International Handbook of Holistic Education John P. Miller, Kelli Nigh, Marni J. Binder, Bruce

Novak, Sam Crowell, 2018-09-14 Providing a comprehensive overview of holistic education s history conceptions practices and research this Handbook presents an up to date global picture of the field Organized in five sections the Handbook lays out the field s theoretical and historical foundations offers examples of holistic education in practice with regard to schools programs and pedagogies at all levels presents research methods used in holistic education outlines the growing effort among holistic educators to connect holistic teaching and learning with research practice and examines present trends and

future areas of interest in program development inquiry and research This volume is a must have resource for researchers and practitioners and serves as an essential foundational text for courses in the field Transcendental Learning John P. Miller, 2012-01-01 Transcendental Learning discusses the work of five figures associated with transcendentalism concerning their views on education Alcott Emerson Fuller Peabody and Thoreau all taught at one time and held definite views about education The book explores these conceptions with chapters on each of the five individuals and then focuses the main features of transcendental learning and its legacy today A central thesis of the book is that transcendental learning is essentially holistic in nature and provides rich educational vision that is in many ways a tonic to today's factory like approach to schooling In contrast to the narrow vision of education that is promoted by governments and the media the Transcendentalists offer a redemptive vision of education that includes educating the whole child body mind and soul happiness as a goal of education educating students so they see the interconnectedness of nature recognizing the inner wisdom of the child as something to be honored and nurtured a blueprint for environmental education through the work of Thoreau an inspiring vision for educating women of all ages through the work of Margaret Fuller an experimental approach to pedagogy that continually seeks for more effective ways of educating children a recognition of the importance of the presence of teacher and encouraging teachers to be aware and conscious of their own behavior a vision of multicultural and bilingual education through the work of Elizabeth Peabody The Transcendentalists particularly Emerson and Thoreau sowed the seeds for the environmental movement and for non violent change Their work eventually influenced Gandhi and Martin Luther King Jr and it continues to resonate today in the thinking of Aung Sang Suu Kyi and the Dalai Lama The Transcendentalists vision of education is worth examining as well given the dissatisfaction with the current educational scene Endorsements A Transcendental Education provides a powerfully hopeful integrative and holistic vision that can help guide education out of its current vacuum The book is thoughtfully explicated expertly synthesized and completely relevant for anyone interesting in helping education find itself Like the transcendentalists themselves this is both down to earth and soaring in its potential implications Tobin Hart author of The Secret Spiritual World of Children and From Information to Transformation Education for the Evolution of Consciousness The secret to a vital renewed America lies in the life and writings of the Transcendentalist community of Concord Massachusetts in the 19th century Jack Miller who I know has been devoted to a new living form of education throughout his career has written a book that could inspire a revolution in teaching It goes against the tide as do Emerson and Thoreau But it offers a blueprint and a hope for our children Thomas Moore author of Care of the Soul A timely account of great thinking on genuine education Reading this today's beleaguered teachers should experience a renewal of spirit and commitment Nel Noddings author of Happiness and Education

Teaching as the Practice of Wisdom David Smith, 2014-05-22 In the spirit of Paulo Freire this inspiring book deconstructs many of the gods that define contemporary life then offers hope through sources of traditional wisdom It

addresses important contemporary discourses in the political and social sciences in ways that are relevant to the personal and professional lives of teachers at all levels of educational practice David G Smith discusses the impacts on teachers lives of neoconservatism neoliberalism the New Marxism the emerging paradigm of Deep Politics global Wisdom traditions and more and he reveals how teachers can creatively stand with or against these streams of influence By clearly relating larger theoretical discussions in the social sciences to the policies and practices of teaching Smith builds upon Freire s legacy He also reaches beyond debates in Western scholarship and accesses new theory from the global South from Buddhist and NeoConfucian traditions as well as the new African Renaissance stream known as Unhu Ubuntu This is a powerful work of educational theory and philosophy that contains useful advice for educators wishing to push back against conformity

International Handbook of Education for Spirituality, Care and Wellbeing Marian de Souza,LESLIE J.

FRANCIS,James O'Higgins-Norman,Daniel G. Scott,2009-10-13 Acknowledging and understanding spiritual formation is vital in contemporary education This book explores the dynamic relationship between education and wellbeing It examines the theory underpinning the practice of education in different societies where spirituality and care are believed to be at the heart of all educational experiences The book recognizes that regardless of the context or type of educational experience education is a caring activity in which the development of the whole person body mind and spirit is a central aim for teachers and educators in both formal and informal learning The chapters in this handbook present and discuss topics that focus on spirituality as an integral part of human experience and consequently essential to educational programs which aim to address personal and communal identity foster resilience empathy and compassion and promote meaning and connectedness

