Education Carolyn M. Callahan, Holly L. Hertberg-Davis, 2013 The field of gifted education is characterized by a confusing array of perspectives concerning such fundamental issues as definition philosophy curriculum social and emotional development and underserved populations The mission of this book is to provide a coherent framework that instructors and

service providers can use in planning effective programs providing appropriate counseling services and evaluating programs for the gifted Most sections are organized around fundamental issues confronting the field and follow a common structure an introductory chapter that provides historical and theoretical background and organizing questions followed by several point of view chapters written by experts that provide varied perspectives on the topic at hand Distinguishing Features Comprehensive Coverage The book s forty five manageable length chapters cover the full range of topics that must be considered in planning programs and services for gifted students both within and outside of school Coherent Structure Section introductions provide background information and organizing questions to guide chapter authors who provide varying views of the issue at hand The emphasis is not on the right way or the wrong way except when clearly documented bad practice is discussed but on how best practice stems from well informed and logical decision making Decision Making Focus The book s introductory chapter addresses the need for a clearly developed and consistently applied set of values to guide decision making Likewise each section introduction includes a decision making framework regarding some aspect of educating counseling or parenting gifted students This book is appropriate for introductory level courses in gifted education or courses in program development and planning It is also suitable for school personnel responsible for making program planning decisions in the area of gifted education and for academic libraries with holdings in this area

Handbook of Psychology: Educational psychology Irving B. Weiner, Donald K. Freedheim, 2003 Includes established theories and cutting edge developments Presents the work of an international group of experts Presents the nature origin implications and future course of major unresolved issues in the area

A Nation Empowered, Volume 2 Susan G. Assouline, Nicholas Colangelo, Joyce VanTassel-Baska, Ann Lupkowski-Shoplik, 2015-10-05 This new report A Nation Empowered Evidence Trumps the Excuses Holding Back America s Brightest Students builds on the momentum of the 2004 report A Nation Deceived How Schools Hold Back America s Brightest Students A Nation Deceived initiated a critical dialogue about academic acceleration an under used intervention A Nation Deceived exposed to the nation the inconsistencies between research and practice and brought acceleration to prominence in the field Volume 1 and 2 of A Nation Empowered Evidence Trumps the Excuses Holding Back America s Brightest Students equips students families and educators with facts to refute biased excuses A Nation Empowered shifts the impetus from conversation to action Empowerment galvanizes determination with evidence Volume 1 portrays the determination of students educators and parents to strive for excellence Volume 2 reveals the evidence that trumps the excuses that hold bright students back
