 and real life ghost hunting to shows about murder and serial killers we are fascinated by death and we owe these modern  
 obsessions to the Victorian age Death and the Victorians explores a period in history when the search for the truth about  
 what lies beyond our mortal realm was matched only by the imagination and invention used to find it Walk among London s  
 festering graveyards where the dead were literally rising from the grave Visit the Paris Morgue where thousands flocked to  
 view the spectacle of death every single day Lift the veil on how spirits were invited into the home secret societies taught  
 ways to survive death and the latest science and technology was applied to provide proof of the afterlife Find out why the  
 Victorian era is considered the golden age of the ghost story exemplified by tales from the likes of Charles Dickens Elizabeth

Gaskell Oscar Wilde and Henry James Discover how the birth of the popular press nurtured our taste for murder and that Jack the Ripper was actually a work of pure Gothic horror fiction crafted by cynical Victorian newspapermen Death and the Victorians exposes the darker side of the nineteenth century a time when the living were inventing incredible ways to connect with the dead that endure to this day      *The Elementary School Library Collection* Lauren K.
