 CONTENTS THE DOCTRINE OF GOD THE DOCTRINE OF JESUS CHRIST THE DOCTRINE OF THE HOLY SPIRIT THE

 Prayer THE DOCTRINE OF THE CHURCH THE DOCTRINE OF THE SCRIPTURES THE DOCTRINE OF ANGELS THE
 DOCTRINE OF SATAN THE DOCTRINE OF THE LAST THINGS The Second Coming of Christ The Resurrection The
 Judgment The Destiny of the Wicked The Reward of the Righteous The demand for this book has come from the students in
 the class room who have listened to these lectures on the Great Doctrines of the Bible and have desired and requested that
 they be put into permanent form for the purpose of further study and reference This volume is prepared therefore primarily
 but not exclusively for the student and with his needs in mind The doctrines herein treated are dealt with from the standpoint
 of Biblical rather than Dogmatic theology This is evident from the plan which is followed in the work namely to gather
 together all the Scripture passages dealing with the subject under consideration and from them choose a required number
 that may be called representative then seek to understand the meaning of these references by the study of the text itself as
 well as its context and parallel passages and finally from the selected proof texts formulate the doctrinal teaching and place
 such results under appropriate headings The doctrines of God Jesus Christ and the Holy Spirit are more fully dealt with than
 the doctrines which follow This is especially true of the doctrine of God The reason for this is to set forth the method pursued
 in these studies and to give a pattern for the study of the doctrines to follow It is intended that the doctrines of this book
 should be studied side by side with the open Bible It is for this reason that many of the Scripture references are indicated by
 chapter and verse only There must be constant reference to the Scriptures themselves **Theologians of the Baptist**

Practical Christian Theology Floyd H. Barackman, 2001-10-25 4th edition One of the best outlined one volume books on theology in print Dr Harold L. Wilmon, Liberty University Baptist Theology James Leo Garrett, 2009 This title offers a comprehensive analysis of Baptist theology Embracing in one common trajectory the major Baptist confessions of faith the major Baptist theologians and the principal Baptist theological movements and controversies this book spans four centuries of Baptist doctrinal history Acknowledging first the pre 1609 roots patristic medieval and Reformational of Baptist theology it examines the Arminian versus Calvinist issues that were first expressed by the General Baptists and the Particular Baptists that dominated English and American Baptist theology during the seventeenth and eighteenth centuries from Helwys and Smyth and from Bunyan and Kiffin to Gill Fuller Backus and Boyce and that were quickened by the awakenings and the missionary movement Concurrently there were the Baptist defense of the Baptist distinctives vis a vis the pedobaptist world and the unfolding of a strong Baptist confessional tradition Then during the nineteenth and twentieth centuries the liberal versus evangelical issues became dominant with Hovey Strong Rauschenbusch and Henry in the North and Mullins Conner Hobbs and Criswell in the South even as a distinctive Baptist Landmarkism developed the discipline of biblical theology was practiced and a structured ecumenism was pursued Missiology both impacted Baptist theology and took it to all the continents where it became increasingly indigenous Conscious that Baptists belong to the free churches and to the believers churches a new generation of Baptist theologians at the advent of the twenty first century appears somewhat more Calvinist than Arminian and decidedly more evangelical than liberal **Upon This Rock** Jason G.
