

# Russia's Great Criminal Revolution: The Role of the Security Services

by Victor Yasmann and J. Michael Waller

*Journal of Contemporary Criminal Justice*, Vol. XI, No. 4, December 1995  
University of Illinois / University of Nebraska-Lincoln /  
SAGE Publications

## Summary

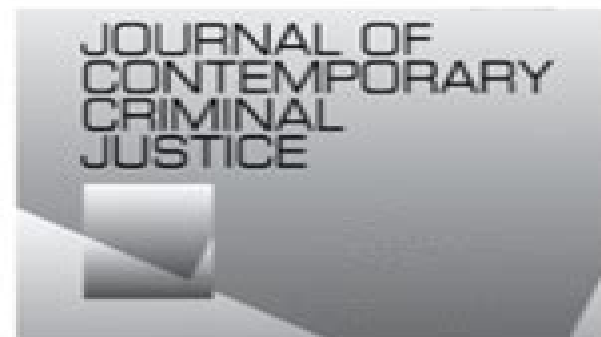

Russian law enforcement agencies, security organs, and intelligence services, far from being reliable instruments in the fight against organized crime and corruption, are institutionally part of the problem, due not only to their co-optation and penetration by criminal elements, but to their own absence of a legal bureaucratic culture and their use of crime as an instrument of state policy.

## Introduction

The approach of the United States and other Western countries to helping Russian authorities fight organized crime has been based on an assumption that Moscow has the political will or sincere interest to wage such a battle. When analyzing the Russian government's approach to fighting organized crime and the institutional bureaucratic corruption that has allowed the so-called *malyya* to flourish, it becomes apparent that the country's political, economic, security, and law enforcement elites fundamentally are part of the problem. It is not an accident that the Russian government readily has adopted the Western model of organized crime as a phenomenon at the fringes of political and economic society.

In the Russian Federation, the opposite of the Western models is true. The country's ultra-bureaucratized administrative system, its lack of adequate laws, and its lawless sovietized culture have combined to merge rampant government corruption not only with organized fringe criminal groups, but with highly organized, regimented, and disciplined structures at the core of the system. The individuals who headed and ran these structures suddenly found themselves in possession of vast material, human, and administrative resources. They attached themselves as parasites to legitimate entrepreneurship as the Soviet system collapsed and market structures developed.

This parasitism finds its roots in the earliest years of the Soviet state, when the Bolshevik secret police, the All-Russian Extraordinary Commission for Combating Counterrevolution and Sabotage (VChK or Cheka), smashed private business, market activity, and property rights by confiscating the citizens' private property, arresting and murdering tens of thousands of individuals for conducting any form of trade or barter, and helping the Communist Party collect and catalogue the spoils for the use of the

## Great Criminal Revolution In Rubia:

*Gangs, Fraud, and Sexual Predators* United States. Congress. House. Committee on Government Reform. Subcommittee on Criminal Justice, Drug Policy, and Human Resources, 2006      Key Contested Issues in Criminology and Criminal Justice Anthony Walsh, 2025-09-24 *Key Contested Issues in Criminology and Criminal Justice* addresses the key issues within criminology and criminal justice that are strongly contested among scholars in the field. Covering 18 different themes, the book identifies the ways in which different issues are contested and demonstrates how biopsychosocial concepts and methods can inform most of them. It is divided into four broad sections. The first section examines philosophical issues such as the value of philosophy in criminology, criminal justice, the role of ideology in our disciplines, and the issues of human nature and free will versus determinism. The second section explains the biopsychosocial perspective that provides the framework used in exploring the various issues. It explores the possibility of integrating the natural sciences with criminology, behavioral and molecular genetics, evolutionary theory, and neuroscience. It also considers issues related to child maltreatment, brain development, and the role of rationality vis vis emotion in decision making. The third section examines crime causation and contains chapters on social learning versus control theories, radical critical theories, the relationship between intelligence and criminal behavior, issues of socioeconomic status (SES), poverty and crime, and whether religion is a barrier or bridge to antisocial behavior. The final section looks at four issues in criminal justice: the police, abolition movement, the nature of punishment, and its justifications by the criminal justice system, and issues in sentencing and the death penalty. *Key Contested Issues in Criminology and Criminal Justice* will be of value to students and scholars in criminology and criminal justice as well as to criminal justice practitioners.      **The London Chronicle**, 1812      **The Philosopher's Index**, 2007 Vols for 1969 include a section of abstracts.      **Acciones, razones y agentes** Juan Ormeño Karzulovic, Las prácticas cotidianas de atribución de responsabilidad han sido desde la antigüedad clásica la materia a partir de la cual disciplinas como la filosofía y el derecho han elaborado sus reflexiones en torno a la agencia libre y sus presupuestos. Durante la segunda mitad del siglo XX, en particular en el ámbito de la filosofía analítica del lenguaje, aunque no exclusivamente en ella, se ha desarrollado un intenso debate en torno a la naturaleza de la acción que la distingue de las cosas que simplemente ocurren, acerca de la acción intencional que distingue a la acción intencional de la que no lo es, de la explicación de la acción en términos de las razones a las que los agentes apelan y acerca de la racionalidad de la agencia en general.      **International Index to Periodicals**, 1960 An author and subject index to publications in fields of anthropology, archaeology, and classical studies, economics, folklore, geography, history, language, and literature, music, philosophy, political science, religion, and theology, sociology, and theatre arts.      **Breaking the Real Axis of Evil** Mark Palmer, 2005 With the removal of not only Saddam Hussein but also Jean-Béretrand Aristide, as well as the ongoing civil war against Charles Taylor in Liberia, much has changed in the world of dictators since the first publication of this work less than a year ago. Drawing on his 25 years of extensive

diplomatic experience Ambassador Palmer asks us to embrace a bold vision of a world made safe by democracy This is the story of the remaining dictators the strategy and tactics to oust them and the need to empower the people of every nation to control their own destinies     Salmonsens store illustrerede konversationsleksikon Johan Christian Blangstrup, Christian Blangstrup, Jens Braage Halvorsen, Karl Kristian Emil Fischer, 1893     **1980 YEAR BOOK** ,1979     **Monographic Series** Library of Congress,     **Library of Congress Catalogs** Library of Congress, 1976     **Atkinson's Evening Post, and Philadelphia Saturday News** ,1936 SCC Library has 1974 89 plus scattered issues     **Johnson's New Universal Cyclopaedia: a Scientific and Popular Treasury of Useful Knowledge** ,1879     Johnson's Universal Cyclopedia Charles Kendall Adams, 1893     Hispanic Link Weekly Report ,1998     *Webster's New International Dictionary of the English Language, Based on the International Dictionary 1890 and 1900* William Torrey Harris, Frederic Sturges Allen, 1911     The Silents Robert B.
