ever written as well as an essential guide to the Great American Songbook and those who shaped the way it has been sung. The music crosses from jazz to pop and back again from the songs of Irving Berlin and W C Handy through Stephen Sondheim and beyond bringing together straightforward jazz and pop singers Billie Holiday, Perry Como, hybrid artists who moved among genres and combined them, Peggy Lee, Mel Tormé, the leading men and women of Broadway and Hollywood, Ethel Merman, Al Jolson, yesterday's vaudeville and radio stars, Sophie Tucker, Eddie Cantor, and today's cabaret artists and hit makers, Diana Krall. Michael Bublé. Friedwald has also written extended pieces on the most representative artists of five significant genres that lie outside the songbook: Bessie Smith, blues; Mahalia Jackson, gospel; Hank Williams, country and western; Elvis Presley, rock n roll; and Bob Dylan, folk rock. Friedwald reconsiders the personal stories and professional successes and failures of all these artists, their songs and their performances, appraising both the singers and their music by balancing his opinions with those of fellow musicians, listeners, and critics. This magisterial reference book, ten years in the making, will delight and inform anyone with a passion for the iconic music of America, which continues to resonate throughout our popular culture.

Being Prez Dave Gelly, 2007-10-18. Lester Young was one of the great jazz masters, and his impact on the course of the art form was profound. He fundamentally changed the way the saxophone was played; his long, flowing lines brought new levels of expressiveness and subtlety to the jazz language, setting the standard for all modern players. In *Being Prez*, renowned British critic Dave Gelly follows Lester Young through his life in a rapidly changing world, showing how the music of this exceptionally sensitive man was shaped by his experiences. The reader meets a complicated, vulnerable, gentle individual who was brought up in his father's traveling carnival band. His early career was spent in the nightclubs and dancehalls of Kansas City and the Southwest, and he made his landmark recording debut at the peak of the Swing Era. But at the height of his powers, he was drafted into the US Army, where racism and his own unworldliness landed him in military prison. Following these events, Young grew increasingly withdrawn, and suspicious changes in his character reflected in the darkening mood of his music. Gelly himself, a jazz saxophonist, examines many of Young's classic recordings in illuminating detail. He reveals how, as a saxophonist and as major contributor to the Count Basie band, Young created a strong personal voice: a cool modernism and a new rhythmic flexibility in the freely dancing rhythms of 4-beat swing. With his sax jutting oddly to one side, his bizarre oblique use of language, and his unique musical rapport with Billie Holiday, who famously nicknamed him Prez, Lester Young has become an icon and a cult figure. This marvelous biography illuminates the life and work of this giant of jazz.
