Maynard, John Heritage, 2022 It's been more than fifty years since Harold Garfinkel created the field of ethnomethodology a discipline that offers a new way of understanding how people make sense of their everyday world Since his book *Studies in Ethnomethodology* published in 1967 there has been a substantial although often subterranean growth in ethnomethodological EM work *Studies in* and appreciation of ethnomethodological work continue to grow but the breadth and penetration of his insights and inspiration for ongoing research have yet to secure their full measure of recognition This volume celebrates Harold Garfinkel's enormous contributions to sociology and conversation analysis exploring how ethnomethodology emerged the empirical consequences of Garfinkel's work and the significant contemporary work that has resulted from it Douglas W Maynard and John Heritage

bring together experts from a wide range of theoretical and empirical areas to create the first comprehensive collection of work on EM that encompasses its role in studies of work in Conversation Analysis and in other subdisciplines Chapters highlight ethnomethodology's distinctive forms of ethnographic inquiry and its influences on a host of substantive domains including legal environments science and technology workplace and organizational inquiries survey research social problems and deviance and disability and atypical interaction The book explains how EM especially helped to set the agenda for gender studies while also developing insights for inquiries into racial and ethnic features of everyday life and experience Still there is much of what Garfinkel called unfinished business which means that ethnomethodological inquiries are continuing to intensify and develop Harold Garfinkel and Ethnomethodology addresses this unfinished business not only drawing attention to past accomplishments in the field but also suggesting how these accomplishments set the stage for future endeavors that will benefit from EM inspired approaches to social organization and interaction

Respecifying Lab Ethnography

Philippe Sormani, 2016-04-08 Respecifying Lab Ethnography delivers the first ethnomethodological study of current experimental physics in action describing the disciplinary orientation of lab work and exploring the discipline in its social order formal stringency and skilful performance in situ and in vivo Drawing upon extensive participant observation this book articulates and draws upon two major strands of ethnomethodological inquiry reflexive ethnography and video analysis In bringing together these two approaches which have hitherto existed in parallel Respecifying Lab Ethnography introduces a practice based video analysis In doing so the book recasts conventional distinctions to shed fresh light on methodological issues surrounding the descriptive investigation of social practices more broadly An engaged and innovative study of the encountered worksite this book will appeal not only to sociologists with interests in ethnomethodology and the sociology of work but also to scholars of science and technology studies and those working in the fields of ethnography and social science methodology

Phenomenology and Ethnomethodology

Ashok Yakkaldevi, 2014-12-14 In sociology phenomenology is a movement that promotes an understanding of the association between states of individual awareness and social life It seeks to reveal how human consciousness is concerned in the invention of social act situations and worlds Phenomenology is a philosophical method of inquiry developed by the German philosopher Edmund Husserl It involves the systematic investigation of consciousness Consciousness it is argued is the only phenomenon of which we can be sure It is assumed that our experience of the world including everything from our perception of objects through to our knowledge of mathematical formulae is constituted in and by consciousness
