Great Pyramid Reveals Its Secret:

The Great Pyramid Reveals Its Secret Roselis Von Sass,1999 This book uncovers the prophetic meaning and the extraordinary story of the construction of the Great Pyramid solving the mysteries of how and why was it built that still today stun so many The story is packed with exciting descriptions full of lively recounting and dialogues taking the reader to the very scenery and happenings that unfolded at that time The Great Pyramid Charles Piazzi Smyth,1994 A detailed look at the architecture and construction of the Great Pyramid of Giza features information on its occult meanings and mysteries and includes forty black and white illustrations **Biblical Code Found on the Face of the Great Pyramid Reveals: the Return of Christ in 2040** Gary Brannock,2012-04-24 In Revelation John is given an enigmatic vision which is filled with apocalyptic world events to take place just prior to the return of Christ Therefore for centuries countless scholars have attempted to interpret the dream and reveal when these future events would come to fruition But because of its vague and confusing scenarios they were left perplexed and could only speculate and theorize as to what John was attempting to convey in his prophecy This writing begins by comparing the stone coffer in the Great Pyramid to the Bibles lost Ark of the Covenant and in doing so many astounding revelations are brought to light But when I focus solely on the pyramid itself I stumble across a cryptic clue And once I unravel its hidden mystery a 15 000 year old secret is revealed that connects the Great Pyramid to God the Holy Bible and Christ and leads me straight to the book of Revelation in which for the first time ever Johns vision is revealed Upon reading this book you will understand that the reason for the ambiguity of Johns vision was because it was not meant to be interpreted until the end of time was at hand But moreover you will learn the location of the mysterious city of Babylon the location of the bottomless pit when the Antichrist will enter into the world from out of the pit how and from where he will rise to power who will crown him as a king and of his greatest miracle that will deceive many nations into believing he is the risen Christ But most imperative you will learn that because Johns vision has been revealed in advance that at present its a prophecy in the form of a warning but also that if this warning is not heeded it is soon to become one of destiny *The Great Pyramid Reveals Its Secret* Roselis von Sass,2009-05-14 I look up at the Sphinx and ponder over the enigma it bears Suddenly I fear all the mystery that floods in and overwhelms me I stand up and walk to the horse that awaits me The cold wind blows from the desert and the silence of the night sets in I hear the hoarse barking of a desert jackal and see bats flying by like shadows Clouds of perfume engulf me as I approach the bridge over the Nile The marvelous Giza gardens of acacias and orange trees are in full bloom I watch the canoes in the Nile rocking back and forth at the edge of the river and I remember my ride here I was so sure of myself I wanted to dig explore and find remains of dead kings And now I listen to the murmur of the sacred Nile and feel the painful vibrations of my soul Why did my heart quiver when I contemplated the Sphinx Where did the halo of eternity that surrounds these magnificent works come from Who knows the answer Pyramid Quest Robert M. Schoch,Robert Aquinas McNally,2005-06-02 The Egyptologist acclaimed for

re dating the Great Sphinx at Giza sets his sights on one of the true mysteries of antiquity the Great Pyramid of Giza What is the Great Pyramid of Giza Ask that basic question of a traditional Egyptologist and you get the basic traditional answer a fancy tombstone for a self important pharaoh of the Old Kingdom This Egyptologists argue is the sole finding based on the data and the only deduction supported by science By implication anyone who dissents from this point of view is unscientific and woolly minded a believer in magic and ghosts Indeed some of the unconventional ideas about the Great Pyramid do have a spectacularly fabulous ring to them Yet from beneath the obvious terms of this controversy a deeper more significant question arises how is it that the Great Pyramid exercises such a gripping hold on the human psyche adding cryptic grace to the back of the one dollar bill and framing myriad claims of New Age pyramid power In Pyramid Quest Robert M Schoch and Robert Aquinas McNally use the rigorous intellectual analysis of scientific inquiry to investigate what we know about the Great Pyramid and develop a stunning hypothesis This ancient monument is the strongest proof yet that civilization began thousands of years earlier than is generally thought extending far back into a little known time In tracing that story we come to understand not only the Great Pyramid but also our own origins as civilized beings

V. Perrone,2014-05-31 As the author of this novel I prefer not to provide biographic data except to disclose that I currently reside in Florida having moved there in 2004 after working in the financial district of New York City While still a rail commuter from New Jersey my daily morning route included taking the PATH train from Hoboken into the basement of the World Trade Center where especially when the weather was spring like I usually would exit the complex through its central plaza and from there walk the three blocks to my office My timing was such that I was usually in the plaza by 8 45 AM in order to be on time for work Having returned a few days earlier from a

tiring vacation I decided that fateful Tuesday morning of September 11 2001 to get a few extra winks of sleep and to take the late train to work As a result I was about thirty minutes later than usual and not where I normally would have been at 8 46 AM when the first plane struck the north tower of the World Trade Center If the events of that day did not change my perspective on life then the following weeks and months of working in the humbling atmosphere of such a terrible disaster did Many questions were asked and not answered Was it by human design alone Was it because of divine punishment In any event in order to mentally escape the reality of an environment in which physical escape was not then possible I found that when I had a private moment to think on the subway the commuter train on a work break etc I did so with pen in hand And what emerged at the time were poems that helped me deal with questions of the soul and resolve the remorse I felt which was later replaced with a sense of hope Although I always had what I thought to be a talent for writing through which I could express thoughts and feelings in a way I never could do verbally I had never written anything of consequence before that disastrous day in 2001 And yet looking back it seemed that whatever pen I subsequently used in writing those poems which eventually turned out to be many must have had a magical connection because the words came only after first picking up the pen Many times the words came quickly without my having to think as if I was simply transcribing what was being dictated It was the same with this novel I never planned to write a novel and most certainly do not consider myself an author But one day a thought came into my head causing me to pick up a pen and on a simple notepad I began to write the first chapter of this book The characters immediately came into being and essentially it is their novel their story At times when the story stagnated causing me to sit at the computer while my fingers remained still it was as if the characters had nothing to say so much so that if a family member who knew of the writing of this novel would ask me at the time how it was coming along my answer would be that the characters weren't talking to me So maybe this isn't a novel at all Maybe it all did happen a long while ago and that through some kind of a time anomaly the people described herein may have telepathically communicated their story to me so that this world that we live in today could have knowledge of what once had been I really don't know what do you think J V Perrone
