J. Bourne, 2000-11 **Future Tense** Roxanne Panchasi, 2009 In the years between the world wars

French intellectuals politicians and military leaders came to see certain encounters between human and machine organic and artificial national and international culture as premonitions of a future that was alternately unsettling and utopian Skyscrapers airplanes and gas masks were seen as traces in the present of a future world its technologies and its possible transformations In *Future Tense* Roxanne Panchasi illuminates both the anxieties and the hopes of a period when many French people traumatized by what their country had already suffered seemed determined to anticipate and shape the future *Future Tense* which features many compelling illustrations depicts experts proposing the prosthetic enhancement of the nation s bodies and homes architects discussing whether skyscrapers should be banned from Paris military strategists creating a massive fortification network the Maginot Line and French delegates to the League of Nations declaring their opposition to the artificial international language Esperanto Drawing on a wide range of sources Panchasi explores representations of the body the city and territorial security as well as changing understandings of a French civilization many believed to be threatened by Americanization Panchasi makes clear that memories of the past and even nostalgia for what might be lost in the future were crucial features of the culture of anticipation that emerged in the interwar period

Transcultural Memory and Globalised Modernity in Contemporary Indo-English Novels Nadia Butt, 2015-09-14 This book places transcultural memory in the South Asian cultural and literary context Divided into two parts the book first defines transcultural memory in the age of globalised modernity both as a theory and social practice Then it examines contemporary Indo English novels from India and Pakistan with the theoretical and methodological tool of transcultural memory to shed new light on the connection between memory and modernity and memory and South Asian cultures in the wake of new social and political transformations on the Indian subcontinent A special focus on commemorative tropes in the novels not only show the possibility of a dialogue with different versions of the past but also how such a dialogue shapes processes of remembrance between and beyond borders Hence the books comes up with alternative ways of reading the Indo English novels divesting the concept of trans cultural memory from its Euro centrism

and claiming it as equally significant in comprehending the new configurations of memory and modernity in non Western locations

Secret Wars Austin Carson,2020-06-09 *Secret Wars* is the first book to systematically analyze the ways powerful states covertly participate in foreign wars showing a recurring pattern of such behavior stretching from World War

I to U S occupied Iraq Investigating what governments keep secret during wars and why Austin Carson argues that leaders maintain the secrecy of state involvement as a response to the persistent concern of limiting war Keeping interventions backstage helps control escalation dynamics insulating leaders from domestic pressures while communicating their interest in keeping a war contained Carson shows that covert interventions can help control escalation but they are almost always detected by other major powers However the shared value of limiting war can lead adversaries to keep secret the interventions they detect as when American leaders concealed clashes with Soviet pilots during the Korean War Escalation concerns can also cause leaders to ignore covert interventions that have become an open secret From Nazi Germany's role in the Spanish Civil War to American covert operations during the Vietnam War Carson presents new insights about some of the most influential conflicts of the twentieth century Parting the curtain on the secret side of modern war Secret Wars provides important lessons about how rival state powers collude and compete and the ways in which they avoid outright military confrontations
