## **Great Press Barons In Profile:**

*Profiles in Journalistic Courage* Lisa DeLisle, 2018-04-27 Some of the bravest actions of journalists are unknown obscured by the passage of time hidden by veils of anonymity or buried by systematic repression *Profiles in Journalistic Courage* corrects this imbalance With few exceptions the stories told in this collection are unfamiliar In the words of Richard Whelan on Robert Capa's vision of the Spanish Civil War these tales are drawn from the edge of things Most of the people highlighted here are journalists who worked on the margins of popularity who blazed new and solitary paths and who left fleeting legacies Courageous journalists were not always thanked for their pioneering efforts Jealousy political disagreements and differing conceptions of journalism sometimes fueled criticism of some of those dealt with in this volume To complicate the subject further brave journalists do not always act for reasons that win popularity or acclaim Actions with laudable consequences are sometimes the result of egoism stubbornness and ignorance no less than selflessness prudence and principle These psychological dimensions are not avoided in these profiles In *Yesterday* David Copeland examines the tangled legacy of the trial of John Peter Zenger Graham Hodges unearths the story of David Ruggles an African American journalist and abolitionist Pamela Newkirk recalls the life and work of Ida B Wells Barnett Pierre Albert explores the journalism of the French Resistance Bernard L Stein and Hank Klibanoff describe the work and motives of the civil rights movement The volume covers the journalism of commitment from Northern Ireland to Native American tribes It closes with an extended essay by James Boylan on varied perspectives on different aspects of courage in journalism from the capacity to resist threats to the courage to tell people what they may not want to hear or read [The Great British Entrepreneur's Handbook 2014](#) Various authors, 2013-11-19 The Great British Entrepreneur's Handbook shares the secrets of experienced entrepreneurs on everything from coming up with great business ideas to the value of old fashioned networking and how to raise funds whether courting VCs and other investors or seeking out new sources of crowd finance With wit and wisdom the personalities behind some of the leading firms and bestselling business books of today guide budding entrepreneurs through all the highs and lows of what it takes to be a business success *Journalism* Ian Hargreaves, 2014 In this new edition of the Very Short Introduction to Journalism Ian Hargreaves considers the role and place of journalism in our constantly evolving digital world Exploring issues relating to privacy democracy the entertainment industry and global social media Hargreaves explores the shape and influence of journalism in years to come [Profiles of Play](#) Saralea Chazan, 2002-01-14 Written by a leading child psychologist this clearly written and practical book provides a template for interpreting change and meaning in children's lives through play activity It shows how each child's pattern of play has a distinct profile of measurable features These can be identified and can be used to assess the child's development **Freemasonry and the Press in the Twentieth Century** Paul Calderwood, 2016-04-15 By the end of the twentieth century Freemasonry had acquired an unsavoury reputation as a secretive network of wealthy men looking out for each other's interests The popular view is of an organisation that if not

actually corrupt is certainly viewed with deep mistrust by the press and wider society Yet as this book makes clear this view contrasts sharply with the situation at the beginning of the century when the public's perception of Freemasonry in Britain was much more benevolent with numerous establishment figures including monarchs government ministers archbishops and civic worthies enthusiastically recommending Freemasonry as the key to model citizenship Focusing particularly on the role of the press this book investigates the transformation of the image of Freemasonry in Britain from respectability to suspicion It describes how the media projected a positive message of the organisation for almost forty years based on a mass of news emanating from the organisation itself before a change in public regard occurred during the later twentieth century This change in the public mood the book argues was due primarily to Masonic withdrawal from the public sphere and a disengagement with the press Through an examination of the subject of Freemasonry and the British press a number of related social trends are addressed including the decline of deference the erosion of privacy greater competition in the media the emergence of more aggressive and investigative journalism the consequences of media isolation and the rise of professional Public Relations The book also illuminates the organisation's collisions with nationalism communism and state welfare provision As such the study is illuminating not only for students of Freemasonry but those with an interest in the wider social history of modern Britain

