*Reaching the Summit of Mount Everest* Charles River Charles River Editors,2018-01-19 Includes pictures Covers the attempts to climb Everest from the 19th century to today Includes accounts written by George Mallory Edmund Hillary and more Includes a bibliography for further reading Because it s there George Mallory s alleged response to the question of why he wanted to scale Mount Everest While on top of Everest I looked across the valley towards the great peak Makalu and mentally worked out a route about how it could be climbed It showed me that even though I was standing on top of the world it wasn t the end of everything I was still looking beyond to other interesting challenges Sir Edmund Hillary People have been climbing as long as they ve existed and for those who relish the challenge nothing can top Mount Everest the tallest mountain on the planet at over 29 000 feet As Sir Edmund Hillary put it It is not the mountain we conquer but ourselves Elaborating on that he also asserted I think I mainly climb mountains because I get a great deal of enjoyment out of it I never attempt to analyze these things too thoroughly but I think that all mountaineers do get a great deal of satisfaction out of overcoming some challenge which they think is very difficult for them or which perhaps may be a little dangerous I think that the fact that something has a spice of danger about it can often add to its attraction and to its fascination Of course the sheer size of the mountain and its location in Asia all but precluded Westerners from even making such attempts before India became a colonial possession of the British Once that was accomplished however scientists and explorers were able to report back in depth about the Himalayas and the biggest giant of them all From that point forward the race was on for those who aspired to climb Mount Everest and several of these men have gone down in history not just for their accomplishments but for their controversies One of the earliest and most famous mountaineers to begin climbing Everest was George Mallory who made several expeditions in the early 1920s in an attempt to reach the summit While there is still a lingering debate over whether he actually succeeded in 1924 the goal of being the first documented individual to reach the peak continued until Sir Edmund Hillary s ascent of Everest in 1953 Naturally even after that people have continued to take on one of the most extreme challenges the world has to offer In fact climbing Mount Everest has become enough of a business that even those with no climbing experience can pay to make an attempt to summit with experienced guides Given how treacherous the climb is this has been frequently criticized including by Hillary himself and as recently as April 2014 16 Sherpa guides were killed on the mountain by an avalanche but interest in Everest remains as high as ever *Reaching the Summit of Mount Everest The History of the Famous Expeditions Attempting to Climb the World s Tallest Mountain* describes the mountain and the early attempts to reach the top before Hillary s successful climb Along with pictures of important people places and events you will learn about the Essex like never before in no time at all
