European Deindustrialization And Regional Economic Transformation:

Industrial Change and Regional Economic Transformation Lloyd Rodwin, Hidehiko Sazanami, 2017-08-22 Originally published in 1991 This book deals with industrial and regional changes in Western Europe and the effectiveness of policies designed to cope with them It examines the regional experiences including successes as well as problems to illuminate the trends and policies raises questions about the issues and reports on the effects and further implications for not just Europe but Japan and many newly industrializing countries Analysing the evolution and effectiveness of local regional national and European policies this is of interest for industrial and development specialises as well as economists planners geographers and policy makers

Deindustrialisation in Twentieth-Century Europe Stefan Berger, Stefano Musso, Christian Wicke, 2022-11-14 Exploring two large economies which were heavily affected by deindustrialisation in the late twentieth century this book provides insights into the social movements that brought about and also challenged industrial reduction in Europe Both the Ruhr region in Germany and the Northwest of Italy experienced major structural transformation from the 1960s as a result of deindustrialisation With contributions from experts in the field this collection provides a comparative overview of each region examining policy implementation class relations the changing political economy and environmental impact Analysing industrial and post industrial landscapes urban developments and labour relations the authors place their transnational findings within the context of the wider literature on deindustrialisation in the global North A much needed contribution to deindustrialisation studies which have traditionally focused on North America and the UK this book is a useful read for those researching deindustrialisation and the social history of Europe

Regional Policy Ugo Fratesi, 2023-11-08 Regional policy is an essential in any government s toolkit for promoting socioeconomic prosperity It comes in many forms and can be used to target the development of weak and stronger regions This textbook provides comprehensive and systematic coverage of regional policy dealing with core theories and looking at contemporary challenges in practice addressing regional policy across the world Structured in four parts the book opens with an exploration of regional policy s characterisation aims and rationale The second part is devoted to issues of implementation and the instruments available to policymakers for intervention The third part addresses regional policy evaluation as well as statistics and modelling in policymaking Finally the book discusses how regional policy is applied in different contexts Each chapter contains real life examples of a regional policy topic in action and highlights supplementary topics for advanced readers With its broad coverage of the subject Regional Policy Theory and Practice will prove a valuable resource for advanced students researchers and practitioners in regional policy regional economics economic geography planning and public policy

Innovation, Networks, and Knowledge Spillovers Manfred M. Fischer, 2006-12-02 Our understanding of innovation processes has dramatically changed over the past decades Interactive models of innovation differing significantly from the linear approach now emphasize both the importance of networking activities both within and across firms and the centrality of knowledge

spillovers which lie at the root of the formation of networks The study of knowledge spillovers has become a major focus of research on innovative networks in recent years Part of this research tradition can be traced back to the early work of Alfred Marshall on external economies through which industrial districts as he termed them were integrated This book brings together a collection of articles and book chapters which present an overview and synthesis of current knowledge in the Economics of Innovation It both reviews what is known and accepted as the best thinking on selected topics in the field and provides research findings that offer valuable insights into the nature and process of innovation network formation and network activities knowledge generation and spillovers from a regional perspective By presenting the articles and book chapters as a whole this collection is a novel combination It is being published simultaneously with Spatial Analysis and GeoComputation Selected Essays Innovation Networks and Knowledge Spillovers is essentially a multi product undertaking in the sense that the various contributions are largely multi authored publications All these co authors deserve the full credit for this volume as they have been the scientific source of the research contributions included in the present volume

Regional Upgrading in Southern Europe Madalena Fonseca,Ugo Fratesi,2017-05-02 The book is aimed at a wide audience including academics economic geography spatial planning and regional policy researchers institutional leaders and managers national and institutional policy makers practitioners administrators master s and senior bachelor s students on related courses general readers A list of courses and corresponding programmes in Geography Planning Economics and Management will be prepared later

Liberal Democracy Into the Twenty-first Century Roland Axtmann,1996 This book offers a contemporary critique of liberal democracy understood as a set of institutions and as a set of ideas Roland Axtmann asks what democracy means today as it faces the challenges of feminism multiculturalism globalization and European integration Axtmann analyses in turn each of liberal democracy s component parts Firstly he discusses the notions of sovereignty constitutionalism and representation and analyses the liberal concept of citizenship Secondly he surveys the conceptual history of civil society and presents republicanism and deliberative politics after Habermas as alternative conceptualizations of democracy Thirdly he shows how feminism and multi culturalism challenge liberal democracy with their demands for the granting of group rights Finally he shows how global interdependence and supranational integration demand a reconsideration of democratic sovereignty The idea of democratic rule by the sovereign people in the sovereign nation state is being transformed to reflect new connections between citizens governments and supranational institutions

Making a Living in Europe Alan Townsend,2005-08-18 Exploring the relationship between employment change society and economic restructuring Making a Living in Europe shows how the culture of work has been transformed in the industrialized nations of the EU

