European Community Third World Development Co Operation En:

EU development cooperation Karin Arts, Anna Dickson, Anna K. Dickson, 2018-07-30 This electronic version has been made available under a Creative Commons BY NC ND open access license It is increasingly recognised that EU development cooperation policy has failed to meet its stated aims In this book Arts and Dickson ask the obvious and important question if the policy doesn't work why bother with it The authors assess why EU development policy has become largely ineffective citing among the external causal factors the liberalisation of trade and the growing influence of US and international actors such as the World Bank and the International Monetary Fund upon EU policy It also considers contributing factors within the EU such as the enlargement of its membership and the resulting shifts in priorities It is this analysis of internal and external factors affecting the decline of EU development policy that makes this study both innovative and unique It brings together an impressive range of contributors from different disciplines resulting in a thorough and intelligent assessment of the debate This study will appeal to advanced level undergraduates and academics of European politics in general EU integration development studies and International Relations

The European Community and the Developing Countries Enzo R. Grilli, 1993 The European Community has long been the largest trading bloc in the world It is also on the way to becoming the world's largest integrated economic zone Its trade aid and development cooperation policies are therefore of great importance to developing countries At the same time the developing countries have continued to be of interest to the Community both as outlets for its exports and capital investments and as sources of raw materials This 1993 book analyses and evaluates European Community trade aid and industrial policies towards developing countries their origin main features logic evolution and effectiveness in reaching the goals assigned to them The author sums up the state of Europe's development policies by describing them as regional in scope colonial in geographical emphasis discriminatory in their effects and lacking in overall cogency This incisive re-evaluation illustrates the different strategies the EC countries might pursue in their relations with the outside world as they progress towards fuller economic integration

Development

Co-operation Reviews: European Community 1998 OECD, 1999-01-13 The European Community EC is the world's second largest multilateral channel for development assistance after the World Bank Its combined programmes are the fifth largest among the 22 Members of the OECD Development Assistance Committee DAC

Perspectives on European Development Cooperation Olav Stokke, Paul Hoebink, 2012-10-12 Events of the past twenty years including the Cold War and the War on Terror have meant that the environments of international development co-operation have changed extensively with dramatic consequences for development policies and North-South relations in general Perspectives on European Development Cooperation takes stock of such changes describing and analyzing the new European development agenda including the role of the European Union Essays by prominent authorities in the field examine the development policies of individual donor countries and focus on the principles and objectives governing aid strategies and the performances of these policies This

book will be of interest to students of development studies and those involved in determining development policy **New Perspectives On European Development Cooperation** Marjorie Lister, 2019-04-10 This book addresses the fundamental issues of human rights gender immigration and the role of non governmental organizations as providers of services in European Union development cooperation policy It investigates the questions of the role of the free market and the future of Lome Convention The European Parliament and its International Relations Stelios Stavridis, Daniela Irrera, 2015-03-24 Following the Lisbon Treaty the powers of the European Parliament in external relations have gradually expanded and it is increasingly influencing the foreign policy of the European Union This book analyses the role of the European Parliament as an international actor and presents a new debate about its role outside the EU territory It explores different policy areas including human rights international aid trade crisis management and the environment to provide a systematic analysis of the modern global role of the European Parliament The book also considers the European Parliament s regional interactions with Africa Latin America the United States Asia and the Middle East With a common analytical framework and research covering the lifespan of the European Parliament from its first direct elections in 1979 to the present day this comprehensive volume presents an unparalleled analysis of one of the most important institutions in the European Union This book will be of interest to students and scholars of European Union politics and institutions European policy government international relations and European history Integrating Human Rights into Development Cooperation: The Case of the Lomé Convention Karin Arts, 2021-08-04 Human rights democracy and governance concerns are prominent elements in the development cooperation policy of the European Community The relations between the European Community EC and 71 developing countries in Africa the Caribbean and Pacific ACP have proved to be a laboratory for developing ideas on these matters for translating them into binding treaty norms and for applying them in practice The experiences gained in the ACP EC relationship carry special value because they are the product of dialogue and joint decision making between groups of developed and developing states Therefore 25 years of ACP EC cooperation under the Lom Convention provide a rich learning ground for anybody involved or interested in the debate on linking development cooperation to human rights and to human rights related concerns This book explores the international law aspects of the subject It first investigates the general international legal basis for linking development cooperation to human rights democracy and good governance Both the negative and positive ways of making such a linking by punitive and supportive measures are addressed The book then delves into the evolution of Lom treaty norms on the subject and into the concrete human rights practices that took shape under them It explores the contributions to and influence of both the EC and ACP states on those treaty provisions and practices A comprehensive overview is provided of the support measures and sanctions resorted to in response to the human rights situation in ACP countries The book assesses the overall experiences gained and presents a synthesis of factors that proved to be constraints or conducive to the efforts to integrate human rights fully into ACP EC development cooperation The

