First Experiences Starting School:

The Toxic Classroom Richard Steward, 2020-06-09 *The Toxic Classroom* offers a wide ranging look at education today and explores in detail the pressures children experience as a result of constant change digital technology and political interference Beginning with what it is like to be a child in the classroom the book goes on to provide a detailed analysis of the curriculum assessment and accountability school structures educating for global citizenship and the plethora of social issues schools are now expected to solve Written from the perspective of a successful headteacher with over 30 years teaching experience the book considers what needs to be done to put things right and outlines a more equitable and effective school system Each chapter outlines the steps schools can implement immediately and the longer term policy changes that are needed de toxify the classroom and facilitate a genuine love of learning Offering a challenging yet compelling argument for putting education back into the hands of teachers this book will be of great interest both to the general reader and to those working within education such as teachers and professionals who wish to improve the ways in which children learn and develop *Programs and Plans of the National Center for Education Statistics* National Center for Education Statistics, 2002

Mathematics in the Early Years David Clemson, 2006-11-22 *The Clemsons* clear and readable book takes the reader from debates about how children learn and what children know and can do when they start school through to a discussion of how mathematics can be managed assessed and evaluated in the school and classroom Linking these two parts of the book is a section on the subject of mathematics itself from which the non specialist reader can gain a view of what mathematics is what needs to be thought about in planning and offering a curriculum and the special dilemmas faced in teaching and learning mathematics as a subject A bank of case studies offers an opportunity to see mathematics in action in a variety of classrooms **To Know and Nurture a Reader** Kari Yates, Christina Nosek, 2023-10-10

Conferring with students about reading allows for clearer access to one on one in the moment teaching and learning yet it can feel intimidating or overwhelming Kari Yates and Christina Nosek want to help Here they have provided practical reflective student centered teaching moves that you can use to develop an intentional joy filled conferring practice *To Know and Nurture a Reader* Conferring with Confidence and Joy is a get going guide to conferring The book includes step by step guidance that is also considerate of time and other classroom challenges as well as Numerous tools such as guiding questions reproducible planning and note taking documents Classroom vignettes that pull you close to a reader and teacher in a conference setting Video clips of classroom conferences to show what conferring looks like in action The book breaks conferring into manageable chunks with specific goals for knowing and nurturing young readers then puts all the pieces together with various classroom scenarios and examples The tools examples and ideas in this book make conferring something every teacher can do right away and master with continued effort and practice **Research in Education** ,1974 *Supporting Young Children Through Change and Everyday Transitions* Sonia Mainstone-Cotton, 2020-05-21 Explaining the importance of

supporting children through change for their wellbeing and social and emotional development this practical guide gives early years practitioners and parents the tools to help children cope with change and everyday transitions The book looks at different types of change that children can encounter such as moving homes new siblings starting school bereavement and divorce and gives advice on best practice for early years practitioners and parents With ideas and activities that can easily be implemented this book is the ultimate handbook for supporting young children through changes big and small *Supporting Transitions In The Early Years* Brooker, Liz, 2008-07-01 This book highlights the key qualities which adults should seek to foster in children to facilitate their current transitions and prepare them for the future The author underlines the importance of listening to children from birth onwards if we are to offer the kind of caring and educative environments that will best support their well being

Pedagogies of Educational Transitions Nadine Ballam, Bob Perry, Anders Garpelin, 2016-10-04 This book presents the latest research on educational transitions from a variety of research traditions and practical contexts set in Australia New Zealand and several European countries It examines critically questions and reshapes ideas and notions about children's transitions to school The book is divided into five parts the first two of which emphasise diversity and inclusion with Part II focusing solely on the transition to school for children from Indigenous cultures Part III explores the notion of continuity which has been widely debated in terms of its role in the transition to school Part IV explores the transition to school through the notion of crossing borders The final section of this book Part V includes ideas about future directions for work in the area of educational transitions and presents the notion of transitions as a tool for change to policy research and practice The book concludes with a critical synthesis of the research outlined throughout including recommendations regarding future research related to educational transitions
