WHAT READERS ARE SAYING ABOUT THIS SIZZLING HISTORICAL ROMANCE When reading a historical romance novel I look forward to the historical plot line as much as the romance With that in mind I love when the author takes the time to make the historical facts as accurate as possible for a fiction piece Ms Frances doesn't disappoint with this wonderful novel Set in the post civil war west and northeast the author paints a vivid picture of the hardships and prejudices of the time while at the same time weaving factual data about the wave of crime during the period that was a direct result of the war and the detective agency known as the Pinkertons that was formed to fight the crime As a lover of history as well as romance I enjoyed the way the author intertwined the love story of Elise and Nate in a realistic way into the backdrop of these perilous times I would recommend this book to those who enjoy a realistic romantic historical novel This was such a great book It is a Historical romance that starts out Western and moves to the northeast as the characters do This story does have a happily ever after If you're a fan of historical romances like Jane Austen or some like her you'll love this book Its perfect clean happy love though it takes work to get there The setting of the beginning of this story really makes me stop and think about how horrible the conditions of her arranged marriage to someone in Boston must have been to her to walk away from a well off family to nothing The trials and tribulations that Elise has to endure throughout the book when she goes west to meet her husband by proxy is nothing short of things that made me want to weep for her Watching Elise grow and blossom in front of my eyes was fascinating How does Elise handle so many tragic things so stoically I am in complete awe of this woman This is definitely a book filled with twists turns curves tunnels and unsolvable mazes in spots You need to read it This is my first book by Ailene Frances and I look forward to more of her

works I don't read many historical romances much anymore but I can tell you that I'm really glad I decided to read this one. The blurb grabbed my attention and the story stole my heart. This was a real heartfelt story that has been written very well and so different from what I had expected. This is a great read of the old west and just how primitive it was back then and how families of wealth wouldn't take a chance on their reputations even when things happen that are out of someone's control. Elise and Nate's journey is one that must be read to fully understand the depth of their journey to love. This is a true old fashion love story written to make the reader fall in love and she completely accomplished that. Short Cortright McMeel, 2010-12-07. When Joe Gallagher goes to work for an energy trading company in Boston he soon finds that pursuit of his ambition to strike it rich in the markets will plunge him into a whirlwind literally. As the firm's traders jockey to make bets on the effects of an upcoming hurricane Gallagher must choose between following the careful dictates of his old school veteran mentor Andrews or become a disciple of The Ghost, a newly hired boss whose maverick trading methods push the envelope of a binary trader's code of supreme wealth or complete ruin. A voyeuristic tour through the fascinating subculture of high powered energy traders. Short introduces us to the larger than life men and women who run our markets, people who inhabit a world of intense stress, unbelievable gluttony and the consequences of making and losing tens of millions of dollars in a single day. Daughter of War Brad Taylor, 2019-01-08. A New York Times Bestseller. Former Special Forces Officer and New York Times bestselling author Brad Taylor delivers a heart pounding thriller featuring Taskforce operators Pike Logan and Jennifer Cahill as they come face to face with a conspiracy where nothing is as it seems. Hot on the trail of a North Korean looking to sell sensitive US intelligence to the Syrian regime, Pike Logan and the Taskforce stumble upon something much graver: the sale of a lethal substance called Red Mercury. Unbeknownst to the Taskforce, the Syrians plan to use the weapon of mass destruction against American and Kurdish forces and blame the attack on terrorists, causing western nations to reassess their participation in the murky cauldron of the Syrian civil war. Meanwhile, North Korea has its own devastating agenda: a double cross that will dwarf the attack in Syria even as it lays the blame on the Syrian government. Leveraging Switzerland's fame for secrecy and its vast network of military bunkers now repurposed by private investors for the clandestine storage of wealth, North Korea will use Red Mercury to devastate the West's ability to deliver further sanctions against the rogue regime. As the Taskforce begins to unravel the plot, a young refugee unwittingly holds the key to the conspiracy. Hunted across Europe for reasons she cannot fathom, she is the one person who can stop the attack if she can live long enough for Pike and Jennifer to find her. *Monthly Labor Review*, 1920.
