Education And Practice Upholding The Integrity Of Teaching And Learning:

Special Issue: Education and Practice Upholding the Integrity of Teaching and Learning Joseph Dunne, Pádraig Hogan, 2003 The Good Life of Teaching Chris Higgins, 2011-09-19 The Good Life of Teaching extends the recent revival of virtue ethics to professional ethics and the philosophy of teaching It connects long standing philosophical questions about work and human growth to questions about teacher motivation identity and development Makes a significant contribution to the philosophy of teaching and also offers new insights into virtue theory and professional ethics Offers fresh and detailed readings of major figures in ethics including Alasdair MacIntyre Charles Taylor and Bernard Williams and the practical philosophies of Hannah Arendt John Dewey and Hans Georg Gadamer Provides illustrations to assist the reader in visualizing major points and integrates sources such as film literature and teaching memoirs to exemplify arguments in an engaging and accessible way Presents a compelling vision of teaching as a reflective practice showing how this requires us to prepare teachers differently *Clinical Reasoning in the Health Professions E-Book* Joy Higgs, Gail M. Jensen, Stephen Loftus, Nicole Christensen, 2018-10-15 Clinical reasoning lies at the core of health care practice and education Clinical Reasoning in the Health Professions therefore occupies a central place in the education of health professionals the enhancement of professional decision making of individuals and groups of practitioners with their clients and research into optimal practice reasoning All chapters updated and 20 new chapters added Concrete examples cases and vignettes were added to bring discussions to life for the reader Reflection points strategically placed to assist readers to extend their insights and build learning from their own practical experiences and theoretical knowledge Devices of particular value to reflective practitioners and educators All chapters updated and 20 new chapters added Concrete examples cases and vignettes were added to bring discussions to life for the reader Reflection points strategically placed to assist readers to extend their insights and build learning from their own practical experiences and theoretical knowledge Devices of particular value to reflective practitioners and educators Education and Expertise Mark Addis, Christopher Winch, 2018-09-18 The relevance of expertise to professional education and practice is explored in this collection of original contributions from educationalists philosophers and psychologists Discusses the increasingly prominent debates about the nature of know how in mainstream analytical epistemology Illuminates what is involved in professional expertise and the implications of a sound understanding of professional expertise for professional education practice curriculum design and assessment All contributions are philosophically grounded and reflect interdisciplinary advances in understanding expertise *Educational Explanations* Christopher Winch, 2022-02-11 EDUCATIONAL EXPLANATIONS Educational Explanations is a comprehensive study of the main philosophical questions that confront empirical educational researchers The book outlines the sense in which empirical educational research pursues truth and sets out and defends an account of its task as the offering of explanations for the many educational problems that claim our attention The book goes on to look at the criteria for high quality research the

relationship between different methodological approaches and the scope and limits of intervention studies At all stages detailed examples are presented to make the argument clearer A distinctive feature of the book is the presentation of four detailed case studies over four chapters of influential educational research programmes that not only examine what they have achieved but emphasise the conceptual issues that researchers are confronted with as they seek to provide explanations The book goes on to examine the impact of empirical educational research on educational practice and on the practice of teachers in particular
