the present religious movements with complex underlying factors contributing to the resilience of an indigenous religion The Rongmei people following Tingkao Ragwang Chapriak a reformed religion are seen to be not shying away from changes in their religious beliefs and practices Interestingly however despite all the reformations consciously heralded the idea of primordiality in the sense of unchanging is a sincere atavism among the adherents of Tingkao Ragwang Chapriak Methodologically speaking the emphasis of the book is on theoretical and methodological triangulation Both social change theory and social identity theory are used to understand the resilience of the indigenous faith of the Rongmei people amidst dominant Hindus and tribal Christians It is observed that the idea of change is indispensable in understanding the resilience of an indigenous faith despite the commonly held belief in the essentiality of primordiality in a religion The book is intended to serve the academic interests of researchers working on indigenous religions Taylor Francis does not sell or distribute the print version of this book in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka *The Lost Kingdom of Moyon (Bujuur)* Rev Dr Koningthung Ngoru Moyon, 2023-11-16 The book *The Lost Kingdom of Moyon* Bujuur Iruwng King Kuurkam Ngoruw Moyon The People of Manipur is not to produce a new history of Moyon Who were earlier known as Bujuur but rather to tell the true and authentic historical account of the Moyon people through the ages and centuries how their creator led them during their past lives It also deals concerning kingship and introduce the kingdom of God **Inside Out** P.C. Joshi and V.K. Srivastava, 2024-01-01 The present autobiographical compilation is unique in the sense that it is not one full length portrayal of one anthropologist but a succinct and terse life sketch formatted around a framework by large number of active anthropologists of contemporary times right from the seniormost anthropologist R K Mutatkar to Somenath Bhattacharjee As a result what is presented in the book is a unique compendium on the self memoirs by Indian anthropologists The autobiographies presented in this volume are narratives on the circumstances and situation making people pursuing anthropology as a career highlighting specific challenges and rewards in their quest for understanding themselves eventually

Homeland Insecurities Sanjay Barbora, 2022 *Homeland Insecurities* offers insights into the causes and outcomes of conflicts in Assam especially as it moves into the first quarter of the 21st century **North East India** Rohmingmawii, Gorky Chakraborty, 2025-07-15 Colonialism transformed the areas what is now referred as the North East India into a frontier It was marked by fluidity of borders flux in community relationship and resource extraction Separation of Burma 1937 the partition of India 1947 and the birth of Bangladesh 1971 had an enormous effect on North East India and their ramifications are felt in contemporary times as well This book examines whether the post colonial discursive practices on North East India still carries traces of colonial paradigm of a frontier The chapters use the understanding of space as it has emerged in social sciences to understand this changing frontier beyond the notions of pre given building blocks of a nation state to a process of socially and politically constructed entities where creation and de creation of spatial categories remain an inseparable part of today s North East India This book facilitates the reader with a fresh perspective to under

stand these processes beyond the often marked zones of separation into an overlap ping and intermingling spaces

in India Asmita Bhattacharyya,Sudeep Basu,2017-09-20 This volume engages with the renewed focus on various forms of persisting and new marginalities in globalising India The persistence of hunger in pockets of India forcible land acquisitions and their impact on deprived sections of society the effects of urban relocations material deprivation of minority groups and tribes as a result of conflicts continuing caste discrimination reported cases of atrocities against lower castes and tribes regional disparities gendered forms of exclusion and those related to disability and many other conditions suggest the need to rethink notions and practices of marginality and exclusion in India This volume critiques the principal ways of thinking

about marginalities which primarily consist of a focus on normative principles and brings into focus the chasm between such principles and subjective notions and experiences of marginality and injustice The uniqueness of this edited volume is that it connects theoretical perspectives with empirical case studies and discussions and cases of exclusion are discussed within an overall inclusive and integrated framework This is a valuable resource for researchers scholars students public policy formulators and for social innovators from private sectors and non government organisations