insights gained could well inform similar efforts undertaken by others The European Union and Regional Integration in East Africa Harrison Kalunga Mwilima, 2023-08-23 This book examines European countries engagement in promoting regional integration in the East African Community EAC In addition to their usage of the European Union EU states employ other bilateral initiatives to channel their regional aid to the EAC The book explores differing national interests and the decisions to engage with the EAC both multilaterally via the EU and through their other bilateral channels In addition to analysing states interests the book goes further to examine how lack of coordination of those European initiatives creates various challenges in the EAC It is shown how EAC bureaucrats have to engage separately with the EU and its member states in their different channels thus experiencing challenges in different stages of their aid project cycles for instance in the identification implementation and reporting phases This book will be an excellent resource for researchers and practitioners focusing on the topics of European promotion of regional integration development aid African and European regional integration processes as well as foreign policy analysis *World Development Law* Koen Feyter, 2001 B Third World concerns **International Development Policy** Graduate Institute of International and Development Studies, 2012-03-06 International development cooperation is undergoing a revolution The authors question how far bilateral and multilateral aid agencies succeed in mainstreaming global issues in their operations and assess how emerging and traditional donors address competing objectives often with diverging rationales Cases include Brazil China and South Africa *European Union and India* D. K. Giri, 2001 Study in the context of economic commerce and trade *The European Union and Global Development* S. Gänzle, S. Grimm, D. Makhan, 2012-04-17 An assessment of the capacity of the EU to coordinate actors and policies with regards to global development The authors argue that the EU and its member states have the potential to act for global development when they are able to improve policy and actor coherence such as through better linking of bilateral and community programmes *Research Handbook on EU Disability Law* Delia Ferri, Andrea Broderick, 2020-11-27 This Research Handbook comes at an opportune time and provides a comprehensive and wide ranging exploration of relevant developments concerning disability rights at EU level It also looks beyond the EU focusing on how disability has been relevant in EU external relations In addition the Research Handbook considers the interface between EU disability law and Council of Europe law International Relations and the European Union Christopher Hill, Michael Smith, Sophie Vanhoonacker, 2017 The most comprehensive introduction to the EU s role in the international system written by a team of international experts and incorporating the study of the EU s world role into the wider field of international relations this book is the key text for anyone wishing to understand the EU s external relations **Transnational Networks and EU International Cooperation** Sebastian Steingass, 2020-10-04 This book provides a timely evaluation of the EU s ability to act internationally and coordinate policy in a time when it also seeks to meet shifting demands of international cooperation These include global sustainable development the challenge of multilateralism and the changing geopolitical order Analysing the

networks of officials and policy professionals in EU development policy the book yields theoretical insights into dominant processes that characterise EU governance in international cooperation and assesses their role for policy coordination Overall this book concludes that EU policy coordination evades intergovernmental control and demonstrates how the agency of EU institutions depends on efforts of member state officials to defend their priorities and identities Finally it shows the need to better understand the EU as a collective international actor beyond the widespread concern with institutional adjustments which continuously fail to produce the intended outcomes This text will be of key interest to scholars and students of European and EU politics EU foreign policy EU external relations and more broadly to international relations and international development

