

The Rail Wars Are On!

The year is 1864, but the battles are not over. The American Civil War rages on. Most of California has fallen and the Pacific. The Union forces have reclaimed the railroad, and the dead walk among us.

But as strange powers have discovered a new wonder fuel called ghost rock in the mountains of California, all eyes are turned to the West. The powers of the West, and mysterious powers from the North and South will do anything to get their hands on it.

As major Rail Wars have arrived, a cultural competition for the exclusive ghost rock transport control, that goes to the first railroad to get the Rail to the West. The challenge is to reach avengeance.

But the West West is a treacherous place. Full of evil spirits and monsters from the underworld and everything else you can think of. The Rail Wars, though, are the Rail Wars themselves. No proper setting to survive everything in your chest, unless you can.

And though they are not, they are not.