Whole Child Education John P. Miller,2010-09-07 Public education is often viewed as dominated by an emphasis on test scores and narrowly defined parameters of performance and achievement By contrast John P Miller s Whole Child Education fosters relationships between various forms of thinking links body and mind and recognizes the inner life of the child Addressing issues of teaching curriculum the school and teacher wellness Miller presents three basic approaches transmission transaction and transformation that facilitate a connection with the whole student Practical examples from teachers who have incorporated Miller s ideas into their own classrooms and description of Toronto s Whole Child School founded in 2009 illustrate how the Whole Curriculum can be implemented on both the small and large scale Inspired by the powerful vision of Martin Luther King and his concept of the Beloved Community Whole Child Education is a vehicle for building community through holistic education

Spirituality in Education in a Global, Pluralised World Marian de Souza,2016-01-08 A particular problem associated with international research in the field of spirituality and education is the reluctance of scholars to agree on what spirituality means with numerous descriptions increasing ambiguity and reducing the impact of research in the discipline This book argues that it is important to understand spirituality as a unifying concept that has the potential to be meaningful in its application to the lives of children and young people in areas of learning and

wellbeing Chapters show why and how spiritual learning should be addressed across the curriculum with implications for the design of learning programs and environments

The Social Movement of Spiritually Engaged Alternative Education in Thailand Against the Background of Reform and Globalization Michael Ernest Jones, 2010-10-13 The establishment of alternative education private foundations and networks linked to socio political and spiritual advocacies distinguishes the Thai social movement in this research This research is a qualitative study that has made use of historical accounts to associate with data gathered from extensive interviews and case studies in order to inquire as to whether alternative education represents an historical spiritual tradition of opposition to reform hegemony and whether it has had an impact on state reform efforts Also investigated was whether there are some historical patterns associated with the manner in which the state of Thailand has dealt with the forces of globalization and whether the collective action by informal movements of Thai people also has the same predictable pattern of response to the global Analysis and comparison of these issues contribute in determining the values associated with people in the alternative education movement and the motives and intentions associated with state initiated reforms A further related aspect explored is the degree of Thai ness and the embedded historical pattern of both the alternative education movement and education reform These inquiries were answered through the collection of data from three different trips to Thailand over a four year period the last trip a one year stay that permitted case studies and observations at three alternative schools and the interview of a host of participants from home school parents and students to Ministry of Education staff and officers In examining the data a clearer notion of what lies underneath the idea of Buddhist education and spirituality became clearer and how educational reform based on Western ideals and notions has not taken into account Buddhism and culture as education This illumination brings new insight and also raises a new question as to the difference between social movements in a Buddhist nation such as Thailand and social movements in the West

Teaching with the Wind Michael Dallaire, 2011-11-16 Teaching with the Wind tackles the question Can education for a Canadian civic spirituality bridge the sometimes incommensurable worldviews of faith based schools and secular public schools An affirmative answer is offered based on two foundations First that a national soul can be identified and thus serve as the content of spiritual education in Canada schools Second that a reconstructed approach to the contemplation in action method found in world religions and philosophy can provide an appropriate pedagogy for Canadian spiritual education This book argues that education for civic spirituality is of paramount importance as Canada continues its transition from a Judeo Christian and bicultural nation to a multi faith and multicultural nation within a secular democracy It offers a direction that would enrich religious and secular education systems as well as Canada as a whole

Spirituality, Religion, and Peace Education Edward J. Brantmeier, Jing Lin, John P. Miller, 2010-07-01 Spirituality Religion and Peace Education attempts to deeply explore the universal and particular dimensions of education for inner and communal peace This co edited book contains fifteen chapters on world spiritual traditions religions and their connections and relevance to

peacebuilding and peacemaking This book examines the teachings and practices of Confucius of Judaism Islamic Sufism Christianity Quakerism Hinduism Tibetan Buddhism and of Indigenous spirituality Secondly it explores teaching and learning processes rooted in self discovery skill development and contemplative practices for peace Topics in various chapters include the Buddhist practice of tonglen an indigenous Hawaiian practice of Ho oponopono for forgiveness and conflict resolution pilgrimage and labyrinth walking for right action Twelve Step Programs for peace teaching from a religious spiritual perspective narrative inquiry Daoism and peace curriculum Gandhi deep ecology and multicultural peace education in teacher education peacemaking and spirituality in undergraduate courses and wisdom based learning in teacher education Peace education practices stemming from wisdom traditions can promote stillness as well as enliven awaken and urge reconciliation connection wisdom cultivation and transformation and change in both teachers and students in diverse educational contexts In various chapters of this book a critique of competition consumerism and materialism undergird the analysis More than just a critique some chapters provide both conceptual and practical clarity for deeper engagement in peaceful action and change in society Cultural awareness and understanding are fostered through a focus on the positive aspects of wisdom traditions rather than the negative aspects and historical complexities of violence and conflict as result of religious hegemony
