Stefan Lorant's book commemorating the city's bicentennial Smith ended up staying a year compiling twenty thousand images for what would be the most ambitious photographic essay of his life. But only a fragment of this work was ever seen despite Smith's lifelong conviction that it was his greatest collection of photographs. In 2001 Sam Stephenson published for the first time an assemblage of the core images from this project, selections that Smith asserted were the synthesis of the whole, presenting not only a portrayal of Pittsburgh but of postwar America. This new edition, updated with a foreword by the poet Ross Gay, offers a fresh vision of Smith's masterpiece.