The Reimagining of Urban Spaces Stjepan Lakušić,Jurica Pavičić,Nebojša Stojčić,Peter W. A. Scholten,Jean van Sinderen Law,2024-12-20 Over the last decades waves of deindustrialization have swept across European countries leaving potential consequences across cities regions and countries Once prosperous and

advancing communities have suddenly found themselves in need to search for new development models and ways to secure their social sustainability and urban functioning This book explores the future of cities and regions in a post industrial world In particular it looks at the socio spatial implications of industrial transformation on urban change from demographic educational and environmental perspective assesses potential ways move urban landscapes forward in a post industrial society and looks for methods of promoting environmental sustainability in a post industrial landscape Featuring insights and findings from research and experiences of The European University of Cities in Post Industrial Transition UNIC member universities this book is not only beneficial for academic and scholars but also provides practical guidance to policy makers and practitioners **UNCRD Newsletter** ,1988 **Rise Of The Rustbelt** Philip Cooke,2020-10-07 This book shows the possibilities and some of the limits of policy efforts made by business and government to bring about the renewal of badly hit regional economies whose dependence on industries of the earlier phases of industrialization left them vulnerable to deindustrialization Urban Change in the United States and Western Europe Anita A. Summers,P. C. Cheshire,Lanfranco Senn,1999 In this completely revised second edition the authors explore what can be learned from a rigorous comparison of the patterns of urban concentrations of residents and employment in Western Europe and the United States Using a wide range of methodological techniques including economic theory econometrics regional science and institutional historical analysis the essays analyze the factors underlying urban economic development with particular emphasis on the role and effectiveness of public policy **Industrial Constructions** Gary Herrigel,2000-05-15 Herrigel challenges the Chandlerian Gerschenkronian and Schumpeterian approaches to Germany s economic history Convergence, Cohesion and Integration in the European Union R. Leonardi,1995-01-09 Convergence Cohesion and Integration in the European Union tackles the fundamental theoretical and empirical issues underlying the process of European integration Two basic arguments underlie the book The first is that economic convergence in postwar Europe has reduced the disparities between regions and that this has been an important accelerator of the drive for integration The second is that in contrast to the situation before 1985 when nation states dominated the move to integration grass roots pressure has been the dominant force since the Single European Act and the preparation for the single market International Encyclopedia of Human Geography ,2009-07-16 The International Encyclopedia of Human Geography provides an authoritative and comprehensive source of information on the discipline of human geography and its constituent and related subject areas The encyclopedia includes over 1 000 detailed entries on philosophy and theory key concepts methods and practices biographies of notable geographers and geographical thought and praxis in different parts of the world This groundbreaking project covers every field of human geography and the discipline s relationships to other disciplines and is global in scope involving an international set of contributors Given its broad inclusive scope and unique online accessibility it is anticipated that the International Encyclopedia of Human Geography will become the major reference work for the discipline over the coming decades The

Encyclopedia will be available in both limited edition print and online via ScienceDirect featuring extensive browsing searching and internal cross referencing between articles in the work plus dynamic linking to journal articles and abstract databases making navigation flexible and easy For more information pricing options and availability visit http://info.sciencedirect.com/content/books/ref_works coming Available online on ScienceDirect and in limited edition print format Broad interdisciplinary coverage across human geography Philosophy Methods People Social Cultural Political Economic Development Health Cartography Urban Historical Regional Comprehensive and unique the first of its kind in human geography

Employment, Unemployment and Wages in Turkey Tuncer Bulutay,1995 *Istanbul as a Global Financial Center* Melike Bildirci,Murat Karagöz,Cemal Zehir,2017-08-21 This book brings together analyses of a wide range of economic and financial subjects including any issue related to these broader concepts such as development banking crises energy and Islamic finance among others It offers a clear discussion of the current period of economic transition and the future prospects of developing countries in terms of financial and economic perspectives It will serve to raise awareness of the important opportunities and risks inherent in the global financial system and makes a valuable contribution to wider economic debates by identifying the priorities and policy prescriptions that will help countries to realise their potential The book will particularly appeal to academicians and students as well as researchers and professionals in the fields of economics finance and business It may also serve as a secondary textbook for courses about Eurasian countries in economics and finance departments of higher learning institutions

Environment & Planning A. ,1996 **How Progress Ends** Carl Benedikt Frey,2025-09-16 A globally comparative historical assessment of the factors that speed up technological and economic progress and those that slow it down Provided by publisher

Service Industries and Regions Juan R. Cuadrado-Roura,2013-03-26 The service sector in most advanced economies accounts for up to seventy percent of employment and GDP and given its growing importance has received much research attention over the last two decades However not very much attention has been paid to the relationship between this sector and both its territorial impact and regional effects The main objective of this book is to offer a comprehensive approach to these aspects focusing particularly on the location factors of service industries and the importance of some specific services such as business services and knowledge and information services The contributions have been prepared by well known experts in the field from a wide number of countries The focus of all contributions is not only on theoretical aspects but also provides empirical analyses on specific countries and topics such as the geographical concentration globalization impacts foreign direct investments and innovation

Production, Places and Environment Ray Hudson,2014-09-25 Drawing upon 25 years of original research *Production Places and Environment* provides a unique combination of rich varied and theoretically informed case studies along with more general analyses of processes and changing theoretical and methodological perspectives in economic geography that are informed by original empirical research Through a huge range of his own groundbreaking case material

the author explores such essential factors as space production social and political concerns and environmental issues being careful to ground the more complex theory in the more general tendencies in economic geography and the social sciences
