Empowering Underrepresented Gifted Students Joy Lawson Davis, Deb Douglas, 2021-09-23 Help underserved high

potential students claim their right to an education that addresses their unique needs In gifted education an important and contentious issue that has yet to be sufficiently addressed is the systemic underrepresentation of gifted students who have been discriminated against in school based gifted and advanced learner programs because of their race ethnicity gender identity sexual orientation socioeconomic status or other realities Empowering Underrepresented Gifted Students gives a voice to those students and brings their stories into focus With chapters written by student and expert scholars who specialize in addressing the structural inequity and educational inequality in gifted and advanced learner programs Empowering Underrepresented Gifted Students recommends practices and strategies for helping underserved high potential students claim their right to an education that addresses their unique needs Each chapter has key takeaways and discussion questions providing a built in book study guide to prepare educators to engage students in conversation and to help develop their self advocacy skills Coeditors Dr Joy Lawson Davis and Deb Douglas have brought together the voices of experts and students to help educators move closer to ensuring equity access and excellence in gifted education By arming historically marginalized gifted students with self advocacy strategies these remarkable students will be better enabled to fulfill their dreams

Parent and Teacher Perspectives of Gifted Education Programs in the Public School Todd D. Ream, 2020 This qualitative study examined the perceptions of parents and teachers regarding the effectiveness of gifted programs in addressing the academic and social emotional needs of gifted students Utilizing online surveys perceptual data was collected from parents and teachers of gifted students in a suburban school district in southeast Pennsylvania Interviews were conducted with parents and teachers to obtain personal views and perspectives concerning the effectiveness of gifted programs and services The study concluded that parents favor advanced placement courses grade level acceleration and small group pull out services Parents expressed confidence in programs intended to support their children s social emotional development but noted that academic programs appeared to be valued over social emotional services Parents recommended increasing the priority of social emotional aspects of the gifted program They suggested a disproportionate number of programs exist to aid students with learning disabilities versus those intended for gifted students Parents recommended improving equity within student support service options Parents also expressed satisfaction with pull out style enrichment and acceleration but proposed longer and more frequent interactions between gifted students and gifted support staff Teachers expressed positive perceptions of the effectiveness of gifted academic programs They reported high levels of instructional self efficacy but a perceived lack of school policy guiding enrichment and acceleration strategies Teachers further indicated positive perceptions of current social emotional programing but a limited number of training opportunities designed to support them with gifted education Participants recommended more gifted training opportunities and an increase in staffing to improve the overall effectiveness of gifted programs

Excellence and Equality David M. Fetterman, 1988-07-08 Fetterman focuses on what actually works in gifted and talented education programs Complementing

the psychological perspective on gifted and talented education he adopts an anthropological point of view using methods such as lengthy interviews with students teachers parents administrators and others involved in the school programs daily observation and group discussions to elicit the insider s perspective A ground breaking work Fetterman s timely study provides a comparative picture of over 433 gifted and talented programs in the United States as well as programs in other countries The author s cross cultural perspective points up the need for U S educators to shake themselves out of a national complacency about the gifted and talented and stresses the importance of comparing our own efforts with those of other nations In the process Fetterman proposes a model for educational excellence in terms of the mainstream U S educational system The book will provide new insights for educators and policymakers working in our educational system as they strive to meet the needs of gifted and talented students
