Common Places in Christian Theology Mark C. Mattes, 2023-03-21 Common Places in Christian Theology invites readers to discover the rich and complex world of Christian theology Sponsored by the journal Lutheran Quarterly and written by some of the finest contemporary Lutheran theologians this collection of essays helps Christian teachers understand and explain the grammar and inner logic of faith Exploring everything from scriptural authority to salvation and justification and the last things these writers provide a unique and compelling introduction to Lutheran theology As you receive the essentials of each topic you will also consider contemporary concerns whether in theology or from the natural sciences social sciences political theories or hermeneutics Whether you are a seasoned preacher looking to sharpen your understanding of faith or a curious Christian seeking to better articulate your relationship with God Common Places in Christian Theology will challenge and inspire you to think through your faith and share it with others *Contours of the Kuyperian Tradition* Craig G. Bartholomew, 2017-03-21 Abraham Kuyper was a remarkable figure in the modern age pastor theologian politician journalist and educator His writings launched what is known as Dutch neo Calvinism Widely known but little read Kuyper is now receiving the global recognition that his influential thought deserves in this introduction by Craig Bartholomew

Justification by the Word Jack D. Kilcrease, 2022-09-21 God's Word creates what he commands In Justification by the Word Jack D Kilcrease reintroduces Martin Luther's key doctrine Though a linchpin of the Reformation Luther's view of justification is often misunderstood For Luther justification is an expression of God's creative Word To understand Luther on justification one must grasp his doctrine of the Word The same God who declared let there be light and it was so also declares your sins are forgiven Justification is an objective reality It is achieved in Christ's resurrection and received through an encounter with the risen Christ in Word and sacrament Justification turns us outward away from our own unsteady feelings and limited understanding to look to Christ And the church must preach justification lest we so easily forfeit the joy of the gospel Justification by the Word inspires readers to reencounter the radical doctrine of justification by faith alone

Toronto Journal of Theology, 1997 **The Publishers Weekly**, 1994 *Twentieth-Century Theologians* Philip Kennedy, 2010-01-30 One needs to be a lunatic to become a Christian the 19th century Danish philosopher Søren Kierkegaard once observed Had he lived in the 20th century he might have discerned even more of an obstacle to faith For during the last century the human condition changed more rapidly than during any previous era taking that condition far away from the historical circumstances in which Christianity was born In his new book Philip Kennedy explores the ways Christian theologians of the 20th century tried to live a productive religious life in a world overtaken by massive upheaval and innovation The book is distinctive in a number of respects First it differs from other surveys of theology by adopting a

biographical method examining the lives of its subjects in historical context Second it is more progressive than its competitors covering many theologians other than white male professors especially women who have worked outside the academy or on the margins of the churches Third it is international focusing on theologians in all the continents of the world rather than just Europe or North America Fourth it makes no assumptions that its readers are religious or that theology is uniquely credible There is a need for a sensitive new textbook reassessing the subject in the light of modern concerns and scepticism about religion This book meets that need Book Review Digest ,1996 **Library Journal** ,1994 A History of Christian Theology, Second Edition William C. Placher,Derek R. Nelson,2013-10-03 A modern classic A History of Christian Theology offers a concise yet complete chronicle of the whole of Christian theology from its background in the history of Israel to the liberation and postliberal theologies of recent years This updated 30th anniversary edition includes expanded treatments of theological developments at the end of the 20th century and preliminary trajectories for theology in the 21st century It also includes updated bibliographies and revised chapters on important innovations in biblical studies and their impact on theology This updated and revised edition will continue to aid the work of both students and faculty for years to come **Forthcoming Books** Rose Army,1996-06 **Pathways in Theodicy** Mark S.
