Great Cosmic Teachings Of Jesus Of Volume 1:

The Lost Teachings of Jesus, Book 1 Mark L. Prophet, Elizabeth Clare Prophet, 2020-01-01 Unmistakable evidence that many of Jesus teachings were altered deleted or never recorded In their classic series The Lost Teachings of Jesus Mark L. Prophet and Elizabeth Clare Prophet prove that many of Jesus original teachings are missing They show that the New Testament records only a fragment of what Jesus taught That what was written down was tampered with by numerous editors or suppressed by guardians of the faith And that some of what was recorded has been misinterpreted to this day The authors fill in the gaps with a bold reconstruction of the essence of Jesus message They unfold the lost teachings Jesus gave in public to the multitudes and in secret to his closest disciples In modern vernacular they offer a unique blend of the mystical and the practical that goes beyond the orthodox view of Jesus to discover his original message And they answer questions that have puzzled readers of the Bible for centuries [The Lost Teachings of Jesus, Book 2](#) Mark L.

Prophet, Elizabeth Clare Prophet, 2020-11-19 In Book 1 of their Lost Teachings of Jesus series Mark L. Prophet and Elizabeth Clare Prophet demonstrate that many of Jesus original teachings were lost In Book 2 they go one step further They show how early churchmen aided and abetted by the Roman emperors Constantine and Justinian distorted Jesus true teachings And robbed you of what he wanted you to know about the power of your own inner Christ In modern vernacular parable and story the Prophets provide the missing links They explain the difference between Jesus and the Christ They show how the Church's doctrines on sin and the only begotten Son of God have obscured what Jesus really taught about salvation And they explore how Eastern concepts like karma reincarnation and chakras can be found wrapped in the mysteries he gave the disciples Most importantly they recapture the heart of his message that you like Jesus can reconnect with your Divine Source to realize your full potential *Cosmic Teachings of a Lama* Samael Aun Weor, 2020-01-01 Whosoever is dressed with the cloud of virtue is liberated from sufferings Samael Aun Weor Scriptures like the Vedas and Genesis symbolically describe the laws of creation the causes of universes worlds and all living beings By knowing those laws and acting in harmony with them one can originate a new creation within oneself the birth of the superhuman a feat described by Jesus as being born again In this book Samael Aun Weor explores this theme by reflecting on the mysteries of Egyptian writings Tibetan Buddhism Kabbalah and the Tree of Life and the Stanzas of Dzyan an ancient scripture first made public by H. P. Blavatsky in The Secret Doctrine He also relates his personal experiences of meditation vividly demonstrating that genuine spiritual development is a conscious experience From all of this you will learn the exact science to achieve not only the Second Birth the creation of the soul but also liberation from suffering by eliminating its cause our psychological defects there are degrees and degrees in everything and different levels of being Above us is a superior level of being and below us an inferior level of being We can pass into a superior level only by eliminating a certain quantity of undesirable psychic aggregates defects which we carry within our interior Obviously only in this way is it possible to reach the highest level of being in order to transform ourselves

into superhumans Samael Aun Weor **Life and Teaching of the Masters of the Far East, Vol. 1** Baird T.

Black Theologies, Volume 1 Roswith I. H. Gerloff, 2010-11-01 Since the Second World War more than 1 000 black independent congregations in around 300 different organizations have sprung up all over Britain The immigration of Afro Caribbeans and West Africans has led to the emergence and growth of many churches which flourish in the cities and attract a growing number of members They now play an increasingly active role in the social and ecumenical life of the nation which is reflected in cooperation with the New Instrument of the British churches They comprise a rich diversity of theological traditions and cultural inheritance some in an interesting blend some in a struggle with white elements Existence and growth of these communities have often been explained by factors inherent in British society such as social deprivation and English racism The book attempts to prove that as much these factors are a reality they do not account for the dynamics of the movement its proliferation and stability Rather these congregations are carried by strong cultural and theological forces which molded the spiritual experience of the African diaspora They carry a living faith sound contextual theologies and a form of organization which presents a model for other ethnic minorities

The Radical Teaching of Jesus Duncan S. Ferguson,2016-01-18 The Radical Teaching of Jesus carefully and thoughtfully invites the reader into an understanding of the life and teachings of Jesus Both his life and teachings are radical in that Jesus intended those who observed his life and heard his teachings to make a major change in their lives by fully receiving the power and presence of God The implications of this transformation would result in a life of loving God with heart and mind and one s neighbor without condition This volume underlines that to have a full understanding of the implications of the radical teaching of Jesus requires a careful reading of the history of the Gospel records of the circumstances in which Jesus lived and of Jesus sense of vocation This understanding makes possible a more credible and nuanced grasp of the style and content of the life and teaching of Jesus and its extraordinary relevance for our rapidly changing and troubled global context The book speaks poignantly both to those within the Christian family who find traditional categories regarding Jesus increasingly difficult to affirm and to those of other faith traditions or religious unaffiliated who seek an authentic spiritual way **Fire of Mercy, Heart of the Word, Vol 1** Erasmo Leiva-Merikakis,1996-01-01 To the unstudied eye Matthew s gospel can seem a terse narrative almost a historical document and not the tremendously spiritual and doctrinal storehouse that it is Erasmo Leiva here acts as our guide showing Matthew s prose to be not terse so much as economical astoundingly so given its depth The lay reader can derive great profit from reading this Each short meditation comments on a verse or two pointing to some facet of the text not immediately apparent Leiva s work is scholarly but eminently approachable by the non

