The First Modern Society Lawrence Stone, A. L. Beier, 1989-07-06 Intended to celebrate the 70th birthday of the distinguished historian Lawrence Stone these essays owe much to his influence There are also four appreciations by friends and colleagues from Oxford and Princeton and a little known autobiographical piece by Lawrence Stone himself The Sense of the People Kathleen Wilson, 1995-07-28 The people the empire the political subject all three were contentious issues in the politics and culture of eighteenth century English cities This study explores how these three issues came to occupy central roles in the wide ranging political cultures of English towns between the Hanoverian Succession and the American war enabling a variety of groups outside the structures of the state to claim a stake in national affairs *Commoners* J. M. Neeson, 1993 Challenging the view that England had no peasantry or that it had disappeared before industrialization this text shows that common right and petty landholding shaped social relations in English villages Their loss at enclosure sharpened social antagonisms and imprinted a pervasive sense of loss *Charles I and the People of England* David Cressy, 2015 The story of the fateful reign of Charles I told through the lives of his people A sweeping panorama of early Stuart England as it slipped from complacency to revolution and regicide Back cover **John Dryden (1631-1700)** Claude Julien Rawson, Aaron Santesso, 2004 American British and Australian scholars of English gathered at Yale University in October 2000 to mark the tercentenary of the British writer's death Their 14 essays explore such aspects as modernity and exclusion in his *The Spanish Fryar* his translation of Juvenal's Sixth Satire and his *Hamlet* as an unwritten masterpiece Distributed by Associated University Presses Annotation c2004 Book News Inc Portland OR booknews.com God Speed the Plough Andrew McRae, 2002-09-12 An interdisciplinary analysis of the history and literature of the land in early modern England *Land and Popular Politics in Ireland* Donald E. Jordan, 1994 A study of the Irish county of Mayo from Elizabethan times to the late nineteenth century Travel and Ethnology in the Renaissance Joan-Pau Rubiés, 2002-09-05 This book first published in 2000 offers a wide ranging and ambitious analysis of how European travellers in India developed their perceptions of ethnic political and religious diversity over three hundred years It analyses the growth of novel historical and philosophical concerns from the early and rare examples of medieval travellers such as Marco Polo through to the more sophisticated narratives of seventeenth century observers religious writers such as Jesuit missionaries or independent antiquarians such as Pietro della Valle The book's approach combines the detailed contextual analysis of individual narratives with an original long term interpretation of the role of cross cultural encounters in the European Renaissance An extremely wide range of European sources is discussed including the often neglected but extremely important Iberian and Italian sources However the book also discusses a number of non European sources Muslim and Hindu thereby challenging simplistic interpretations of western orientalism **The Reigns of Charles II and James VII & II** Lionel K.J. Glassey, 1997-03-10 British history in the period from the restoration of 1660 to the revolution of 1688 no less than in other periods has been subject to revisionism

This volume examines and analyses some of the challenging new theories relating to politics society religion and culture that have attracted attention in recent years It provides both a wide ranging survey of the principal themes of the post restoration era and a series of insights derived from the detailed research of individual contributors *The Wild and the Sown* Mauro Ambrosoli,1997-01-09 This book describes the spread of new agricultural practice in the half millennium after 1350 and reconstructs a neglected part of Europe s agricultural past the introduction of fodder crops and the continuous reorganisation of traditional botanical inputs within a new system of farming It breaks entirely new ground by showing the distant historical origins of a major transformation in land potential and farm productivity A vast range of evidence is cited from Italy France England and elsewhere to produce in effect an economic social and cultural history of Europe in which the focus is on the long distance consequences of the agricultural revolution *Elizabeth of York and Her Six Daughters-in-Law* Retha M. Warnicke,2017-09-05 This study of early modern queenship compares the reign of Henry VII s queen Elizabeth of York and those of her daughters in law the six queens of Henry VIII It defines the traditional expectations for effective Tudor queens particularly the queen s critical function of producing an heir and evaluates them within that framework before moving to consider their other contributions to the well being of the court This fresh comparative approach emphasizes spheres of influence rather than chronology finding surprising juxtapositions between the various queens experiences as mothers diplomats participants in secular and religious rituals domestic managers and more More than a series of biographies of individual queens Elizabeth of York and Her Six Daughters in Law is a careful illuminating examination of the nature of Tudor queenship **The Clerical Profession in the Long Eighteenth Century, 1680-1840** W. M. Jacob,2007-09-06 W M Jacob examines the concept of profession during the later Stuart and Georgian period with special reference to the clergy of the Church of England He describes their social backgrounds how they were recruited selected and educated and obtained jobs how they were paid and their lifestyles and family life as well as examining the evidence for what they did as leaders of worship pastors and teachers how their parishioners responded to them and how they were supervised Jacob concludes that contrary to popular views the clerical profession was much better organized educated and supervised than the medical and legal professions during this period During the age of reform from the 1780s to the 1830s all the professions were criticized Jacob suggests that the modest regulation and professional training introduced in the other learned professions in the 1830s only slowly brought them to the standard already achieved by the clerical profession *Food and Love* Jack Goody,1998 In Food and Love Jack Goody surveys phenomena as diverse as the uniqueness of the European family the development of romantic love the evolution of national and regional cuisines and the globalization of Chinese food effortlessly incorporating fascinating examples ranging from Europe to Asia and Africa Throughout the book Goody shows that the ethnocentricity of much of Western scholarship has distorted not only the comprehension of the East but also of developments in Europe s past and present **The Oxford Handbook of the English Revolution** Michael J.

Parish Clergy Wives in Elizabethan England Anne Thompson,2019-02-11 In *Parish Clergy Wives in Elizabethan England* Anne Thompson shifts the emphasis from the institution of clerical marriage to the people and personalities involved Women who have hitherto been defined by their supposed obscurity and unsuitability are shown to have anticipated and exhibited the character virtues and duties associated with the archetypal clergy wife of later centuries Through adept use of an extensive and eclectic range of archival material this book offers insights into the perception and lived experience of ministers wives In challenging accepted views on the social status of clergy wives and their role and reception within the community new light is thrown on a neglected but crucial aspect of religious social and women s history
