A Historical Guide to Edith Wharton Carol J. Singley, 2003-01-30 Edith Wharton arguably the most important American female novelist stands at a particular historical crossroads between sentimental lady writer and modern professional author Her ability to cope with this collision of Victorian and modern sensibilities makes her work especially interesting Wharton also writes of American subjects at a time of great social and economic change Darwinism urbanization capitalism feminism world war and eugenics She not only chronicles these changes in memorable detail she sets them in perspective through her prodigious knowledge of history philosophy and religion A Historical Guide to Edith Wharton

provides scholarly and general readers with historical contexts that illuminate Wharton's life and writing in new exciting ways. Essays in the volume expand our sense of Wharton as a novelist of manners and demonstrate her engagement with issues of her day. American Women Writers, 1900-1945 Laurie Champion, 2000-09-30 Women writers have been traditionally excluded from literary canons and not until recently have scholars begun to rediscover or discover for the first time neglected women writers and their works. This reference includes alphabetically arranged entries on 58 American women authors who wrote between 1900 and 1945. Each entry is written by an expert contributor and discusses a particular author's biography, her major works and themes, and the critical response to her writings. The entries close with extensive primary and secondary bibliographies, and the volume concludes with a list of works for further reading. The period surveyed by this reference is rich and diverse. Modernism and the Harlem Renaissance, two major artistic movements, occurred between 1900 and 1945, and the entries included here demonstrate the significant contributions women made to these movements. The volume as a whole strives to reflect the diversity of American culture and includes entries for African American, Native American, Mexican American, and Chinese American women. It includes well-known writers such as Willa Cather and Eudora Welty, along with more neglected ones such as Anita Scott Coleman and Sui Sin Far. Spoiling the Stories Tamar Merin, 2016-11-15 In *Spoiling the Stories*, Tamar Merin presents the as yet untold story of the rise of prose by Israeli women while further exploring and expanding the gendered models of literary influence in modern Hebrew literature. The theoretical idea upon which this book is based is that of intersexual dialogue, a term that refers to the various literary strategies employed by Israeli female fiction writers expressing their voice within a male-dominated and still inherently Oedipal literary tradition. *Spoiling the Stories* focuses on intersexual dialogue as it evolved in the first three decades after the establishment of the state of Israel in the works of Yehudit Hendel, Amalia Kahana-Carmon, and Rachel Eytan. According to Merin, these three women writers were the most important in the history of modern Hebrew literature; each was a significant participant in the poetic development of her time. *Edith Wharton and the Conversations of Literary Modernism* J. Haytock, 2008-04-28 This study imagines modernism as a series of conversations and locates Edith Wharton's voice in those debates. **Sacramental Shopping** Sarah Way Sherman, 2013 Illuminates modern consumer culture and its challenges to American identity and values in two classic novels. **Memorial Boxes and Guarded Interiors** Gary Totten, 2007-05-06 American writer Edith Wharton (1862-1937) once wrote in *Harper's* that she wanted to penetrate the carefully guarded interiors of her past memories and fashion them into a little memorial like the boxes formed of exotic shells which sailors used to fabricate between voyages. For Totten, English North Dakota State U, this statement is a striking reminder of the connections between material objects and cultural meanings in Wharton's life and work. He presents 11 essays that explore these connections in a variety of ways. Topics include critical linkages of Wharton to materiality as a means to keep her outside the canonical resistance to commodification in *The House of Mirth*, the creation of the disposable object, and Wharton

s characters fears of their disposability Wharton s ideas about the use of museum space in *The Age of Innocence* and the effect of technology on domestic space in *The Fruit of the Tree* **Frères Ennemis** William Cloonan,2018-09-25 An Open Access edition of this book is available on the Liverpool University Press website and the OAPEN library *Frères Ennemis* focuses on Franco American tensions as portrayed in works of literature from approximately the mid nineteenth century to the present An Introduction is followed by nine chapters each focused on a French or American literary text which shows the evolution devolution of the relations between the two nations at a particular point in time While the heart of the analysis consists of close textual readings social cultural and political contexts are introduced to provide a better understanding of the historical reality influencing the individual novels a reality to which these novels are also responding Chapters One through Five covering a period from the mid 1870s to the end of the Cold War discuss significant aspects of the often fraught relationship from the theoretical perspective of Roland Barthes theory of modern myth described in his *Mythologies* Barthes theory helps situate Franco American tensions in a paradigmatic structure while at the same time it is supple enough to allow for shifts and reversals within the paradigm Subsequent chapters explore new French attitudes toward the powerful potentially dominant influence of American culture on French life In these sections I argue that recent French fiction displays more openness to the American experience than has existed in the past and as such contrasts with the more static American approach to French culture **From the Modernist Annex** Karin Roffman,2010-05-13 In the 19th and early 20th centuries the majority of women were forced to seek their education outside the walls of American universities Many turned to museums and libraries for their own enlightenment for formal education and also for their careers In Roffman s close readings of four modernist writers Edith Wharton Nella Larsen Marianne Moore and Ruth Benedict she studied the that modernist women writers were simultaneously critical of and shaped by these institutions *From the Modernist Annex* offers new and critically significant ways of understanding these writers and their texts the distribution of knowledge and the complicated place of women in modernist institutions **Summoned to Lead** Leonard Sweet,2009-12-15 Leadership Re VisionedCast a vision set a strategy rally the troops and take the hill you don t need another book to rehash the well worn principles of modern leadership But if you re looking for something different something that approaches leadership as an art as well as a scienceinspires hope and expectation in those of us who aren t born leaderschallenges those with leadership roles to explore new possibilities then Leonard Sweet wants to help you discover a very different kind of leadership vision It s one you hear if your ears are open and it could summon you at any time When you respond the puzzle pieces of who you are will fit together into a leader others follow because you ve answered a call not trained for a position The church has it all wrong It is trying to train leaders Instead it ought to train everyone to listen and to develop their own soundtrack Leaders don t see a vision says Sweet they hear one Sound becomes sight Leaders hear life For a sonogram of acoustic leadership Sweet takes us inside the incredible account of Sir Ernest Shackleton the celebrated polar explorer who led his entire crew of