technical reader The tone is very much gustate et videte quoniam suavis est Dominus taste and see how good the Lord is as it is friend come up higher The goal of the book is to help the reader experience the heat of the divine heart the light of the divine Word Leiva points to Matthew s gospel as being deeply ecclesial because it is first Christological He comments on the Greek text demonstrating to the reader nuances in the text that defy translation into English without serious revision of the text Leiva uses linguistic analysis to aid the non Greek reader with the literal meaning of the text numerous quotes from the Fathers and the liturgy of the church demonstrate the way the Tradition has lived and read the Word of God His theological reflection vivifies doctrine by seeking its roots in the words and actions of Jesus *Everything You Wanted to Know* Lyle Hutchins,2012-02-14 My book is the work of Comparative religious theology and apologetics of the late 1960s to 2000 Order of Mans cult It examines the founder teachings of the Order in light of scriptures It is intended for the mature Christian and adult audience both young and old adult readers It deals with the many case adventures of Vance McGarrett a Hardcore Biblical gumshoe P I private investigator Vance McGarrett and assistant Scarlet Script investigate a religious group called the Holy Order of Mans The Order was founded by a shady character named Earl Blighton who is the supposed reincarnation of St Paul The order has a bona fide grant from the state of California to grant degrees and ordination As it grows it takes on Orientalism and Gnosticism McGarrett exposes the seamy side of religious organizations in this investigation and gives fair warning to the innocent about the many scams that flourish on the market stalls on the way to Christian salvation

Divinization: The Hidden Teaching within Divine Wisdom Efstratios Papanagiotou,2013-09-04 The joyful news Evangelia that Jesus not only brought to humanity but mostly experienced for her sake was spread out of necessity through symbolisms difficult to understand So the New Testament might now seem to us and indeed is a seven sealed book which is cautious in revealing its treasures Yet this shouldn t discourage us but on the contrary should urge us in finally developing a living relationship with it knowing with certainty that if we begin penetrating even a little into its mysteries they will constitute for us invigorating waters which will quench our spirit s thirst Initiations of the Heart Elizabeth Clare Prophet,2020-11-01 Did Our Hearts Not Burn Within Us The mystics have always known that the heart is the most important center of consciousness We can gain visions through the third eye enlightenment through the crown But the true fount of cosmic consciousness is always in the heart How do we develop our heart the chakra of Divine Love How can we increase the fire of the heart How can we expand the threefold flame the very source of life within us Within Initiations of the Heart the ascended masters reveal the mysteries of the heart Most importantly as we enter into their Word each one offers a transfer of light a unique initiation of the heart The apostles felt the fire of the heart in their encounter with the risen Christ on the road to Emmaus May you also experience that fire through your encounter with the masters in this age **The Holy Spirit -- In Biblical Teaching, Through the Centuries, and Today** Anthony C. Thiselton,2013-06 The book is divided into three parts Part One provides a thematic analysis and exegetical commentary on all the relevant biblical and cognate

literature including Josephus Philo and the Mishnah Part Two investigates the thinking of key Christian theologians on the Holy Spirit from the Apostolic Fathers to eighteenth century authors such as John Wesley and Jonathan Edwards Part Three examines more recent writings on the Spirit from the nineteenth century onwards including major systematic theologians such as Schleiermacher Barth and Moltmann as well as biblical scholars such as James D G Dunn Gordon Fee and Gerd Theissen Thiselton concludes the entire study by identifying seven fundamental themes and calling for greater dialogue between mainstream scholarship and contemporary leaders of the Pentecostal and Renewal movements Teachings from the Mystery School, the Healing Power of Angels Elizabeth Clare Prophet, 1987 *Saint Germain* Elizabeth Clare Prophet, 1990 Evangelicalism Richard Kyle, 2017-09-20 Most forms of religion are best understood in the context of their relationship with the surrounding culture This may be particularly true in the United States Certainly immigrant Catholicism became Americanized mainstream Protestantism accommodated itself to the modern world and Reform Judaism is at home in American society In Evangelicalism Richard Kyle explores paradoxical adjustments and transformations in the relationship between conservative Protestant Evangelicalism and contemporary American culture Evangelicals have resisted many aspects of the modern world but Kyle focuses on what he considers their romance with popular culture Kyle sees this as an Americanized Christianity rather than a Christian America but the two are so intertwined that it is difficult to discern the difference between them Instead in what has become a vicious self serving cycle Evangelicals have baptized and sanctified secular culture in order to be considered culturally relevant thus increasing their numbers and success within abundantly populous and populist driven American society In doing so Evangelicalism has become a middle class movement one that dominates America's culture and unabashedly populist Many Evangelicals view America as God's chosen nation thus sanctifying American culture consumerism and middle class values Kyle believes Evangelicals have served themselves well in consciously and deliberately adjusting their faith to popular culture Yet he also thinks Evangelicals may have compromised themselves and their future in the process so heavily borrowing from the popular culture that in many respects the Evangelical subculture has become secularism with a light gilding of Christianity If so he asks can Evangelicalism survive its own popularity and reaffirm its religious origins or will it assimilate and be absorbed into what was once known as the Great American Melting Pot of religions and cultures Will the Gospel of the American dream ultimately engulf and destroy the Gospel of Evangelical success in America This thoughtful and thought provoking volume will interest anyone concerned with the modern day success of the Evangelical movement in America and the aspirations and fate of its faithful