Japan and Enlarged Europe Takako Ueta, Eric Remacle, 2005 Japan and the European Union are two civilian powers that have dramatically extended and diversified their role on the world stage and that have launched together an Action Plan dealing with peace and stability economic environmental commercial and financial governance and cultural exchanges and cooperation Their bilateral cooperation has been intensified as well as their cross contribution to the G8 and multilateral organisations like the United Nations and the World Trade Organisation In parallel their respective domestic and international positions have changed The EU has integrated ten new members adopted a Constitution and developed a security and defence policy Japan has widened its international and security role and reorganised most of its economic policies Therefore Japan and the enlarged European Union are actors and partners in the process of global governance This book addresses the cooperation between Japan and the enlarged European Union for a more secure world sustainable development and global governance It gathers contributions from European and Japanese experts who have established a permanent network on this topic and meet every year for seminars in Brussels under the aegis of the Trans European Policy Studies Association TEPSA and its Belgian member organisation Study Group on European Policies SEP GEPE with the support of the Japan Foundation The book is a joint Japanese European contribution to the Year of Japan European Union People to People Exchanges declared in 2005

The EU's Approach to Human Rights Conditionality in Practice Elena Fierro, 2021-10-18 Human rights in the external relations of the EU may manifest itself in different manners one of them is the conditionality policy that the EU applies to third countries This study intends to explore the modalities of this conditionality policy as well as its nature and reach It also analyzes how the policy could be improved and be made more coherent and effective The point of departure is the division made between two modes of conditionality ex ante and ex post In the first case the EU issues conditions which must be fulfilled before the negotiation or conclusion of a given agreement or an action with a view to strengthening the relations The second case conditionality ex post is when conditions are already part of an agreement or an established relation The so called human rights clause or democratic clause incarnates the second modality This study explores both types of conditionality but puts a special emphasis on the second given its legal nature its reciprocity and its systematic inclusion in all framework agreements It is argued here that this clause could

represent the basis of a fully fledged human rights policy of EU. At present however the implementation of the clause has been fragmentary. The interpretation that has prevailed the human rights clause being a mechanism of exclusively punitive nature has constituted an obstacle for its implementation. In addition the clause has been activated only as a response to breaches of democratic principles and not human rights in the ACP countries and not other regions. The human rights clause has been the victim of the sectorial approaches where policy choices were determined by the instrument at issue. It is about time for the EU to revisit the interpretation of the clause in order to make of it a dynamic instrument integrated in a global and coherent external human rights policy.

The European Union and Global Governance Mario Telò, 2009-02-25. This book explores and analyses the multidimensional influence the European Union exerts in the world focusing on its contribution to regional and global governance. Presenting a multidisciplinary approach with contributions by a panel of outstanding scholars from political science, economics, legal studies, philosophy and history, the book examines the EU as global player and international power in the making. The book is divided into three parts. Part I examines the influence of the EU as such on global governance considering the Euro, the common market, the modernization policies for a knowledge society and its global role as both a multinational and regional democratic political system. Part 2 focuses on the EU's external policies including trade, humanitarian aid, the environment, climate change, migration, terrorism, crime and EU foreign policy. Part 3 explores the EU as a global actor in the making and looks at issues including enlargement and the EU's neighbourhood policy, inter-regionalism. It critically addresses the weight of the historical legacies of Europe in the world and its cosmopolitan perspectives as well. **The European Union and Global Governance** will be of vital interest to students and scholars of European Politics, International Relations and European Studies.

The European Union and Global Development Johanne Døhlle Saltnes, 2021-08-19. This book systematically analyses the EU's commitment to a human rights based approach to development through the lens of global justice theory. It identifies limits to the EU's approach and discusses how standardised policies, particularly in the case of human rights sanctions, may be perceived as neo-colonially intrusive and can come at the cost of recognizing the experiences and interests of vulnerable groups and allowing for partner countries democratic ownership of their own development trajectory. Engaging with primary sources including official documents, reports and 45 semi-structured interviews with EU and member state officials, the book also presents a novel explanation for why the EU at times steps out of its commitment to rights based development and chooses differentiated foreign policy responses to similar situations. This book will be of key interest to scholars and students of EU foreign policy, EU development policy, human rights and international relations as well as policy practitioners working in the fields of development, human rights and democracy promotion.

Democracy Assistance Peter J. Burnell, 2000.
