Educational Development Through Information And Communications Technology:

Educational Development Through Information and Communications Technology Rakesh Bhanot, Stephen Fallows, 2003-12-16 Published in the Staff and Educational Development Series and bringing together contributions from a range of higher educational settings in the UK and Internationally this book explores the practical use that can be made of IT by educators

Educational Development Through Information and Communications Technology Rakesh Bhanot, Stephen Fallows, 2003-12-16 Information and Communications Technology ICT has proved to be one of the key drivers of change in education In higher education particularly ICT is enabling educators educational developers and institutions to reach out to learners using innovative approaches based on the flexibility accessibility and diversity that it offers This book is based on the experiences of expert educational developers from the UK United States Canada South Africa and Malaysia It considers the ways in which ICT can be used to enhance learning both on and off campus and how educators and institutions have tackled the issues associated with the adoption of new approaches and technologies However as the development of new technology is relentless the book recognizes that ICT is not a panacea in itself good teaching remains crucial to good education With this in mind the contributors address issues beyond technology looking at the importance of teaching and at the skills of teachers themselves if ICT is to be truly successful Coverage is grouped into four key themes strategic issues for ICT initiatives introducing ICT into the classroom using ICT in practice using ICT in learning and educational support International in scope and written by educators and educational developers rather than by technologists this book is intended to be accessible to anyone with a critical interest in improving education through the use of ICT It will be of particular interest to staff and educational developers ICT coordinators course leaders and course developers

A Guide to Staff & Educational Development David Baume, Peter Kahn, 2003-12-16 Written to meet the demand for additional support of staff development programmes this practical handbook introduces the key issues surrounding this area covers various topics in detail and provides inspiration for those in the field

Advancing Technology and Educational Development through Blended Learning in Emerging Economies Ololube, Nwachukwu Prince, 2013-09-30 Blended learning continues to emerge as a more proactive and high quality method of teaching and learning Yet as the academic landscape shifts towards technology based efforts the lack of economic support in developing countries has hindered its educational growth Advancing Technology and Educational Development through Blended Learning in Emerging Economies provides an insight on blended learning approaches and its importance in the educational development of emerging economies This book is a vital resource for researchers academics professionals and students involved in the management and organizational development of technology use in educational settings

ICT for Education, Development, and Social Justice Charalambos Vrasidas, Michalinos Zembylas, Gene V Glass, 2009-03-01 This volume provides examples of current developments on the role of ICT for education development and social justice within an international context Chapters draw on advanced contemporary

thinking from scholars and practitioners in the field to present case studies of how ICT can be used to promote sustainable development and social justice Social justice is understood in a wide sense as the pursuit of democracy justice and development in the struggle against any form of oppression it is within this context that ICT is explored as a tool for social change The objectives of this book are To analyze the philosophical historical political and cultural backgrounds and contexts that are constitutive of contemporary challenges and tensions in the role of ICT for education development and social justice around the world To appreciate the contextual and international dimensions of the tensions and challenges faced by educators around the world and contribute to ongoing efforts to sketch a vision for addressing their needs To explore ways in which ICT in education can promote social justice and contribute toward sustaining communities around the world

Information Communication Technology (ICT) Integration to Educational Curricula Cosmas Uchenna

Nwokeafor,2015-02-24 Information Communication Technology ICT Integration to Educational Curricula serves as a standard textbook in graduate and senior level undergraduate classes in colleges and universities to contribute to the existing mass communication and ICT literature The textbook offers a multi discipline perspective to students of mass communication and information technology and avails them an opportunity to have a valid research tool with great details to pursue their research and class assignments It provides an essential platform for appropriate literature in mass communication political communication and ICT details with relevance to its integration in Africa educational curricula The book can also serve as a supplemental text for courses in mass media effects politics and political communications It includes contributions by scholars and professionals of African extraction with varied research interests on diverse issues relevant to ICT and its significant impact to curricula development and application to Africa as the new African educational system The chapters cover a wide array of mass communication diffusion of innovation and ICT issues of diverse importance that will guide students government agencies and professionals in following the imminent and evolving changes resulting from the integration of technology to educational curricula **Handbook of Research on Information Communication**