*Turning Point 1917* Douglas E. Delaney, Nikolas Gardner, 2017-02-17 For the British Empire and its allies of the Great War 1917 was a year marked by one crisis after another There was also social and political upheaval on the home front including labour unrest and opposition to conscription in the dominions But here and there glimmers of light pierced the gloom The armies of the empire began to solve the puzzle of trench warfare The dominions asserted themselves more in the councils of imperial power And the United States finally entered the war *Turning Point 1917* examines the British imperial war effort during the most pivotal and dynamic twelve months of the Great War Written by internationally recognized historians its chapters explore military diplomatic and domestic aspects of how the empire prosecuted the war Their rich nuanced analysis transcends narrow national viewpoints of the conflict to view the British Empire as a coalition rather than individual states engaged in their own distinctive struggles In drawing attention to the developments that made 1917 a turning point this book provides a unique perspective of the war

Winston Churchill in British Art, 1900 to the Present Day Jonathan Black, 2017-03-23 Churchill is today remembered as a great leader a war hero a literary heavyweight and a renowned wit This incarnation of Churchill is the latest in a long evolving identity which at various times has sustained his power enhanced his popularity and enabled him to personify aspects of British national identity Indeed Churchill was more aware than most of the performative power of his public life He lived in an age of the illustrated mass produced newspaper with its cartoons and Kodak snappers He was well known for his readiness to appear in uniform for photo opportunities during the Second World War and he not only wrote about the art of political caricature but collected cartoons of himself his allies and opponents In this heavily illustrated book Jonathan Black considers the changing

image of Churchill in visual art from cartoons and paintings to photographs and sculptures He asks how and why his image developed right up to the present day and examines the extent to which Churchill was complicit in its production *Mass Media, Politics and Democracy* John Street, 2010-12-09 This widely used and popular text provides a broad ranging analysis of the relationship between the media and politics Revised and updated throughout this second edition includes coverage of the mediatization of politics of E politics and governance of the impact of reality TV and of issues raised by the reporting of war in Iraq

**Strategic Management in the Media** Lucy Küng, 2008-04-11 This book provides vital insights into the elements of strategy and their application to media firms Solidly grounded in theory but not pedantic it is essential reading for those who make or wish to comprehend choices of media companies Robert Picard University of J nk ping Insightful contextually analytical yet easy to comprehend Strategic Management in the Media successfully applies the adaptive and interpretative areas of strategic theory in the media sectors It provides a unique perspective in which common themes linking media strategy and industry environment are thoughtfully discussed Sylvia M Chan Olmsted University of Florida an invaluable asset for students of media management The use of pertinent examples and case studies throughout brings the analysis to life and contributes to a highly readable introduction Gillian Doyle University of Glasgow This book is a comprehensive accessible and expert introduction to strategy within a media management context It is divided into two parts part one provides an introduction to and overview of the media industry from a strategic management perspective looking in detail at the sectors that together comprise the industry newspaper book and magazine publishing music radio and television and the strategic forces at work in each This provides the foundation for part two which analyses a number of strategic topics central to the media sector such as technological change organisational structure leadership and creativity and innovation The chapters follow the same structure the relevant theory is outlined its application to the media industry is discussed and case studies from the media industry are used to illustrate the theory and illuminate its relevance for the media field The cases and examples used come from all sectors of the industry and a range of geographic regions and include News Corporation Endemol BBC Bertelsmann CNN MTV Disney and Pixar

**Popular Newspapers, the Labour Party and British Politics** James Thomas, 2007-05-07 IT S THE SUN WOT WON IT was the famous headline claim of Britain s most popular newspaper following the Conservative party s victory over Labour in the 1992 general election The headline referred to a virulent press campaign against Neil Kinnock s Labour party and dramatically highlighted one of the chief features of British politics during the twentieth century the conflict between a socialist Labour party and a capitalist popular press Labour s frequent complaints of the political and electoral unfairness of newspaper bias meant that some commentators considered that this dispute had a heritage as old as the party itself Others including the Labour leadership at the time argued that despite past tensions the 1992 election marked the culmination of an unprecedented campaign of vilification against the party Popular Newspapers the Labour Party and British Politics assesses these competing claims looking not only

