assumptions By drawing upon insights from feminist theory deconstruction and revisions of new historicism and by restoring aspects of formalist analysis Kathleen Wheeler traces the details of these various dialogues with the literary tradition etched into structural stylistic and thematic elements of the novels and short stories discussed These seven writers are not only discussed in detail they are also related to a literary tradition of dozens of other women writers of the twentieth century as Jean Rhys Katherine Mansfield Stevie Smith and Jane Bowles are shown to take the developments of the earlier three writers into full modernism     **Research in Education** ,1974
