The Two First Books, of Philostratus, Concerning the Life of Apollonius Tyaneus Philostratus (the Athenian),1680 *The Two First Books Concerning the Life of Apollonius Tyaneus. Now Published in English Together with Philological Notes ...* by Charles Blount Flavius P. Philostratos,1680 [The Israel Book Publishers' Bulletin](#) ,1966 **The First and Second Books of the Chronicles** R. J. Coggins,1976-01-01 The Chronicles divided into two books purely for convenience have long suffered from neglect this is partly because much of their content can be found elsewhere in the Old Testament and partly because their presentation emphasizing genealogies and ritual ceremonies has lacked appeal for modern man over the last few hundred years Yet these books with their theological interpretation of historical events are a valuable source of illumination about the Judaeen community living under Persian rule about 350 B C and its special relationship with Jerusalem

and its temple and with God In his introductory section Mr Cog ins discusses the probable origins and the nature and purpose of the Chronicler s work whether that of a single writer or a group and then examines each book separately In the established style of the series the N E B translation of the text then follows divided into brief sections and alternating with passages of commentary The results of recent Old Testament scholarship and modern theological thought are conveyed in simple language to the student and layman First Series. Our Bible Chronology, historic and prophetic, critically examined and demonstrated ... embracing an examination and refutation of the theories of modern Egyptologists.
