Handbook of Research on Inequities in Online Education During Global Crises Kyei-Blankson, Lydia,Blankson, Joseph,Ntuli, Esther,2021-05-07 In response to the COVID 19 pandemic many educational institutions implemented social distancing interventions such as initiating closure developing plans for employees to work remotely and transitioning teaching and learning from face to face classrooms to online environments The abrupt switch to online teaching and learning for the most part has been a massive change for administration faculty and students at traditional brick and mortar universities and colleges as concerns regarding the pedagogical soundness of this mode of delivery remain among some stakeholders Not only that but the switch has also revealed the inequities in the system when it comes to the types of students universities serve It is important as institutions move forward with online instruction that consideration be made about all students and what policies and strategies need to be put into place to help support and meet the needs of all constituents now or when unprecedented situations arise The only way this can be done is by documenting the experiences through the eyes of faculty who were at the frontline of providing instruction and advising services to students The Handbook of Research on Inequities in Online Education During Global Crises brings to light the struggles faculty and students faced as they were required to switch to online education during the global COVID 19 health crisis This crisis has revealed inequities in the educational system as well as the specific effects of inequities when it comes to learning online and the chapters in this book provide information to help institutions be better prepared for online education or remote learning in the future While highlighting topics such as new educational trends remote instruction diversity in education and teaching and learning in a pandemic this book is ideal for in service and preservice teachers administrators teacher educators practitioners stakeholders researchers academicians and students interested in the inequalities within the educational systems and the new policies and strategies put in place with online education to combat these issues and support the needs of all diverse student populations Anatomy of Injustice Raymond Bonner,2013-01-08 From Pulitzer Prize winner Raymond Bonner the gripping story of a grievously mishandled murder case that put a twenty three year old man on death row In January 1982 an elderly white widow was found brutally murdered in the small town of Greenwood South Carolina Police immediately arrested Edward Lee Elmore a semiliterate mentally retarded black man with no previous felony record His only connection to the victim was having cleaned her gutters and

windows but barely ninety days after the victim's body was found he was tried, convicted and sentenced to death. Elmore had been on death row for eleven years when a young attorney named Diana Holt first learned of his case. With the exemplary moral commitment and tenacious investigation that have distinguished his reporting career, Bonner follows Holt's battle to save Elmore's life and shows us how his case is a textbook example of what can go wrong in the American justice system. Moving, enraging, suspenseful and enlightening, *Anatomy of Injustice* is a vital contribution to our nation's ongoing, increasingly important debate about inequality and the death penalty.

[The Essential Mystery Lists](#) Roger M. Sobin, 2011-09-30
 For the first time in one place, Roger M. Sobin has compiled a list of nominees and award winners of virtually every mystery award ever presented. He has also included many of the best of lists by more than fifty of the most important contributors to the genre. Mr. Sobin spent more than two decades gathering the data and lists in this volume; much of that time he used to recheck the accuracy of the material he had collected. Several of the best of lists appear here for the first time in book form. Several others have been unavailable for a number of years. Of special note are Anthony Boucher's Best Picks for the Year, Boucher, one of the major mystery reviewers of all time, reviewed for *The San Francisco Chronicle*, *Ellery Queen Mystery Magazine* and *The New York Times*. From these resources, Mr. Sobin created Boucher's Best and Important Lists to Consider, lists that provide insight into important writing in the field from 1942 through Boucher's death in 1968. This is a great resource for all mystery readers and collectors. Winner of the 2008 Macavity Awards for Best Mystery Nonfiction.

Mystery Women, Volume Three (Revised) Colleen Barnett, 2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of Mystery Women as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008
