[The Political History of European Integration](#) Hagen Schulz-Forberg, Bo Stråth, 2014-06-03 The Maastricht Treaty in 1992 was based on neoliberal ideas of a market driven European economy and democracy and continues to be seen as a step towards a new stage of unification towards a more federal Europe based on market integration The authors demonstrate that European integration as a federal project actually came to an end around 1970 The European Economic Community EEC the precursor of EU was never thought of as a democracy The authors locate a shift in thinking about legitimacy and further integration in the 1980s when the idea of a European democracy was connected with a plan for the internal market the market would pave the way for democracy Since then there has been a growing tension between the official line about a democratic EU and the institutional capacity to carry it through This tension undermined integration The book suggests that instead of democracy through market there are signs of increasing social disintegration political extremism and populism in the wake of economic integration Providing a more realistic historical understanding of European integration this book will be of interest to students and scholars of political science history and European studies

**Building Europe** Wilfried Loth, 2015-08-31 Relying on internal sources Wilfried Loth analyses the birth and subsequent development of the European Union from the launch of the Council of Europe and the Schuman Declaration until the Euro crisis and the contested European presidential election of Jean Claude Juncker This book shines a light on the crises of the European integration such as the failure of the European Defence Community De Gaulle's empty chair policy or the rejection of the European Constitution in France and the Netherlands but also highlights the indubitable successes that are the Franco German reconciliation the establishment of the European common market and the establishment of an expanding common currency What this study accomplishes for the first time is to illuminate the driving
