*The Great Impostor* Robert Crichton, 2024-09-04 In this forthright account of a remarkable fraud in Ferdinand Waldo Demara Robert Crichton presents the man his reasons and his methods A New York Times bestseller when it was originally published in 1959 and serving as the inspiration for the Tony Curtis film of the same name this is the fascinating and disturbing story of America's Great Impostor The fantastic lives and careers of Ferdinand Waldo Demara make a fantastic irony of the platitude that truth is stranger than fiction For with Ferdinand Demara truth is fiction Demara wanted to be a hero to lead an epic life dedicated to the benefit of others and to gain adulation for himself and he did all those things by lying to others about who he was During his storied career Ferdinand Demara managed to become a Trappist monk a doctor of psychology and Dean of the School of Philosophy at a small college in Pennsylvania a law student zoology graduate cancer researcher and teacher at a junior college in Maine a surgeon lieutenant in the Royal Canadian Navy as medical officer on the destroyed Cayuga he successfully performed major surgery a brilliant assistant warden of a Texas prison and a teacher and beloved idol of the children on a Maine island village

**The Trials of Eroy Brown** Michael Berryhill, 2011-10-15 Berryhill's account of this infamous 30 year old murder case Provides a jarring portrait of a once medieval state prison Publishers Weekly In April 1981 two white Texas prison officials died at the hands of a black inmate at the Ellis prison farm near Huntsville Warden Wallace Pack and farm manager Billy Moore were the highest ranking Texas prison officials ever to die in the line of duty The warden was drowned face down in a ditch The farm manager was shot once in the head with the warden's gun The man who admitted to killing them a burglar and robber named Eroy Brown surrendered meekly claiming self defense In any other era of Texas prison history Brown's fate would have seemed certain execution But in 1980 federal judge William Wayne Justice had issued a sweeping civil rights ruling in which he found that prison officials had systematically and often brutally violated the rights of Texas inmates In the light of that landmark prison civil rights case *Ruiz v Estelle* Brown had a chance of being believed *The Trials of Eroy Brown* the first book devoted to Brown's astonishing defense is based on trial documents exhibits and journalistic accounts of Brown's three trials which ended in his acquittal Michael Berryhill presents Brown's story in his own words set against the backdrop of the chilling plantation mentality of Texas prisons Brown's attorneys Craig Washington Bill Habern and Tim Sloan undertook heroic strategies to defend him even when the state refused to pay their fees *The Trials of Eroy Brown* tells a landmark story of prison civil rights and the collapse of Jim Crow justice in Texas

*Identity Theft in Today's World* Megan McNally, 2011-11-16 This book accurately identifies the various forms of identity theft in simple easy to understand terms exposes exaggerated and erroneous information and explains how everyone can take action to protect themselves Identity theft is a classic crime with a modern and perhaps decidedly American twist The rise of technology over the past few decades and its influence on the processes of modernization and globalization has created many new opportunities for identity theft both locally and internationally

Moreover this process has transformed the nature of identity from something largely personal to something almost purely financial Although identity theft is not a global crime per se it does pose a pervasive and universal threat that will need to be acknowledged and addressed by many nations throughout the world In this text author Megan McNally examines the concept of identity theft in universal terms in order to understand what it is how it is accomplished and what the nations of the world can do individually or collectively to prevent it or respond to it
