Uniquely he may be considered the spiritual father of both the modern New Age movement and contemporary holistic medicine. His influence has extended to millions of people. This book takes a critical look at the life readings and health spiritual impact of Edgar Cayce. It illustrates the timely warning of the old adage that the road to hell may be paved with perfectly good intentions and how benevolent concepts such as improved health and spirituality may indeed become the devil's playground. Ironically this is the very thing Cayce himself had worried about in reference to the Readings.