at 1992 but both back and forward to examine the continuities and changes in newspaper coverage of British politics and the Labour party over the twentieth century The book explores whether the popular press has lived up to its claim of being a democratic fourth estate or has merely as Labour politicians have argued been a powerful fifth column distorting the democratic process Drawing on a range of previously unexamined sources this book offers the first original and comprehensive history of a fascinating aspect of British politics from Beaverbrook to Blair James Thomas is a lecturer at the Cardiff School of Journalism Media and Cultural Studies at Cardiff University and has published articles and essays exploring the relationship between the popular press and British politics     Jutland Nicholas Jellicoe,2016-03-30 A compelling dramatic account of the Royal Navy's last great sea battle Robert K Massie Pulitzer Prize winning and New York Times bestselling author of *Dreadnought* More than a century later historians still argue about this controversial and misunderstood World War I naval battle off the coast of Denmark It was the twentieth century's first engagement of dreadnoughts and while it left Britain in control of the North Sea both sides claimed victory and decades of disputes followed revolving around senior commanders Admiral Sir John Jellicoe and Vice Admiral Sir David Beatty This book not only retells the story of the battle from both a British and German perspective based on the latest research but also helps clarify the context of Germany's inevitable naval clash and the aftermath after the smoke had cleared     *Media Ownership and Concentration in America* Eli Noam,2009-10-19 People have worried for many years about the concentration of private power over the media as evidenced by controversy over Federal Communication Commission rulings on broadcast ownership limits The fear it seems is of a media mogul with a political agenda a new William Randolph Hearst who could help start wars or run for political office using the power of the media In the light of these concerns about freedom of speech Eli Noam provides a comprehensive survey of media concentration in America covering everything from the early media empire of Benjamin Franklin to the modern day cellular phone industry     **Media, Politics and Democracy** John Street,2021-05-14 The third edition of *Media Politics and Democracy* examines the fraught debate over media influence who wields it and what effect social and traditional media has on what we think how we behave and how we vote Charting the media conglomerates of old the alarming rise of the Tech Giants in recent decades concerns over fake news and the use of social media by political candidates this book places contemporary anxieties into historical context and compares the response to such issues across different states and societies Using examples from around the world Street tackles the changing nature of political communications and brings under scrutiny the question of how a democratic society can function alongside a democratic media Suitable for students studying politics and the media political communications and other related fields New to this Edition Completely revised and updated version of *Mass Media Politics and Democracy* Includes a new chapter on the power of the Tech Giants Contains detailed accounts of the significance of figures such as Donald Trump Rupert Murdoch and Mark Zuckerberg Student questions and issues for debate interspersed throughout the book     Nationalism, War and Jewish

Education David Aberbach, 2018-10-04 Nationalism War and Jewish Education explores historical circumstances leading to the emergence of a Jewish religious school system lasting to modern times and the process by which this system was broken down and adapted in secular form as Jewish nationalism grew in the 19th and early 20th centuries In the Roman period education became an essential part of rabbinic pacifist accommodation following Jewish defeats while in the modern period secular education was associated with nationalism and increasing militancy of emerging states In both periods there was a revival of Hebrew and the creation of an educational system based on Hebrew texts Both revivals were responses to anti-Semitism which pushed large numbers of Jews away from assimilation into the dominant culture to a renewed Jewish national identity The book highlights the centrifugal and centripetal shifts in Jewish identity from messianic militarism to pacifism and back It shows how changes in Jewish education accompanied these shifts While drawing on historical scholarship for background this book is essentially a literary study showing how literary changes at different times and places reflect historical socio psychological economic and political change Nationalism War and Jewish Education is original in showing how ancient Jewish education affected modern Jewish society therefore it is a valuable resource for students and researchers interested in Jewish history and literature education development studies and nationalism **The Media in Europe**

Euromedia Research Group, 2004-01-31 Covering 23 countries this volume highlights and explains key issues of debate and current tendencies in media policy and provides basic statistics relating to each case study The chapters are written by an expert from the country concerned **The Many Faces of Sacha Baron Cohen** Robert A. Saunders, 2008-01-01 In his various guises the British comedian Sacha Baron Cohen has threatened Uzbekistan with catapults driven a U N Secretary General to profanity and ruined New York s Fashion Week Evincing shades of Jonathan Swift Monty Python and Andy Kaufman Baron Cohen has consistently demonstrated a singular talent for crafting outrageous personae a ruthless dedication to staying in character and an uncanny ability to parlay controversy into professional success Now in his lively and often humorous study The Many Faces of Sacha Baron Cohen Politics Parody and the Battle over Borat Robert A Saunders explores the striking cultural resonance and far reaching political ramifications of Baron Cohen s portrayals of Borat Ali G and Bruno In Ali G a wannabe gangsta rapper from the leafy English suburb of Staines the Cambridge educated humorist tackled the prickly questions of race ethnicity and identity in Cool Britannia As Bruno a campy Austrian fashionista with a Nazi fetish he tapped into a wellspring of homophobia simmering beneath the sheen of political correctness Most dramatically as the roving Kazakhstani reporter Borat Baron Cohen offended the world s ninth largest nation provoked the ire of the Anti Defamation League triggered dozens of lawsuits and became the subject of presidential summits Part biography and part political analysis Saunders traces Baron Cohen s rise from a small time comedian one who might have easily been forgotten in the pre Internet era to a cultural lightning rod who set tongues wagging from Vancouver to Vladivostok Through a probing discussion of the identity politics that mold this jester s unique brand of humor the author navigates the eclectic socio

political climate that gave rise to the cable television hit Da Ali G Show and the international blockbuster Borat Cultural Learnings of America for Make Benefit Glorious Nation of Kazakhstan The end result is a sublime synthesis of cultural history and contemporary politics that aff

Education Policy and the Australian Education Union Andrew Vandenberg, 2018-03-09 This book focuses on the politics of teacher resistance to the formation and implementation of neoliberal education policies in Australia It argues that policies such as publishing examination test results online amounts to auditing teachers work and assumes incompetence from teachers which ultimately results in diverting teachers from their true professional responsibilities The book outlines the rise of transnational networks that promote market oriented methods of achieving social objectives such as good education for all students and considers a range of explanations for why this education policy was strengthened in Australia in 2010 It also reviews a range of arguments about professional unionism and reflects on the history of the Australian Education Union and its capacity to resist social neoliberalism The book concludes by reporting on a case study in which principals teachers and parents at two ordinary schools in Australia have managed to keep market forces at bay It will appeal to students and researchers in the fields of education and sociology particularly those interested in education policy political ideology unionism and schools

*Media International Australia* ,2002

**The Oxford Handbook of Intellectual Disability and Development** Jacob A. Burack, 2012 We know considerably more about persons with intellectual disability than we did even a decade ago Seeking to improve and increase upon this knowledge this book provides a map to continue sophisticated and precise research to inspire professionals involved with intellectual disability and to better the lives of persons affected by it

*Politics UK* Bill Jones, Philip Norton, 2014-06-20 The revised and updated eighth edition of the bestselling textbook Politics UK is an indispensable introduction to British politics It provides a thorough and accessible overview of the institutions and processes of British government a good grounding in British political history and an incisive introduction to the issues facing Britain today With contributed chapters from respected scholars in the field and contemporary articles on real world politics from well known political commentators this textbook is an essential guide for students of British politics The eighth edition welcomes brand new material from eight new contributors to complement the rigorously updated and highly valued chapters retained from the previous edition The eighth edition includes Britain in context boxes offering contrasting international perspectives of themes in British politics A comprehensive who's who of politics in the form of Profile boxes featuring key political figures And another thing pieces short articles written by distinguished commentators including Jonathan Powell Michael Moran and Mark Garnett Fully updated chapters plus new material providing excellent coverage of contemporary political events including The Leveson Inquiry the aftermath of the 2011 riots and the House of Lords reform A vibrant and accessible new design to excite and engage students as the work through a variety of political topics A new epilogue to the book offering a critical perspective of the trials and tribulations of the Coalition Government including an overview of the major differences that divide the coalition partners
